Judge Called in Smoot Case Considers Interference in Worldly Affairs a Worse Feature Than Polygamy.

WASHINGTON, April 23.-When the investigation of the Smoot case opened to-day, Judge O. W. Powers was again called to the stand. He referred to a petition pre-pared by supporters of Moses Thatcher for Senator, addressed to the Senate of the United States, alleging that church influence had been used in the election and asking for an investigation. Another in-stance of church interference had been shown, he said, in the Mayoralty contest anown, he said, in the anayoraty contest at Provo, when Reed Smoot favored the candidacy of George Sutherland. The wit-ness said Smoot was held in disfavor with the church and charged with going to the liberal party.

Senator Overman asked if women wer elected to the Legislature in Utah. The witness answered in the affirmative, and said a woman was chairman of the ju-dicial committee of the House in the Leg-islature which elected Mr. Smoot as Sena-

"Did she vote for Smoot?" asked Senator Overman. "I understand she did."

Senator Dubois-Judge Powers, what do you regard the chief exhibition of church domination over political af-fairs that has come to your notice?"
"It occurred at the April, 1896, conference, when the political rule, that is, the manifesto against Mormons entering politics without consent of church authorities, was adopted. This rule was adopted without a dissenting vote, and at the same conference Moses Thatcher was dropped from the rolls as an apostle, and no explanation of

any character was made."
Senator McComas—How do the young men in the Mormon Church regard the practice of polygamy?

Young Mormons Oppose Practice.

"I think the young Mormon men and women, too, are opposed to the practice —strongly opposed although I confess cannot understand the power the church is able to exert over them. I selleve, however, that if the church authorities should attempt to re-establish polygamy, by revelation or other-wise, there would be trouble."

In regard to continuation of polygamous cohabitation, Judge Powers said that some look upon this condition with olerance, and others with open hostil-

Several Senators engaged in the discussion of the future of polygamy, and Judge Powers said he believed the practice could not last any more than

ould slavery. Continuing, he said:
"But I do not regard polygamy as the corst feature of the Mormon religion. What I object to most is its un-American domination by the hierarchy of the people of that belief—the belief in the right of the church authorities to rules, the belief that the head of the church is inspired, and interference of the church in political and commercial af-

"But, as I understand it, Judge Powers means that the Mormon church is a trust and ewns and controls great commercinstitutions," said Senator McComas,

Senator Bailey asked Senator Hopkins and Mr. Worthington if the Methodist Church in Chicago, and Trinity Church in New York, engaged in mercantile af-fairs, and both admitted that the business consisted mostly in owning property and receiving rents. Judge Powers continued in the line of making it clear the Mormon Church con-trolled business in Utah to a large degree, and it was protected by secrecy which was hard to get at.

Senator Overman remarked that there was no secrecy in Methodism and there-fore comparisons were unnecessary.

An adjournment was then taken until 2 o'clock. The cross-examination of Judge Powers began at the afternoon session. Questions by Mr. Vancott brought out statets from the witness that he believed the Mormon Church would eventually as sume a position similar to that of other churches. With honest, opright and lawabiding leaders, he thought the people would be honest and law-abiding. He deplored, however, that the people were Judge Powers admitted that Mr. Smoot
