CHINA IS STILL HOLDING OUT.

Russian Demands in Manchuria Have Not Yet Been Granted.

TOKIO, June 12.—The Mainichi publishes a dispatch giving the alleged history of the Manchurian secret treaty on the authority of a minister who said that China had refused to comply with the Russian demands, and that Pianchou, acting Russian minister, had wired to Europe that China had accepted. After the powers had refused, China sent another minister, whose government paid no attention. The Russians have not withdrawn their demands, which presumably are still lying on the table of the Chinese Foreign Minister.

The Minister states that the secret treaty will probably be signed privately, and it is imperative that Japan should protest and assist China in resisting the Russian demands.

The Asahi's Tien-Tsin correspondent, under date of May 21, says Russia has assembled 300 troops at Liao-yang, with a view to carrying out military operations on a large scale in that quarter in a few days.

The Korean government on May 22 instructed the Governor of Wiju to arrest Koreans who have sold their lands in houses either to Russians or Chinese, and warned him that he will be held responsible for the execution of this order.

Press reports of the proceedings of the Diet now sitting show that the Government has encountered some difficulty in supplying the recent demands for information of a considerable section of the members in regard to Russian action in Manchuria. The main question of Russian demands is awaiting the arrival of M. Lesar, Russian Minister to Peking, from St. Petersburg.

The Chinese riots in Kwangsi Province have developed in violence, and it is unofficially reported that the French Consul at Tonkin has been ordered to leave the Pekin government that unites the insurgents has suppressed French troops will be sent across the frontier to quell the disturbance.

Japan Criticizes British Policy.

VICTORIA, B. C., June 12.—Mail advice received from Japan state that some Japanese publicists are questioning whether Great Britain appreciates the gravity of the Manchurian situation, and the criticism of the acceptance of Russian assurances. The North China Daily News in this regard says:

"How can Japan help seeing that every day's delay is being used by Russia to pile up preparations for eventual war and to consolidate her hold on Manchuria."

The Pekin and Tien Tsin Times correspondent at Niu Chwang says Russian troops still patrol the streets there, police the river, issue proclamations, control native customs, banks and foreign duties. Caravans of coal are constantly arriving and disquieting rumors abound. To all queries the Russians answer that they will leave "when St. Petersburg orders."

The Russian troops are kept at the point dominating the Yalu in the guise of protectors of the rights of Russian timber concessionaires.

JAPANESE CRUISER IS ASHORE.

Snowstorm Causes the Accident and Death of Nineteen Sailors.

TOKIO, June 12.—The Japanese cruiser Sokio, 810 tons, which was one of the first warships captured from China during the war of 1894, ran ashore May 22, during a snow storm off Shikotan, Nemuro Province. The vessel does not appear to be much damaged, but is exposed to the storms. Nineteen sailors have been drowned or frozen to death. The survivors have sheltered in temporary huts ashore. The cruiser Katsuragi and a salvage steamer with coals has been sent to the scene to render assistance.

The Japanese Government has sent a wireless telegraph project placed before it by a Japanese syndicate, which aims to establish communication between Japanese points and British Columbia, Honolulu, China, Formosa and the Philippines.

The warship which Corea had intended to buy from a Japanese company has not been handed over, as the Korean government has not paid for her. The Minister of War, who made the deal, has resigned pleading illness to escape the dilemma arising out of the deal.

CONSUL NEARLY ASSASSINATED.

Italian Sailor Fires Upon His Country's Representative at Havana.

HAVANA, June 12.—While the Italian Consul here, Viaggio Tornelli, was seated in his office yesterday afternoon, a young Italian sailor entered and inquired whether he was the Consul. On receiving an affirmative reply, he whipped out a revolver and fired. The bullet grazed the Consul's head. The sailor was overpowered and arrested. He gave the name of Pietro Alliny.

TURKS SLAY AMERICAN.

Russian Authorities Are Expected to Punish Murderers.

WASHINGTON, June 12.—United States Consul Hespan, at Odessa, Russia, reports by cable to the State Department that Quarekin B. Chitjian, an American citizen, was killed today in that city by a number of Turks, who have been captured. Chitjian was born in Turkey, but came to the United States when a child. He lived at Worcester, Mass.,

where he was naturalized and ordained as a clergyman, returning to Europe last September. It is assumed here that the Russian authorities at Odessa will mete out justice for the killing.

HOLDS CLUB OVER REICHTAG.

Germany Will Dissolve It If Defeat of Commercial Treaties Is Certain.

BERLIN, June 12.—It is semi-officially stated by the Hamburg correspondent that the government will not hesitate for a moment to dissolve the Reichstag if it is found that the Socialists and Agrarians together command sufficient votes to defeat the ratification of the commercial treaties. These widely separated parties will act together in the commercial treaty opposition, the Socialists because they consider the duties to be too high and the Agrarians because they believe them to be too low.

Meat Death in Fire at Distillery.

GLASGOW, June 12.—Three men, three boys and a woman were killed and a number of persons were injured last night as the result of a fire at a whisky distillery. Thousands of casks of spirits exploded, blowing down a wall of an adjoining flour mill. The victims were buried beneath the debris.

Urges Zanardelli to Form Cabinet.

PARIS, June 12.—A telegram from Rome to the Temps says the Deputies closely allied to Signor Zanardelli are urging him, in case King Victor Emmanuel requests him to form a new cabinet, not to decline the task. Personally Signor Zanardelli is greatly gratified by official care, and wishes to retire.

Nobles of Al Kader Temple Escort a Large Caravan.

The semi-annual ceremonial and banquet of Al Kader Temple, Nobles of the Mystic Shrine, was held last night at the Masonic temple. The program was over and notes for good fellowship, but the affair last night was certainly one of the best held here or anywhere.

There were present not only distinguished Macons of the Scottish and York rites throughout the State of Oregon, but also New York, Pennsylvania, California, Washington and other states were represented. George H. Hill, potentate, assisted by the officers and other members of the Shrine, had everything in the best shape, while Henry Rowe and W. A. Cleland, in charge of the banquet feature of last night's affair, had done their work nobly. The Shriners showed their appreciation of the excellent and successful efforts of these gentlemen when in the due course of events they had a chance to express themselves. The decorations, too, in all Oriental splendor, were elegantly done. In fact the whole affair was all that human effort could accomplish; nothing was overlooked that would in any way add to the comforts or enjoyment of the Mystic Shriners. As to the newly initiated candidates, they, like all who have gone before them, will never forget the great treat prepared for them by Al Kader Temple. It is needless to say that all of these candidates have cheerfully submitted to the ordeal; only one without relief in the old observation—it is good for brethren to dwell in unity.

The following is a complete list of the candidates who joined last night's caravan of Al Kader Temple across the Oregon sands: Harry R. Albee, A. B. Andrews, A. H. Averill, W. J. Blake, of Ionia; A. G. Backlund, J. H. Burgess, G. T. Brunk, of Salem; C. F. Beltz, of Dallas; H. A. Belding, W. R. Babb, G. W. Brown, George L. Baker, T. P. Bodinson, of Baker City; E. D. Curtis, Seymour Chipman, of Corvallis; O. S. Cutler, of Union; Virgil Conroy, of Paisley; Charles Feldensheim, J. J. Finn, of McCoy; Aaron Fox, of Troutdale; P. D. Gilbert, of Albany; Charles H. Heller, A. J. Harris, E. A. Holmes, of Wallawa; C. O. Hill, Lewis Holmer, T. J. Kirk, of Athena; Daniel L. Killen, of Sumpter; Herbert Lockhart, of Marshfield; Curtis T. Levens, C. H. Merriam, of Marshfield; S. D. Magnus, of Marshfield; J. W. Morrow, W. H. Matlock, of Pendleton; James Muokle, E. O. Maitland, Phil New, C. C. Newcastle, Paul W. O'Connell, of Ashland; D. L. Ferry, Charles O. Portwood, of Condon; D. L. Povey, Ernest P. Rand, of Oregon City; M. F. Rapp, Frank Robertson, W. L. Robb, of Astoria; N. C. Richards, of Sumpter; A. J. Richardson, of Eugene; H. A. Sidney Smith, S. S. Spencer, of Eugene; D. S. Swell, Wilson D. Smith, William Tiffany, B. Van Duzen, of Astoria; E. A. Vaughn, of Pendleton; Frank W. Valle, Ralph R. Wolf, and Daniel R. Wolf.

It is unnecessary to say that the candidates got all they expected if, indeed, not much more. At least some of them admitted that the affair was an unexpected revelation to them. After the banquet speeches were made by Potentate George H. Hill, Past Potentate I. W. Pratt, B. Van Duzen, in behalf of the newly initiated Shriners, and others.

MOORE'S SPEECH IS ACRID

HIS FEUD WITH ANKENY GROWS IN INTENSITY.

With Delphic Utterances He Breaks the Dignified Silence He Has Long Maintained.

WALLA WALLA, Wash., June 12.—(Special.)—The first open attack yet made in the now bitter Miles C. Moore-Ankeny feud, which is increasing in intensity day by day, came today, when the Ankeny people accused ex-Governor Moore of interfering in city politics and with having worked against the election of Senator Levi Ankeny after pretending to be his friend. In return, Governor Moore, who has always preserved a dignified silence to this time, replied in the following interview:

"If any one desires to know what I think of the qualifications for a United States Senator and the methods recently employed to secure an election to that exalted position from this state, I might be induced to give them to the public."

"Upon pressure I might also say what I think are the qualifications and duties of a Mayor."

"I do not maintain a newspaper to abuse my neighbors."

The shaft in the "Mayor" hit is aimed at Gilbert Hunt, a leading Ankeny supporter and rated as a candidate for gubernatorial honors next year.

RUNAWAY LOGGING TRAIN KILLS.

Steam From Another Engine Hid Approach From a Party.

TACOMA, June 12.—A remarkable and fatal accident occurred on the Tacoma and Eastern Railway at Kapowsan this evening. While a number of persons were standing on the main line a runaway train loaded with immense logs crashed into them, instantly killing Harry D. Voorhees of Tacoma, but formerly of Detroit, Mich., and possibly fatally injuring George F. Bulen, local manager of the Griffin Car Wheel Company.

Mrs. C. H. Forner was also seriously injured that she died within 30 minutes.

The party was observing the work of a construction crew and the escaping steam of the engine prevented them from hearing the runaway train.

While the managers and their fighters were discussing the referee question last night in the Butte Hotel lobby, Herrera struck at Broad. JURY AFRAID TO CONVICT

KENTUCKY FUGITIVES CONFIDENT OF THEIR ACQUITTAL.

State Is Unable to Locate a Very Important Witness, and Closes Its Case.

JACKSON, Ky., June 12.—The prosecution in the case of Curtis Jett and Thomas White, charged with the assassination of J. B. Marcus, rested early today, and the defense secured a continuance until Monday on account of the absence of witnesses. As the state occupied only a little more than two days in presenting its testimony, it is believed the case will go to the jury next Wednesday.

The prosecution was compelled to close without the attendance of Henry Freeman, a witness whose testimony was wanted to prove a conspiracy involving others than the defendants at the bar. It is considered that some of the witnesses have fled, and others are in hiding. It is said they are afraid to testify, and there is a general impression that jurors also are apprehensive of the future. The current opinion is that there is not likely to be a conviction in the case. The friends of the prisoners seem hopeful of acquittal.

When the case was resumed today Commonwealth's Attorney Byrd stated that Lieutenant Cannard and Deputy Whitaker, who were sent by the commonwealth to secure Freeman, reported that Goodie Combs, who went along on the orders of Judge Redwine, to the surprise of the soldiers, when within 100 yards of Freeman's house, ran ahead and fired two shots. He alleged that he saw something on the ground. When the soldiers arrived at Freeman's house he was not there. Evidence that he had run away when he heard the shots was shown by some garments left behind and the imprint of his feet on the earth was fresh. His wife admitted that he had been there and she was held, but Judge Redwine refused to have her as a witness.

Attorney O'Neil, for the defense, moved for peremptory instructions dismissing the defendants, but the motion was overruled. White here made the arguments with tears in his eyes. He was extremely nervous when they closed.

Muchfield walked in upon them suddenly and immediately set upon his wife with an umbrella. The son interfered and was knocked down. Although several ribs were broken and he was in great pain, the lad procured a pistol and his father rushed at him the second time he fired. The wounded man was taken to a hospital and the son surrendered to the police.
