### VISITORS WIN AT CRICKET

TACOMA-SEATTLE TEAM TAKES FIRST INNING.

Portland Holds Opponents Down in the Second, but Darkness Intervenes Before Match is Over.

Amid perfect weather conditions and on a finely prepared bowling crease, the Portland Cricket Club played two games yesterday with an amalgamated club representing Tacoma-Scattle, and in the first inning Tacoma-Seattle won by the narrow margin of 18 runs, but as the Portlands allowed 25 runs in their extra list, largely through loose fielding, the victory was not an important one. In the second inning the Tacoma-Seattle players were held down to 61 runs, due to the good bowling of Kingsley and Fen-wick and the good support of their com-rades. Portland scored 44 for five wick-ets, but darkness intervened and the hard-fought contest therefore practically

One accident somewhat marred the day's sport. Wicketkeeper Webb, of the Port-lands, after stopping and catching admirably through one inning and part of the second, was struck in the face by a swiftly-pitched ball, and was nearly knocked out. After his bruise was dressed, however, he pluckly insisted on field-ing. This accident again illustrates the need of a wicketkeeper wearing a mask somewhat similar to that worn by a baseball catcher to protect his face from seri-ous injury through collision with a pitched ball. It is not thought "sportsmanlike," however, to play with a face-mask, be-cause, old-established cricket clubs, especially those in Great Britain, frown on The innovation.

Portland opened strongly through the fine batting of W. G. Smith, Rylance and Lawrence. Although the visitors tried their prettiest bowling, they could not bowl out the trio, and the latter were all eaught. Smith had one four, one three, eight doubles and six singles. Lawrence had two drives for four, six doubles and the rest in singles. Webb was the only remaining man who could make a stay at the wickets, and the inning closed for 122. The fielding of the visitors was good, except at longstop. Tacoma-Seattle opened slowly, and it was not until L. G. Pattullo, Waddell, Dow and Williams be-gan to hit out that it was seen how mat-ters would probably end. The Portlands' fielding was loose here and there. W. Pattulle materially helped the score with his 12. Flushed with their win, the visit-ors went on again, but runs came slow-Waddell and Davidson being the only men able to make a stand against the spiendid bowling of Mailett, Lawrence and Fenwick, Mallett's nine runs for three wickets show good bowling, and so do Lawrence's 12 runs for two wickets. In the Portlands second lease of life at the bat, everybody played well, and there were no "ducks." It was unfortunate that Lawrence was run out through a misalculation. He was just getting into form, after two drives for four each The match was a pleasant, social affair and at midday the Portlands enter-tained their visitors at lunch. Both clubs

are well matched, with the odds in fa-vor of the Portlands, in batting. PORTLANDS (FIRST INNING). Smith, c. Williams, b. Dow.... ce, c. Davidson, b. Dow.... noe, c. Waddell, b. Clark.....

The M. J. Walsh Co. are proving themselves to be one of the foremost concerns in the city for high-grade gas and electrical chandeliers. See them. They will at all times be pleased to show you through their stock showrooms, 343 Wash-

FALL REGATTA OF PORTLAND

Canoe Races Are Most Interesting of Day's Events, and Are Enlivened by an Upset.

The boat-racing season on the Willamette was closed yesterday with the Fall regatta of the Portland Rowing Club. The best of weather prevailed on the river yesterday afternoon. The water was rippled by a cooling breeze, and the air was just warm enough for comfort.

George Luders' four won the fouroared shell race, first defeating the King four and then the Stowell crew, thich had in turn won from the Smid

The canoe races were among the best events on the programme, Canoes were out in force whether racing or not Launches and motor-boats also scudded about.

The only accident of the day was a eapsize in the double cance race. Sim Bennett and A. R. Stringer, Jr., when a good second, capsized their boat and lost the chance of crossing the line first.

E. S. Lamberson was the judge of the races. No time was taken on any of the contests. One-half mile down the river toward

the clubhouse float at the east end of the Morrison-street bridge was the course for the canoe races. There were three entries in the senior double cance race, R. Lamberson and V. Dent, Kirkley and King, Ambrose and T. West. They finished in the order

through their stock showrooms. 343 Washington street.

HE PROMISED HER.

He promised her he would spend his evenings at home if she would present him with one of the M. J. Walsh Co.'s beautiful gas table lamps, for they have the finest line in the city. Their showrooms are at 343 Washington street.

Lamberson and V. Dent, Kirkley and King, Ambrose and T. Waste of the order of the champion, first; Al Reed, of London, the holder of the champion, first; Al Reed, of London, the holder of the championship, second; and J. S. Benyon, Englishman, third. Time, 7:07 2-5.

Iver Lawson, of Salt Lake City, won the finest line in the city. Their showrooms are at 343 Washington street.

lined up as follows: R. Lamberson bow; Scott, No. 2; Stringer, No. 3; Smid, stroke. In the other shell: M. Froh-man, bow; Stowell, No. 2; Smith, No. 2; Dent, stroke. The first-pamed crew

they made a clean get-away and rowed the most exciting race of the regatta. The Luders crew won by a foot or so. race, his only real opponent being R. Lamberson. P. Smid, who had never raced in a single canoe before, went into the race to make up the requisite three entries.

After the races were over V. Dent added to the programme by diving from a dolphin 20 feet high into less than six feet of water. He knew the than six feet of water. He knew the depth of the water, and making a quick turn rose to the surface before start in a match with the amateur chamquick turn rose to the surface before the splash had subsided.

### AMERICAN WINS IN ENGLAND

Bicycle Championship Race.

LONDON, Sept. 10 .- In the final for the two kilometers amateur championship race at the Crystal Palace the result was:

The canoists in the water.

The four-oared race was rowed in two heats. The crews were picked up without preparation, and lack of training was apparent. The crew which won the first heat was composed of Luders, bow; Munro, No. 2; Vandeleur, No. 2; Kirkley, stroke, Their opponents were: Wagner, bow. Taylor, No. 2; were: Wagner, bow, Taylor, No. 2; Morrison, No. 3; King, stroke. The Lu-ders crew won by two-thirds of a length over a three-fourths mile

the second heat the crews

race for a few moments until the mat-ter was argued over. Finally, however.

onds. The slowness of the time in this race was owing to the riders' loafing until they were 300 yards from the finish. The American crack took the lead at the start, but soon surrendered it to the holder of the title, Reed. Three hundred For the decisive heat a short course yards from home Hurley spurted and was selected. The boats fouled one Reed responded and kept in front all down another and the carsmen forgot to the straight. But the final effort landed the straight. But the final effort landed the American an inch or two ahead on the winning line. Hurley was loudly cheered as he made a tour of the track, the band playing "Yankee Doodle." In the winner's race, the distance was reduced before the start to two-thirds of a mile. Lawson won by a length. There

were 15,000 spectators. The record established by the Americans during this meeting, in which one country won four out of the five championship events, has not been equaled during the 12 years of international championships.

Lawson is the first American to hold the

The start was not interesting, owing to loafing tactics. Finally, Lawson, using excellent judgment, shot ahead, sprinted half a mile and won by 15 yards. Meredith, the American, led through-out the 190-kilometer race, and won easily. At 36 kilometers, Meredith fell and injured him arm, but he continued gamely.
