Annual Inspection Held at the Armory.

MAYOR PRAISES THE FORCE

Freedom From Grafting and Fine Discipline Meet Mr. Williams' Approval-Activity in Politics is Forbidden.

Portland's guardians of the peace did themselves proud at the inspection of the police force at the Armory by Mayor Williams yesterday afternoon. The eight mounted patrolmen demonstrated their ability us equestrians outside the Armory, on Tenth street, while the regular patrolmen went through their military maneovers in the big drillroom Mayor Williams spoke words of praise to the force after the inspection that were most pleasing to the ear of Chief of Police Hunt and Captain Moore, who has had the training of the force in hand, and C. P. Beebe, who was present, also expressed himself at well pleased with the military accomplishments of the local sleuths. accomplishments of the local sleuths.

accomplishments of the local sleuths.

The inspection was ordered for 1:30, but long before that time Chief of Police Hunt, and Sig Sichel and C. F. Beebe, of the police committee, were at the Armory. While Captain Moore was drilling the patrolmen in the drillroom, Chief Hunt and the police committee were reviewing and giving final instructions to the mounted officers on Tenth street, outside the Armory.

Mayor Williams, accompanied by City Auditor Thomas C. Devlin, arrived at the Armory at 2 o'clock and immediately re-viewed the mounted police. The eight horsemen lined up for attention and gave a creditable display of their horseman-ship, riding in twos, fours and single file at the pleasure of the inspecting com-

The judgment of men is guided largely by appearances. "One word about politics. Every policeman has a right to vote as he pleases. His position does not depend on his politics, but as I understand it an officer has no right to use his official position to further political ideas of others.

"When I came into office all I could bear about the police force was grafting, grafting, grafting, grafting, Since Chief Hunt took charge of the department none of this has occurred. No respectable person has been to see me to state a sus-

Hunt Club Race for Downing Cup Will Be Exciting.

MORENGO'S CHANCE IS GOOD

E. M. Lazarus on His New Mount, and E. T. Chase on Oregon Kid, Are the Most Formidable Entries.

Who is going to win the Mrs. F. O. Downing cup Monday afternoon? This is the question that the members of the Portland Hunt Club are asking themselves, and it is a question to which every one of them would give a great deal to know the correct answer. There are many good korses entered for the event and just as many clever riders. Every member wants to win

event will journey to Irvington track, where the winners will finish.

Although many horses are entered for the honor of capturing the trophy, the wise ones concede that the race will be between E. M. Lazarus' Morengo and E. T. Chase and his mount, Oregon Kid. In this race, however, like any event of this sort, there are plenty of chances for upsets, and after all, the cup may be won by the slowest horse, whose rider has saved his mount every foot of the long, hard route. Morengo, big and strong as he is, carrying Mr. big and strong as he is, carrying Mr. Lazarus, with luck at the blinds and over the jumps, should be one, two. While it is true that he has not been tried over a paper-chass route, and in a measure is a green jumper. If he is anywhere near the leaders when they strike the Irvington track, he ought to outrun the Oregon Kid, who, though a outrun the Oregon Kid, who, though a game youngster and thoroughly at home in this sort of racing, will be very tired. President Downing is going to ride his favorite mare, Baby. She is not a winged Pegasua, but when it comes to standing a bruising ride, she can stand it and have something left at the finish. There are other horses also that will give the winner a race before the finish is reached. So far as is known, only two women

a race before the finish is reached.
So far as is known, only two women
will ride through. They are Mrs. F.
G. Buffum, who will ride Tiliamook,
and Mrs. J. V. Rounsefell, who will ride
Dennis. Mrs. Buffum is one of the
pluckiest riders in the club, willing to
accept a hazard with the most daring
and a rider sure to be a contender if
she has any sort of luck going over the
route. The same may be said of Mrs. The same may be said of Mrs. ounsefell. It was expected that a umber of ladies would ride through, to last night Mrs. Buffum and Mrs. Rounsefell were the only two send in their entries. There are several other ladies who may yet decide to try for the cup, who will not have made up their minds until the horses are lined up for the start.

There was some talk yesterday about a number of the riders losing all hope of winning the cup because they felt that it was as good as won by Morengo or Oregon Kid They look upon the event as a two-horse affair. Perhaps it will be, but the chances of an outsider landing first look very good. The sider landing first look very good. The start of the race will be from the Piedmont water-tower. The route selected for the chase by Mrs. Downing and Mr. Strain is not an easy one, and the rider and horse that negotiate it will need no reminder to recall the fact that they riders. Every member wants to win have been in a chane. WAR FUND GROWS APACE. Local Japanese Have Already Sub

scribed More Than \$10,000.

The Japanese mass meeting held in the Japanese Hall, First and Couch streets, last night, was one of the largest and most enthusiastic meetings held in this city since the beginning of the Japanese-Russian War. Among the prominent lo-cal subjects of the Mikado who delivered addresses were. Shigehide Tokiyeda, K. Ohams, H. Kumamoto and K. Ohkubo, The addresses delivered were mostly patriotic and roused the enthusiasm of the Japs, whose applause at times drowned the voices of the speakers.

The fund being raised for the relief of the injured soldiers of Japan aggregated 10,000 last night, and S. Ban, the Jap-anese contractor in charge of the sub-scription fund, stated that he believed that the fund would soon amount to the contractor. \$15,000.
