## HAYWOOD CLUB DECIDES.

### Push Club at University Park Accepts Bid of Eilers Piano House.

The committee appointed by the Haywood Club for the purchase of a piano for the new auditorium at University Park yesterday decided upon a fine Chickering grand, which is to be supplied by Eilers Piano House, and it will be installed in time for the presentation of George F. Root's operatic cantata, "The Haymakers," with the production of which the new auditorium will be opened on the evenings of June 30 and July 1.

From far away Pocatello, Idaho, where the Auditorium and also the Academy has just purchased fine Chickering and Kimball pianos from Eilers Piano House, and away to the north from Spokane, where Brunot Hall has just been supplied by them with a fine piano, the trade of Eilers Piano House extends through every section of the great Pacific West. The sale of hundreds of fine pianos by them of late to the many public institutions where the selection of instruments is usually left to thoroughly competent and most exacting committees is a most unequivocal indorsement of the superiority of the instruments carried by Eilers Piano House and the ability of the house to furnish instruments for less money than can any other dealer or agency.
