

Advance Autumn Styles Women's Tailored Suits

Above we picture one of the latest models just received from our buyer now en route from New York. It is in the new and popular long-coated effect. A high novelty tailored, single-breasted, demi, or close-fitting long-coat costume with full skirt as shown. It has the new sleeves. We open these tomorrow in plain and fancy suitings, tweeds, serges, chevots and other appropriate tailoring fabrics, finished with contrasting material, stitching and buttons. The sketch does scant justice to the beautiful lines of the costume, which should be seen to be appreciated. Advance openings tomorrow.

Grand Opening Tomorrow of the Autumn and Winter Silks and Dress Goods for 1904-5! \$100,000 Worth of Rich, Superb New Fabrics Underpriced This Week Only! Annex, First Floor. BONNET ET CIE'S SILKS—Opening tomorrow—We've secured the local agency for these world-famous silks that have stood the crucial test of time, and hold today that the sceptre of superiority over all else in the silk world. We've made extraordinary prices on these celebrated silks—prices that allow you to own them from us at less than you might pay other houses for inferior, domestic makes. Among them are Black Taffetas, Peau de Cygnes, Messalines, Chiffon Taffetas, Louisines, Peau de Soies, etc. Exclusively sold in Oregon by Olds, Wortman & King. Description of such vast stocks of Dress Goods and Silks as we open here tomorrow would be impossible in a thousand-page magazine—much less the limited space allowed here. We stand back of the statement, however, that our stocks of new dress fabrics are larger and more comprehensive than those of any other three Portland stores. We have marked this enormous stock throughout at prices that place local competition logically out of the race, prices we honestly believe to be lower than placed on equal qualities by any retail house in America—prices that alone are rivalled by wholesale houses. Our stock is double the size ever carried before—our selling must be double, profits are cut, volume of business must make up our losses of profit. Bear in mind, these enormous stocks are at your mercy at the Clearance Sale—cut prices from tomorrow morning until closing time on the 31st of the month.
