

\$1 to \$2 Kid Gloves 48c

These gloves are what is known to the trade as "Menders' Gloves"—that means gloves which, having failed to pass muster on account of slight imperfections, which afterward were "mended"—hence the name "Menders' Gloves." They are to all intents and purposes as good as the regular lines from which they were excluded, wear and fit satisfactory in every way. We have an even hundred dozen—colors and black. On account of the very low price, we can do no fitting nor exchanging. Remember that none are worth less than \$1.00, and from that up to \$2.00.

**Swagger Garments for Women**

THIS STORE should, by all means, be the base of supplies for the procuring of "Ready-to-Wearables" for women. Firstly, because of the beauty and stylishness of the garments themselves; secondly, on account of their intrinsic quality; thirdly, on account of the very low prices always prevailing. Reasons enough, we think, why you should turn your steps here. A few bargain hints are told of—lots more in store awaiting your coming.

\$1.50 Walking Skirts, \$1

Made of heavy and very firm dark Oxford, gray melton cloth; full ripple flare, strap seams, finished with eight rows of stitching at bottom; inverted pleat. We've only one hundred (all we could get) of these, so we advise coming early if you want to share in this bargain.

\$5 Walking Skirts, \$3.68

There isn't a store in this broad country of ours which would sell you skirts like this for less than \$5.00. Our system of close buying enables us to sell them for \$3.68. Made of chevots, snowflaked mixtures, novelties, meltons, canvas cloths and other new fabrics. All cut along latest lines. Colors and black.

\$6.50 Walking Skirts, \$4.98

Almost like finding money—chances to buy skirts like these for \$4.98. Several hundred in the lot, in over 30 distinct styles and colorings. Made of the very latest Fall fabrics—zibelines, mohair, chevots, meltons, novelty weaves, etc.; all cut along the latest-style ideas. Any whim as to elaborateness or plainness of trimming can be gratified. Some show lots of strapping and button trimming, others are severely plain, depending for effect on the richness of the cloth.
