AGAINST THE SMOKING OF CIGARETTE

HE campaign in Portland against | the seductive, pernicious cigarette

lace R. Struble, has reached surprisingly large proportions in the past two weeks. Upwards of 3000 young people have been enrolled as actual members of the Oregon branch of the international league and a widespread interest has been aroused among parents, educators and citizens generally. Popular mass meetings have een held in many churches of the city coincidental with the lectures in the public schools, and in this way much valuable information has been imparted to elders and friends of the boy respecting the league, its methods and objects

"The anti-cigarette movement," said Mr. Struble to an Oregonian man, "stands unique among reform enterprises in that it receives the almost universal approbation of the public. United States Senator Henry M. Teiler, of Colorado, says in his judgment it is the most important and successful reform movement of this country. The fundamental idea of the league is the education and forewarning of young people respecting the destructive effects of that form of the use of tobacco Grace Methodis Episcopal Church, cor-rer Twelfth and Taylor streets; Gilbert of the league are particular to emphasize Ward Denniston, acting pastor-10:30 A. And a single anointing with CUTICURA, the great skin cure and purest of emollients. This treatment, when followed in severe cases by mild doses of CUTICURA RESOLVENT PILLS, to cool and cleanse the blood, is the most speedy, permanent, and economical cure for torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humours, with loss of hair, ever compounded.

CURED OF ECZEMA BY CUTICURA

I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with scabs, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear, and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. To my surprise and joy I was greatly relieved after the first application, and continued use of the Cuticura remedies soon made a complete cure. (Signed) Miss MARY F. FAY, Westboro, Mass.

New York City, the nestor of the anticigarette movement, in a recent article in the New York Independent, speaks with especial force respecting this phase of the question. "Much misapprehension," he says, "exists in the public mind on the subject of the clgarette. We hear it stated not infrequently that the cigarette

is deadly, because it contains optum. I is deadly, because it contains optum. I am persuaded that the reasons assigned are quits incortect. The manufacturer could not afford to put optum in his prod-uot at the price he receives for his goods. None of the cheaper grades of cigarettes contain optum or any of its products. The contain opium or any of its products. The cigarette is deadly because it breeds the

nhaling habit, which is the foundation of all the evils that accompany indulgence in this vice. The juvenile clearette smoker almost immediately learns to inhale the smoke. Not one cigarette smoker in 20,
