NEW YORK, Nov. 5.-With a sensational and dramatic exchange of charges and replies between the candidates, one of the most remarkable Presidential campaigns of recent times was practically brought to a close tonight. It is not expected that much more of importance will take place before the election, though some statements and claims may be is-

Silence has marked the management of the Republican campaign. But one pro-

Wide Difference in Claims.

Tomorrow is the promise of a summing up by the two committees and a final es-timate as to the result. The wide difference in the claims has furnished sufficient doubt to give followers of both candidates confident hopes of success and kept the interest of partisans keen.

Up to within three weeks of the election the campaign was remarkable for its apathy and the seeming lack of interest which the voters were taking in the can vass. There were many meetings, but as a rule they were not largely attended, nor did the people show the intense interest that has marked other campaigns There has been also an absence of the monster meetings, all-day parades, theatrical display, noise and red fire that have characterized the closing days of former campaigns.

The campaign started late. It was weeks after the National Committees had made up their working ferces before any great activity was displayed. More than this, the early work of the committees consisted largely in distributing literature and efforts to ascertain the drift of

The fact that neither candidate, one because he was in the Presidential chair, and the other because his judicial tem-perament was antagonistic to the idea, made a great speechmaking tour of the country, is accountable to some extent for the apathy which was apparent in the earlier stages of the campaign.

A pronounced flurry was caused last Sunday by the Brooklyn Eagle's poll, which indicated Parker's plurality in Greater New York as 182,220 and Herrick's in the same district as 180,072, These figures also give Parker 97,863 plurality in the state. Tomorrow the Eagle will issue the figures from its final poll. The paper will say:

The result given today is based upor data gathered from returned cards sent indiscriminately to about 60,000 voters." The Eagle's New York figures give a

total indicated Parker plurality in Greater New York of 180,071, and an indicated Herrick plurality in Greater New York of 233,919. The Eagle will also print a forecast of the vote in New York State outside of the city, based on figures not gathered by the Eagle, nor according to its methods, but obtained from trustworthy sources. This indicates a Roose velt plurality of 102,127 above the Bronx. a Parker plurality of 177,548 below the Bronx, a Parker plurality of 75,411 in the

All Eyes on New York.

Interwoven closely with the Presidential canvass has been the campaign in New York State. For many years the pivotal state, the arbiter of political elections, the Empire State this year has been regarded as absolutely essential to the suc-cess of one party, and has been believed statement defending the Administration to be necessary to the other because of from Judge Parker's charge. principal campaign. The same is true in some other states, and an interesting feature of the canvass West Virginia and Wisconsin, which

ple, formed the basis of Democratic attack and Republican defense. The money issue of 1896 and 1900 did not appear, though the tariff has figured to some ex tent, but the all-absorbing question, and the one which made a whiriwind finish possible, was the statement of the Demo-cratic candidate regarding the trusts and corporations and his continued as-

NEW YORK, Nov. 5.-Judge Parker, in speech made at a reception given to him by the Kings County Democratic Club in "whether the trusts can purchase the election," has not been met by President Roosevelt in his reply to Judge Parker's speech, made 12 days ago. After stating what his position has been in that speech, Judge Parker said tonight he had made no criticism of the President, but that he had simply called attention to the "no torious and offensive situation." The Judge said further that the President, after his attention had been called to the relations which might exist between Chair man Cortelyou and the trusts by reason of Mr. Cortelyou's former position as Secretary of the Department of Commerce

and Labor, should have said:
"I will join Parker in an effort to pro tect the ballot of the benest citizen from being overridden by merchandise ballots." The assertion was made by Judge Parker that the contributions he charged Chairman Cortelyou had received from the trusts are not denied by the President's statement. The Democratic candidate followed this declaration with a statement direct to the President personally to the effect that he (Parker) had issued a re-

quest at no money for campaign pur-poses rould be received directly or indirectly, from any the first be gather would be defeated than to be fettered in an effort to accomplish reforms that are sorely needed. He charged the President with refusal to co-operate in the checking of the "monstrous evil." Judge Parker closed that part of his address directed to the President with this sentence:

"I regret to say to you that it then seemed apparent to me, Mr. President, that you regarded the election of more importance than the checking of this

CORTELYOU SAYS ROOSEVELT WILL HAVE NOT LESS THAN 314 VOTES

The Campaign Fund Has Been the Smallest in Twelve Years, and Every

Part Has Been Voluntarily Contributed.

"To all Supporters of Roosevelt and Fairbanks:

"The Presidential campaign has reached its final stage, and the reports to the Republican National Committee from all parts of the country seem to be as complete as it is possible for ante-election reports to be. Upon these, and the information that the committee has been shie to obtain, I am satisfied the Republican candidates for President and Vice-President will carry every Northam State, with the possible exceptions of Maryland and Nevada, and will have not less than \$14 of the \$76 votes in the Electoral College.

"The campaign has been conducted with a much smaller fund than any Presidential campaign for the past 12 years. The fund this year, although made up of contributions of more than 4000 persons, has been about one-half as large as the Republican fund when President McKinley was elected in 1802, and about one-half as large as the Democratic fund when President Cleveland was elected in 1802. Every part of this fund has come from voluntary contributions made without demand, importunity or pressure and without any agreement, piedge, promise, assurance or understanding, expressed or implied, regarding the policy or the action of the Administration, or looking to any benefit or advantage to any contributor except the benefit which will come to all business and to all our people from the continuance of Republican policies.

PROMINENT REPUBLICANS AT THE CLOSING RALLY OF THE CAMPAIGN

NEW YORK, Nov. 8.—Chairman Cortelyou, of the Republican National Committee, late tonight laused the following statement:

Prohibition Has Good Chance in Oregon.

NO SHOW IN MULTNOMAH

Twenty-Three Counties Will Vote on the Question.

IN SEVEN WILL NOT COME UP

Precinct Elections Will Be Held in Three Other Countles-Probably Win Many Where County Decides to the Contrary.

Twenty-three counties of Oregon will vote on the question of prohibition next Tuesday, and in three others elections will be held only in certain precincts. In seven countles the question will not come

All the B counties, except Mul are in doubt as to the result, and in many the chances of probabition are regarded as favorable. The very for prohibition will not be so large as for the local option law last June. Even if prohibition shall be defeated in a given county, it will win many precincts. In Multnomeh a number of

precingts in the eastern part of the county will probably vote against liquor-sell-ing. Elections will be held as follows: For county prohibition—Benton, Clack-amas, Columbia, Coos, Curry, Douglas, Gilliam, Grant, Jackson, Lane, Linn, Idn-coln, Malheur, Marion, Morrow, Multno-mah, Sherman, Tillamook, Umatilla, Union, Wasco, Washington, Yamhill-33. For precinct prohibition only-Classop, one precinct; Wallowa, one precinct;

Wheeler, five precincts-1. No election-Baker, Crook, Harney, Je sephine, Klamath, Lake, Polk-7. In addition to petitions for county elec-

in the following counties, aiready named in the first category above:

Columbia, one precinct: Grant, thres precincts; lackson, two precincts; Lana, nine precincts; Lana, one precinct; Malheur, ten precincts; Marion, five precincts; Wasco, five precipets; Washington, two

recincts; Multnomah, 15 precincts; Linoln, one precinct, In a number of cases liquor men have filed petitions for precinct elections, in order to prevent precincts in which they are strong or weak from being joined in subdivisions by Prohibitionists, would hazard the liquor cause. Prohibi tionists have done the same, in order to weaken the strength of their opponents.

Umatilla County.

PENDLETON, Or., Nov. 5 .- (Special.) -Prohibition, as a county me will be defeated unless unforseen tions arise between now and Tuesday. Reports from the south end of the county are unfavorable to probibition, while news from the north end shows the fight will be close. The storm center of the fight in this county is Freewater, which is in South Milton pre-cinct. The anti-prohibition vote in Pendleton will exceed 150.

Washington County.

HILLSBORO, Or., Nov. 5.—(Special.)— The election next Tuesday will decide whether or not Washington County shall be prohibition. But two out of the 39 precincts took advantage of the subdi-

vision clause of the law—North Forest Grove and Dewey, adjoining precincts. The majority given one way or the other by these precincts will be counted for or against prohibition. The petition for the subdivision was the first one filed before that for the county. Many who voted for local option last June oppose prohibition, since a vote for precinct prohibition, since a vote for precinct prohibition is a vote for county prohibition. The general sentiment is that a prohibition county would militate against immigration. Washington County has thousands of acres of land covered with timber which will be developed only by the German and Swiss element.

Grant County.

JOHN DAY, Or., Nov. a.—(Special.)—A vote on county prohibition and on pro-hibition for precincts of Canyon City, John Day and Bear Valley will be held. John Day and Bear Vailey will be held. The county petition was presented by prohibition forces and the subdivision by license men. The latter was a move to head off a petition of the Prohibitionists, including enough dry precincts to force the measure on the towns of Prairie City, John Day, Canyon City and Dayville. The move was successful, and prohibition is certain to be rejected in the subdivision as a whole. It will probably fall in the county also, and only precincts that have no saloons are likely to adopt prohibition.

Jackson County.

ASHLAND, Or., Nov. 5.—(Special.)—
Two petitions have been filed, one for the entire county and the other for East Ashland and Baron precincts. A third petition embracing all three Ashland precincts and Barren precinct was offered, but the County Clerk declined to receive it on the ground that it affected a portion of the same territory already covered by a petition. The smaller subdivision petition was prepared by the Ilcense people. An energetic campaign is carried on by the prohibitioniets and they hope to win the county. The opposition is not so active but will be greatly surprised if it loses the county.

Coos County.

MARSHFIELD, Or., Nov. 5 .- (Special MARSHFIELD, Or., Nov. 5.—(Special.)
—Coos County votes on prohibition as a whole and the result will be clese. The total registration in the county is 2343, 512 more than for June. The total vote in June was 1835, 81 per cent voting on local option, the poil being 1321 for and 957 against, a majority of 474 for the measure. A hard fight is being made by the saless element to defeat prohibition. Coquille, Bandon and Myrtle Point will go for prohibition and Marshfield, North Bend and Empire against it. The advantage is undoubtedly with the prohis.

Malheur County.

VALE, Or., Nov. 5 -(Special)-Four prohibition petitions are on file. One is for a subdivision of four precincts, including Onturio. Another covers the entire county; the third covers a subdivision composed of three precincts, including Vale; the fourth applies to Vale precinct stone.

alone.

Developments of the last few days point to victory for the Prohibitionists in Malheur County.

EUGENE, Or., Nov. & - (Special) - Two petitions have been filled, one for the entire county, the other for nine precincts in the western part of the county, vis.: Florence, Mapleton, Glentenn, Walton, Lam, Lake Creek, Hermann, Free Rivers and Heceta. Strong effort is being made by each side to carry the county. It is believed the vote will be close.

Benton County.

CORVALLIS, Or., Nov. 5.—(Special.)—
The prohibition question involves the entire county. One petition was filed. It contained signatures of voters in several precincts, but mainly in the four Corvalits and the single Philomath precincts. No petition covering a single precinct or a coombination of precincts was filed.

Clackamas County.

OREGON CITY, Or., Nov. 5.-(Special.) One local option petition covering the entire county and bearing 410 names was fied in Clackamas County and an election was ordered. While the county in June gave local option a majority of 20%, it is believed prohibition will be defeated 200 to 500 votes.

Marion County.

SALEM. Or., Nov. 5.—(Special.)—Peti-tions have been filed for prohibition in Marion County, as follows: For the coun-ty as a whole; for a subdivision composed of Sublimity and Stayton precincts; for a subdivision composed of precincts Salem No. 2, Salem No. 2 and Salem No. 4.

Baker County.

BAKER CITY, Or., Nov. 5.—(Special.)
—Prohibition will not be voted on in this county. Petitions were filed covering several country precincts, but all were defective and the District Attorney advised the County Court to reject the petitions. Linn County.
