The Art of Cronouncing a Modern War

Paul Cowles, Until Recently in Charge of Associated Press Oriental Service, Returns to America.

ALL more important than the winning of an odd battle or two, more portentous than the sinking of a battleship, and more ominous than all the red carnage of the Russo-Japanese war, is the question of what race will dominate Asia in the coming 20 years.

Before his arrival in St. Petersburg the news obtained from Russian sources was fragmentary and unreliable. The censorship was painfully rigorous.

Results Have Been Astonishing. "The result has been astonishing," said Mr. Cowles. "When we remember the reputation of Russia in the public mind for secrecy and evasion, the ample news reports which we are receiving from St. Petersburg are a revelation."

Shocks to Correspondents. "Nevertheless," continued Mr. Cowles, "they were bearing up under the blow, when they were further informed that the entire lot of them would be allowed to send only 50 words a day over the military wire."

Almost Perfect Secrecy. According to Mr. Cowles, however, but little news could be obtained at Tokyo, even if the censorship were not so strict.

Says There is No Disease He May Not Cure and Offers Free Services and Home Treatment to the Sick and Afflicted to Prove to All Mankind the Marvels of His Power. Distance Does Not Hinder Nor Doctors' Verdicts Discourage.

NEW YORK, Sept. 5.—(Special Correspondence.)—By his mysterious control over disease and death Dr. Wallace Hadley, the eminent thaumaturgic panoptist of this city, has made the human heart beat again in the grave.

Since making this discovery the cures made by this man of science have been so remarkable, the restorations to life and health that he has brought about have been so marvelous that he is credited with possessing some power over disease and death not given to ordinary mortals.

"I believe that it is my duty to God and man to help all who are in need. I am not a millionaire, but I am well able to afford to share my knowledge with the suffering of mankind and driving disease from the earth.

"What is this discovery?" was asked. "I have discovered what creates life. I have found what causes disease and death, and I have found the way to prevent a case of disease no longer a mystery to me, whatever it may be to others. I can see through it as through clear glass, and I can cure it."

"You spoke of giving your services free?" "Yes, that is right. Any one who is ill in any way and wants to be cured merely has to write to me, addressing Wallace Hadley, M. D., Office 1024A, 70th Madison Ave., New York City, telling me the nature of the trouble, the principal symptoms, age and sex, and I will diagnose their case and send them a course of home treatment absolutely free of cost."

"Do you mean that any one who is sick can write to you to be cured without paying you any money?" "Yes, I mean that. Both my services and the treatment I send are free. I want to prove to the whole world the value of my discovery, and, as I said before, I feel that it is my duty to give health to all the poor sufferers that I can. And I am especially anxious to cure those who have been told that their case is hopeless, and that there is no hope for them to regain their lost health and strength. If they will write to me and let me treat them absolutely certain that I know their case, and that it makes no difference where they live. A letter does just as much good as a personal visit. I can cure here in the own home as easily and surely as if they came to me or I went to them."

"Why do you suffer?" "When the Great Chinese Doctor GEE WO can cure you of any ailment by his powerful and harmless 'Chi' or 'herb' medicine, which is the modern science of this country. His wonderful cures throughout the U. S. alone tell the story. Thousands of people are thankful to him for saving their lives from death."

OPERATIONS. Then why let yourself suffer? This famous doctor knows the action of over 500 different remedies that he has successfully used in different diseases.

The following testimonials from well-known people tell of the wonderful curative powers of nature's own herbs and roots:

Thomas Walsh, Tenth and Everett street, city, cured of stomach trouble two years standing.

Mrs. Helene Emburg, 506 Vancouver avenue, city, suffered many years with dyspepsia of the stomach and lung trouble, and was said by doctors to have incurable consumption. I am thankful to say, after five months' treatment of Dr. C. Gee Wo's remedies, I have fully regained my health and strength. I recommend all that are sick to go and see him.
