A CHARMING YOUNG PIANIST AND A COSTLY PIANO.

Miss Mamie Helen Flynn, the talented young musician, a native Oregonian, and who has won a host of friends and admirers throughout

the state, has come to Portland to stay.

The prestige enjoyed by Miss Flynn is well deserved, being as she is a conscientious, industrious and a most talented musician. She is a graduate of the Denver Conservatory of Music, where she won numerous laurels and much commendation from musicians throughout her student years. Previous to her coming to Portland. Miss Flynn made her home at The Dalles, where her recitals have been one of the most important events of the cultured little city. The one given by her there for the benefit of the Heppner sufferers was an exceptionally brilliant musical as well as social occasion, besides adding a very comfortable sum to the re-

Miss Flynn's abilities, however, have outgrown her former home, and she accordingly seeks a wider field in Portland. The studio which has been opened here by her is equipped with an exceedingly choice grand plane, one of the famous old Chickering make. Out of the immense stock of elegant instruments at Ellers Piano House, where this one was secured, a more fortunate selection could not have been made. The wealth of tone and volume possessed by Chickering planos, as well as an exceedingly delicate and responsive touch, have made the Chickering the artists' favorite ever since the days of the immortal Liszt.
