may be required. In this way the know may be required. In this way the knowledge of each particular senior officer will become specialized, and he will be expected to become an expert in his line. The further fact that he will familiarize himself with the business of the cilents should lead to an enlarged acquaintance in that line, and in consequence increased patronage. The working out of the new plan includes the practical elimination of the titles of vice-presidents, cashiers and assistants and the substitution of the words "senior" and "junior," followed by the particular branch of the business. While many of the departments will be completely reorganized, of necessity, some will remain as they are, such as foreign and domestic exchange, since, in foreign and domestic exchange, since, in a way, they are aiready specialized. Each of the seniors will be accountable solely to the president of the institution under the new arrangement. There will be no interference of the head of one group with another, for all will rank the same.

EMPLOYMENT FOR ALL. University Park lies central to that great manufacturing district extend-

ing along the water front from the Portland Flouring Mill to St. Johns. Two thousand hands will soon have employment within easy walking distance from University Park. The better class engaged in this district are striving to have their homes at University Park.

Columbia University is the only school of University grade in Portland. It has plenty of capital back of it to insure a great future. It will not only be a pride of this city but will extend its influence all over the whole Northwest. Such institutions always attract a large cultured population to their immediate surroundings, when located near a large city. University Park, the seat of Columbia University, is having a remarkable growth in new homes and business. Now is the time to get a few lots while they are cheap and

keep them for your future home. FRANCIS I. M'KENNA, Agent, Room 606, Commercial Block.
