WEDDINGS.

THE SUPREME POINT

About our steel ranges is their reliability—always to be depended upon for anything and everything that a perfect range should do. It will bake perfectly with the least fuel that it is possible to do baking with-equally satisfactory with a slow fire or with a hot, quick one. It is a solace to the good cook and an inspiration to the inexperienced one.

MANY SIZES MANY STYLES

To meet the requirements of all. The many sizes make many differ-ent prices to fit the purse of all.

\$27.50 For the 4-hole complete, with top warming closet. \$32.50 For the 6-hole complete, with top warming closet.

Points of Superiority

Planished eteel body, requires no blacking; duplex grate, for either wood or coal; double walls of steel, with thick asbestos lining between, closely hand-riveted with steeple-head rivets, cold driven; absolutely tight joints everywhere; steel radiates quickly; the double walls, asbestos lined, concentrate the heat just where it is needed for quick and effective

Oven top protected by asbestos prevents danger of burning on top; top plates interchangeable, making them practically everlasting; large tuel door and deep ash pit.

A Guarantee Bond

With each range, good for 15 years. And this bond plainly states that it guarantees the range not to crack by fire for 15 years, and to be a perfect baker. Nothing evasive about this bond, no giltrering generalities; it is explicit and emphatic, and it is signed by both the manufacturers and by us.
