\$85,000 FOR BAKER CITY

Fulton Calls on Quartermaster-General to Urge That Transport Be Sent to Portland to Convey Nineteenth Infantry.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—There is considerable talk in Washington about the probability of the passage of an omnibus public building bill at the short session of Congress. With a view to securing recognition for Oregon, Senator Fulton today called on Supervising Architect Taylor to ascertain what amounts the Treasury Department will recommend be appropriated for Oregon. He was told that the department will urge the appropriation of \$100,000 for the purchase of a site and the erection of a public building at Oregon City, and \$85,000 for the erection of a public building at Baker City, on a site heretofore purchased. If the omnibus bill is framed, an effort will be made to have these appropriations incorporated. Senator Fulton today called on Quartermaster-General Humphrey to urge that the transport Logan be sent to Portland to convey the Nineteenth Infantry from Vancouver Barracks to Manila and also to urge that the Logan on the return trip bring to Portland the regiment that is to replace the Nineteenth.

The Quartermaster-General is inclined to send the troops via San Francisco, but has promised Senator Fulton to give further consideration to Portland's claims. General Humphrey's principal objection to sending the transport Logan to Portland is she draws 25 feet of water, and he fears she may have difficulty in crossing the bar. Senator Fulton replies to this that the ship will not draw over 22 feet when she sails with the regiment, and at this draft will experience no trouble at the mouth of the river.

DELEGATION MUST SOON AGREE

Otherwise Roosevelt Will Make the Washington Appointments.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—The Washington delegation has several patronage wrangles on its hands, which must be settled during the winter or the President will do as he has done in other states, take the matter into his own hands. Three important Post-office areas to be filled. Postmaster Cromwell, at Tacoma, is seeking reappointment. Unless the President intervenes, his fate is altogether in Senator Foster's hands, the other members of the delegation having signified a willingness to let him have full sway in this appointment. Senator Ankeny and Representative Humphrey are involved in a bitter contest over the Seattle Postmastership, Humphrey indorsing Postmaster Stewart for reappointment, and Ankeny insisting upon the appointment of W. A. Carls. Senator Foster is taking no hand in this controversy, but unless the delegation

eventually agrees, the President will assume the responsibility of filling this office.

At Vancouver Representative Cushman has crossed swords with Senator Ankeny, Cushman making a fight for Dan Crowley for Postmaster, while Ankeny demands the place for C. G. Shaw.

Both Senators will be expected to take a hand in the recommendation of a successor to Surveyor-General Kingsbury, who is a candidate for reappointment. The only other candidate to appear so far is J. R. Welty, who is indorsed by Ankeny. The terms of all these officials have long since expired.

ALASKAN JUDGE IS NAMED.

R. A. Gunnison, of New York, Personal Choice of Roosevelt.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—Again President Roosevelt has utterly disregarded the recommendations of Senators and Representatives, and has appointed a man of his own choice to a responsible office. Royal A. Gunnison, of Binghamton, N. Y., was today appointed United States Judge for the First Division in Alaska, to succeed Melville C. Brown, whose resignation has been demanded. He was offered the place by the President several days ago because of his known fitness and high character. Since the place was tendered to him he has been indorsed in highest terms by representatives of the Judiciary in New York, and by President Schurman, of Cornell University. The only political indorsement which Gunnison has is that of Representative Dwight, of New York.

In selecting Gunnison, the President disregarded the representations of many delegations. Oregon, for a whole year, has been indorsing Judge W. C. Hale, of Grant's Pass. The Wyoming, California, North Dakota and Minnesota delegations all had candidates with strong indorsements. There is hope that one of these favorites may be appointed to a Judge-judge later on, in case Judge Moore is removed, or the pending bill authorizing an additional Judge in Alaska should pass. There is an understanding that Representative Lacey, of Iowa, who blocked the passage of this bill last session, has withdrawn his objection. If this be true, there will probably be a new judicial district created this winter.

Mr. Gunnison graduated from the law school of the Cornell University in 1895, and since that time has been practicing law in Binghamton. In 1898, he was appointed referee in bankruptcy for the district in which Binghamton is situated, and in that position established an enviable reputation for industry, ability and a thorough understanding of the bankruptcy law. He was afterward appointed by the faculty of the Cornell University law school as a non-resident lecturer on the subject of bankruptcy.

Will Ignore Odell's Letter.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—Secretary Hitchcock, after consultation with the President, has decided to take no notice whatever of the letter sent him by General W. H. Odell, of Salem, under date of November 10, in which the Secretary is upbraided and accused of robbing the State of Oregon of over \$120,000 by reason of unjustifiable treatment of state school indemnity sections. President Roosevelt intends to ignore entirely the copy of the letter which was sent to him.

Williamson and Ankeny Arrive.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—Representative Williamson and family have arrived in Washington.

Senator Ankeny reached Washington today, and has taken apartments at the Arlington Hotel.

Troops to Leave Vancouver.

OREGONIAN NEWS BUREAU, Washington, Dec. 3.—Early in January one battery of the Eighth Artillery will leave Vancouver Barracks for Fort Russell, Wyoming.

BALLOTS NOT LEGAL

Nine Men in Denver Prepared Fifty-Seven.

EXPERT GIVES TESTIMONY

Attorneys Who Have Followed Contempt Proceedings Believe All Questioned Returns Will Be Examined.

DENVER, Dec. 3.—Stunning developments were made in the Supreme Court today in the trial of the six election officials of Ward Five, Precinct Nine, who are charged with contempt. George E. King, handwriting expert, said that 57 of the ballots in the box had been written by nine different persons. The highest number written by one person was 15. The lowest was two. Five Republican ballots were written by one person. The other 52 ballots on which the expert noted similarity of handwriting were Democratic.

It is the general belief among the attorneys who have followed the contempt proceedings closely that the result of the discovery made by King will grandly bring the ballot box of every precinct where contempt is charged into court for examination. There are six more precincts in which officials are awaiting trial for contempt.

An adjournment was taken until Monday to give the witness (King) an opportunity to complete the remainder of the ballots. Mortimer M. Hatch, an expert employed by the Democrats, will examine the ballots returned by the King. The returns for the precinct gave a total of 272 votes, divided as follows: Democratic, 239; Republican, 7; Socialist, 4. There were found in the box when opened 235 votes, divided as follows: Straight Democrats, 169; straight Republican, 116; Socialist, 5; scratched, 23.

Attorney John I. Mallins today extended the time for impeaching the grand jury to investigate the election matters until next Monday. Republican managers are urging United States District Attorney Earl M. Cranston to call a special grand jury to act in the case of Kratke and other election officials in Ward Five, Precinct Eight, who were bound by Judge Riner. The managers of the grand jury yesterday for violation of the Federal conspiracy statutes. The regular grand jury does not meet until next April.

Although the grand jury has not yet been sworn, the managers of the grand jury when Judge Riner sits in the local Federal Court December 27.

It was learned from one of the Republican leaders today that District Attorney Cranston will bring about a score or more of alleged offenders before United States Commissioner Capron. The evidence against the men is said to be similar to that against those already bound over. It is understood that when the application for the special grand jury made there will be between 20 and 30 offenders bound over.

John A. Martin, Democratic candidate for State Senator from Pueblo County, arrived in Denver today armed with an injunctive order issued by Judge J. H. Voorhes, of the District Court there, restraining Governor Peabody and the other members of the State Canvassing Board from accepting the certificates of election issued to T. G. McCarthy by County Clerk Fairbank and Justice of the Peace McMillan, acting as members of the County Canvassing Board. Mr. Martin served the document on the state officers and members of the State Canvassing Board at once.

Mr. Martin secured the injunction on the ground that many of the votes cast for McCarthy were illegal, and that he was credited with others that should have been counted for the Democratic candidate. The board will not reach the Pueblo County Board until next week. None of the returns from the county has been sent in.

Will End Strike if Adams Goes In.

CRIPPLE CREEK, Colo., Dec. 3.—It is announced on authority of union men that the strike in this district, which was begun 15 months ago, will be declared off

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of The Oregonian May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I cheerfully recommend and indorse the Great Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bad liver. I have used it and derived great benefit from it. It has cured me entirely of kidney and liver trouble, from which I suffered terribly. Most gratefully yours, A. R. REYNOLDS, Chief of Police, Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; make your head ache and back ache, cause indigestion, stomach and liver trouble; you get a sallow yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out

If there is any doubt in your mind as to your condition, take from your urine on rising in the morning four ounces, place in a glass or bottle and let it stand 24 hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE—So successful is Swamp-Root in promptly curing even the bladder troubles, that to prove its worth merit you may have a sample bottle and a book of valuable information, both of which are sent free of charge. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In addressing Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Portland Sunday Oregonian. The proprietors of this paper guarantee the genuineness of this offer.

by the Western Federation of Miners with one week after Governor-elect Adams is inaugurated. Should Governor Peabody be given another term, it is said, the strike will not be called off, although leading laborers here admit the fight has been lost.

It is also learned from the same source that the strike would have been called off three days after the third act of Governor Peabody announced he would contest Adams' election.

WOULD DISFRANCHISE NEGROES

Senator Bacon Favors Repeal of Fifteenth Amendment.

MACON, Ga., Dec. 3.—Congressman Hardwick, of the Tenth Georgia District, a few days ago wrote a letter to Senator Bacon asking his views upon the present political situation. Senator Bacon replied at length.

The Senator says there is an attempt to Republicanize the South. He declares that white supremacy must be maintained in the South, and that the party is due to the white supremacy. He advocates the repeal of the fifteenth amendment to the United States Constitution, and insists that unless this shall be done the people of the South will be forced to maintain their proposition of white supremacy.

Rather than have negro rule, Senator Bacon is willing to accept a reduction of Southern representation in the Congress of the United States. He adds:

"The repeal of the fifteenth amendment, leaving to the people the right to regulate for itself the negro question, would destroy the sectional barrier which the South so greatly deprecates and for the removal of which it knows no other method."

Hemenway Sure of Senatorship.

WASHINGTON, Dec. 3.—Representative James A. Hemenway, of Indiana, chairman of the House committee on the election of a Senator, today declared Cannon today that all the candidates for Senator Fairbanks' seat in Indiana had withdrawn, leaving him (Hemenway) a clear field in the Republican caucus.

Official Vote in Maine.

AUGUSTA, Me., Dec. 3.—The official returns for Presidential Electors was announced today as follows: Republicans, 6,487; Democrats, 5,633; Prohibition, 519; Socialist, 216; People's party, 238. The total vote was 9,883, and the Republican plurality 3,847.

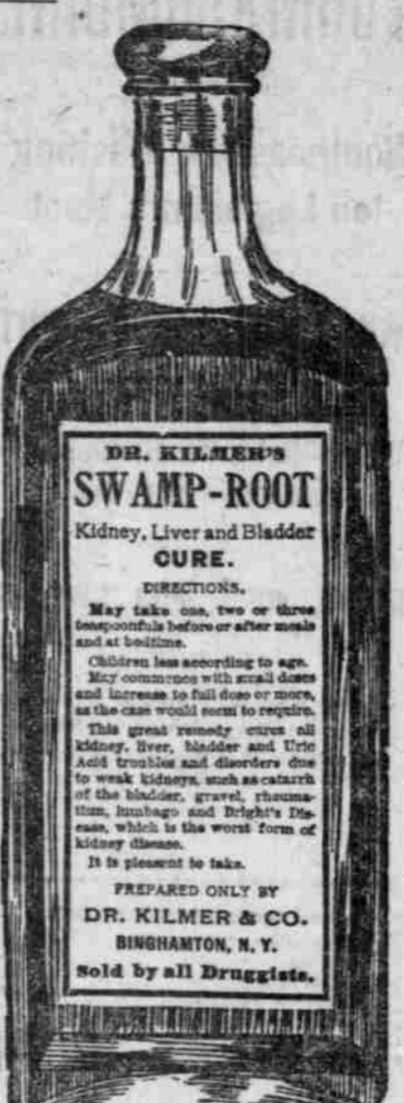

ODELL PROMISED TO KEEP OUT

Plett Says if He Can Defeat Dewey It Is Time to Hang Up the Fiddle.

WASHINGTON, Dec. 3.—"I know of only one reason why Governor Odell should not control the Legislature and the election of a Senator to succeed Dewey, and that is that Odell promised positively, ten days before election, to Dewey and myself, that he would not interfere."

The foregoing statement was made by Senator Thomas C. Plett, of New York, today, to newspaper men who called on him in his apartments at the new Willard Hotel.

Senator Plett was asked if anything new had transpired in regard to the Senatorship, and he replied there had been nothing of consequence, that he was sure Senator Dewey would be re-elected.

It is pleasant to take. PREPARED ONLY BY DR. KILMER & CO. BINGHAMTON, N. Y. Sold by all Druggists.

ST. LOUIS, Mo., Dec. 3.—(Special.)—Miss Blanche Bates, the Belasco star, received 76 congratulatory telegrams, was stormed with flowers, and shed tears of joy at the completion of her phenomenal St. Louis run of 150 performances at the Imperial Theatre tonight, with the presentation of a triple bill, including the third act of "The Darling of the Gods," "Madame Butterfly" and the comedietta, "My Aunt's Advice."

When the complete box office statement of the engagement was added up, it was found that Miss Bates, during her entire engagement here, has played to \$12,000.75.

The messages came from almost every town of importance, from New York to San Francisco, while the flowers came from the parquet and boxes of the theatre.

STARVED TO DEATH.

Our text today is the story of the miser who taught his ass to live on straw, of which he gave him a smaller portion every day.

Just as the miser had got him so trained as to eat one straw a day—the poor ass died.

He is an ass who starves himself to death—because he is doing, misled by foolish teachers—because their stomachs have become too weak, through neglect or disease to do the work which Nature has provided for their stomachs to do.

Because the engine is out of gear, would you consign it to the junk heap?

Why, the miser? Commit slow suicide because your digestive organs leak? Certainly not! Take Stuart's Dyspepsia Tablets.

One thing is sure as shooting. You can never get a new stomach. You must mend it, or it will lead you a miserable existence.

The only way to mend it is to take Stuart's Dyspepsia Tablets.

This has been practically and scientifically demonstrated by the many thousands whom Stuart's Dyspepsia Tablets have positively cured, after every other treatment of medicines, mineral waters, pills and slow, suicidal starvation, had failed.

These methods are all unscientific—therefore false. Stuart's Dyspepsia Tablets are scientific—therefore true, and successful.

Having cured so many thousands—many of whom doubtless have suffered more than you do—we claim too much when we say that Stuart's Dyspepsia Tablets will surely do good to you?

Surely not. Surely not when we make it plain that no promise is made to cure more than one disease—Dyspepsia.

Stuart's Dyspepsia Tablets are a positive cure for just this one disease. They are a scientific combination of ingredients which reach out the weak spots in all the digestive organs and make them strong and well.

They have an immediate digestive action on undigested food, and thus, while curing weak organs, they at the same time help them to do their work.

They thus stand for all that is good in the medical treatment of dyspepsia, and for nothing that is bad.

They are not a fad but a fact. They are safe, pleasant, certain and permanent, and can be taken by the most delicate invalids without fear of harmful results.
