This Is the Waist Sale of the Hour

Notwithstanding the values we have already offered to Portland women in Fall and Winter Waists, today's store news tells of still better values than we ever had. Tailored Suits

The piece of good fortune outlined above came about because a "maker" in New York City needed ready money in a hurry. The "maker" in this instance happened to be a partnership of two, one of whom wished to leave the concern. To convert their assets into immediate cash was their sole object in making a loss. With time at their command they could very easily have realized full prices for them. As a result you can buy here tomorrow—

Among the styles we note—Coat, blouse, vestee and novelty effects—All the coats are silk lined. The workmanship is perfect in every way.
