## RESCUED FAR AT SEA

Survivors of Japanese Crew Picked Up by the Garms.

TEN DAYS ON SINKING HULK

One by One Tney Succumb to Hunger and Thirst-Captain Goes Insane and Jumps Into the Sea Before Help Comes.

FORT TOWNSEND, Wash., Dec. 2. After ten days of hardship, privation and exposure, two Japanese were taken from a submerged hulk neveral hundred miles off the coast of Japan and brought here by the achooner W. F. Garms, arriving this morning after a 33 days' passage from Manila. The men were part of a crew of ten men who left Yoshumura October 4 for two days' fishing in a 15-ton schooner called the Koupina Maru. On the third day out the vessel struck a rock and filled to the rails. Prior to sailing, a heavy plank had been lashed to the after bitts and on this for ten days the men existed, with no nourishment but a few fish which floated up from the hold. One after another the unfortunate fellows succumbed, until October 16 but three remained, including the captain.

That day a speck was sighted on the horizon, and believing it to be land, the half-demented captain started to swim. He soon gave up the battle and sank be-

neath the waves. The men soon recovered under the kind treatment of the Garms' crew and made themselves useful on the tempestuous voyage which followed the rescue. Every solver to shreds during the succession of gales which overtook her, and the rudder becoming disabled, temporary gear was necessitated, with which the vessel finally made the Straits. Thorough repairs will be made before venturing to sea again.

HIGH LICENSE IS THE ISSUE.

Albany Municipal Election Will Be Very Warm.

ALBANY, Or., Dec. 3 .- (Special.) -- Interest in Albany centers in the annual city election to be held Monday next. There are three Councilmen to elect this year. The Mayor, Recorder and City Marshall hold over until next year.

The question at issue is closely allied to that which was settled at the resent Presidential election, when the citizens of Albany and Linn County were given an opportunity to voice their sentiments on the liquor question. At that time the majority of the voters of the county registered themselves as favoring a "wet" county and every precinct in Albany gave majority against prohibition. Now the Prohibitionists of Albany have brought out candidates in every ward in the city and the question will be fought out along the lines on which municipal questions

have been handled for years past.
As two members of the Council are now reported to favor a dry town, it will be necessary for the Prohibitionists to sucreed in but two wards in order to have roatrol of the Council. Liquordealers and those taxpayers who exerted themselves in opposition to prohibition at the recent election under the local option law realize that they have a hard fight before

Those candidates who have been brought eat by the prohibition element state that an's parents, where Lauth roomed.

Today Lauth's attorneys filed a motion license. On the other hand, the members pr present Council who are up for re-election state that they will stand on their record; that they favor saloons with a license that is just to both city and salonmen, and allege that the uncertainty of the statements of the high li cense candidates makes it possible for them to place the license so high as to

Dannals, Dawson and Bowersox, in the First, Second and Third Wards, respectively, the retiring Councilmen, are in fayor of a license somewhere near that now paid by the saloonmen. shap and Huston, from the First, Sec and Third Wards, respectively, represent the element that is desirous of a considerable increase in the license. Party lines ave been abandoned, and the fight will be on the straight question of whether any shall have licensed saloons as at present or not.

WATER SUPPLY WAS CUT OFF

Baker City Company Neglected to Comply With Government Rules.

BAKER CITY, Or., Dec. 2.—(Special.) Superintendent Terrell, of the Blue Mountain forest reserve, has closed down the Rock Creek power plant of the Baker City Gas & Electric Light Company. The power plant was closed by order of the Interior Department, because the electric light company has violated the rules and regulations of the department in regard forest reservations. The fipme which conveys water to the

power-house runs across a portion of the forest reserve for a distance of three-fourths of a mile. The rules require that where it is necessary to occupy any per-tion of the ground of a forest reserve for or public use, a formal applica-plats and surveys of the ground must be filed with the department and approved by the Secretary of This formality was neglected by the electric light company, when it built its pipe line across Uncle Sam's

violation of the rules and the intention was to comply with the regulations, but matter was neglected until Superintendent Terrell received a peremptory or-der to shut off the water. Fortunately company has a steam plant in this city from which it is able to supply light and power, but the steam plant is scarcely

The result is that both light and power are a scarce article in Baker City just now. In the meantime the electric light officials are hustling to comply with the demands of the Jepartment. The neces-sary maps and surveys have been hurrled Washington. It is expected that the trouble will be adjusted just as soon as the maps arrive in Washington, and that Superintendent Terrell will be instructed to let the water flow across the reserve to the power plant again,

LAUTH IS TO BE HANGED.

Oregon City Murderer Sentenced by Judge McBride.

OREGON CITY, Or., Dec. 2 .- (Special.) convicted of murder in the first degree was this afternoon sentenced to be hanged. Judge McBride, in passing sen-

What She Saw In The Looking-Glass.

I have no pains, and feel much stronger generally."

The above is a fair portrait of Miss

HE stood before her glass in the sitting-room. The girl she saw there had a well-rounded face and figure, expressive eyes, and her handsomer than a mere picture like this can portray. The fact is a figure, expressive eyes, and her woman can't look beautiful that is dragcheeks had the freshness of rose petals; ged down with pains at regular interher hair was wavy and beautiful. She vals, who suffers from headaches, backlooked well and strong. The reason for it is given in her own letter, as follows:

"I am glad to be able to testify as to low complexion, dark circles about the the merits of Dr. Pierce's Favorite Prescription for the many ills that women suffer with," writes Miss Gertrude Mitchell (President Young Ladies' Christian Endeavor Society), 43 Columbia St., E., Detroit, Mich. "After many years of suffering and pain, I took your-medicine, and in a short time began to feel stronger, became more regular and didn't have the bearing down pains which had the president of the many the bearing down pains which had the more quickly restore the womanly functions to a healthy state than Dr.

its action. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable, and it can be had at any store where medicines are handled. THE MARRIAGE QUESTION.

Although many people marry without reasoning about it, and do not know the word romance, they feel it and act it all their lives and are content. There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The more civilized or cultured a race becomes, doing with less and less physical exercise in the out-door air, and with the wearing of corsets and other modish customs, the more likely are the women to suffer from womanly ills. Every woman should know what right living is—for perfect health and a fair complexion she should occasionally take a vegetable larative such as Dr. Pierce's Pleasant Pellets.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure. Could any test be more fair showing the faith of the makers? Do not listen to the arguments of the dealer that his own make is better. It means better profit to him, that's all. He insults your intelligence when he tries to make you change your mind, to take a substitute for the standard remedy which has enjoyed years of success and the testimony of thousands in its favor.

Dr. Pierce by no means confines him-self to prescribing his well-known medi-cines. He tells you in the most com-mon-sense way what alls you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need of his proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good med-ical advice of a confidential nature. If you're a mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their ailments or their physical condition, Dr. Pierce offers to carefully consider your case and give you the best medical advice within his power, free of cost to you. VOUNG MARRIED PROPLE

should read the People's Common Sense the bearing down pains which had been my lot for so long. Continued its use until I was a well woman, and shall never cease to be very grateful that it was brought to my notice.

We have quickly feather woman and shall be bearing down pains which had functions to a healthy state than Dr. Medical Adviser, by R. V. Pierce, M. D. Send 21 cents in one-cent stamps, to Dr. R. V. Pierce, Buffalo, N. Y., for this practice, found that this prescription made entirely of roots and herbs, with-

We guarantee that Dr. Pierce's Favorite Prescription does not contain alcohol, opium, or any harmful drug. It is a pure compound of medicinal plants scientifically combined. Persons making false statements concerning its ingredients will be prosecuted.

World's Dispensary Medical Association,

rel about the return of some property which he had given her, and, drawing a revolver, Lauth fired four shots into her body. She died the day following. The tragedy occurred at the home of the wom-

themselves in unmistakable terms in fa-vor of licensed saloons, that they, the candidates, will, if elected, favor the maintenance of saloons with the proper license. On the other hand, the proper

ARRESTED, HE CONFESSES

ness in Placing a Rock, a Rall and a Telegraph Pole at Different Points Before Trans.

BOISE, Idaho, Dec. 3 .- (Special.) - Detectives of the Oregon Short Line have arrested W. B. Petrie, of Caldwell, for attempting to wreck a train on the night of November 25. He placed a large rock on the track at Lannan Spur, threw a steel rail over the track, two miles south and put a telegraph pole across the ralls near Notus. It appears the fellow was walking up the road late in the night. A freight train, eastbound, struck the rock and later struck the rail. The latter was resting on a bank at one end and was thus so elevated that the cowcatcher struck it and knocked it aside That train passed Petrie and he then laced the telegraph pole across the rails and it was struck by a westbound freight a little later. The man was arrested on the Boise River, where he was camped. bunting and trapping. When taken to Caldwell and sweated he confessed and told exactly how he had done it. appears to have been no other motive than simply to cause a wreck. Petrie walked all the way to Caldwell and was seen by the section men in the early morning, the information give the latter furnishing the clew that led to

WALLA WALLA RAISING FUND Lack \$2000 of Amount Promised Celilo Portage Road.

WALLA WALLA, Wash., Dec. 2.—(Special.)—Dr. N. G. Blaiock, of the Open River Commission, left here this morning, in company with several prominent local farmers, for Dayton, to hold a mass meeting for raising the balance of Walla Walla County's \$5000 on the deficiency fund of the Cellio portage road. A similar meeting will be held in Waltsburg to

A. F. Alexander, the solicitor employed by the Commercial Club, reports that \$2000 has already been paid and pledged, and it is felt here that there will be no diffiit is felt here that there will be no culty in speedily raising the balance.

SHOT TORE TOP OFF OF HEAD

Man in Ambush Meets Death at Hands of Peace Officer.

WOODLAND, Cal., Dec. 2.-Louis Chyte, an old resident of this city, was shot tonight by Constable Parker, who acted in self-defense. Chyte is still alive but there is no hope for his reovery. The bullet from Parker's olver tore off the top of his he Chyte, it seems, was laying in wait fo George Kinkle, an old enemy, at the latter's house, but had been seen by Kinkle, who thought him a burglar the matter and they were after the

supposed thief.
Constable Parker said that when he approached the house he stood near the fence. Hearing a noise in the yard, he directed Griffin's atention to it, and the latter flashed his lantern in that direc- bers of the university faculty and several tive preparation

tion. Parker could just discern the form of a man in a crouching position with a black mask concealing the lower

portion of his face.

Chyte had a shotgun loaded with buckshot, one shot of which tore a hole through the top of Parker's hat. The later fell, but regaining his feet crossed the street to await developments. In the meantime other officers arrived and occurred last night.

LUMBER MARKET IS DEAD.

Many Mills in Washington Are Closing Down for a While.

SEATTLE, Wash., Dec. 3.-(Special.) Owing to a demoralization of the lumber and shingle markets, scores of Wash ington mills are closing to await better prices. Already a dozen of the larger mills have been shut down and others are joining in the movement, which may become general unless the market can be restored. Shingles are selling on the basis of \$1.55 for stars and \$1.50 for clears, prices which, with logs firm at \$7.50, leave

The siash in the association lumber price list is illustrated by the fact that No. 1 drop siding is selling at \$16.50, and No. 1 floorin- at \$18.50. Cargo mills flood-ed with orders are getting higher prices. but complaining that even the better figures leave no profit, and many cargo mills are turning down orders. All reports rom the East indicate that stocks are depleted and practically everything sold here has been shipped, leaving the market clean on the Coast.

In the circumstances millmen see no reasave a general demoralization and loss of nerve on account of existing prices. A big demand must come in the Spring, for Eastern railroads are order ing construction materials liberally and iding indications are good in farm and and readjusting conditions millmen hope to stop the sacrifice of standing timber at an actual loss to the milis.

VANCOUVER MUCH ROUSED.

Alarmed by Alleged Attempt to Reduce River Appropriation.

VANCOUVER, Wash., Dec. 3.-Special.) -From recent reports received by E. G. Crawford, president of the Commercial Club, of this city, it would seem that an attempt is being made by the Government officials at Washington to reduce the ap-propriation of \$60,000 which was recomnded by the Board of Engineers for im provement of the river channel below this

consideration of some movement t thwart this action, a meeting of the Commercial Club and citizens and property-holders of this city was called to meet at the Hotel Columbia. A large assemblage of business men was present After a general discussion upon the sub-ject it was decided to learn the exact status of affairs, and accordingly a committee was appointed, consisting of Messrs. E. G. Crawford, A. B. Eastham Lloyd Du Bols, James P. Stapleton and Mayor L. B. Clough, with instructions to learn the facts of the case by telegraphic communication with Congressman Jones.
Though not fully decided upon, it was thought to be a feasible plan to send a representative of this city to Washington.

PROFESSORS VOTE SOCIALIST Seattle Conservatives Given a Scare at School Election.

SEATTLE, Wash., Dec. 1-(Special.)-Until the count began tonight, conservative interests were badly frightened by the vigorous fight made by the Socialists to capture the School Board of Seattle The election showed practically the full Socialist strength was polled and in one precinct of the Ninth Ward the Socialsts carried the precinct.

This is the precinct in which the State University vote is cast, and many mem-

tickets, their ballots were easily recog-nized. J. E. Galbraith and John Schram, conservative candidates, were elected the vote standing: Galbraith, 2553; Schram, 2622; Wiswell, Soc., 1124; McCorkle, Soc.,

VICTIM OF MYSTERIOUS DISEASE Colfax Woman Could Not Be Relieved COLFAX, Wash., Dec. 3 .- (Special.) -Mrs. Benton Binnard, one of the plo-neers of Lewiston, Idaho, and a resident of Colfax for 20 years, died in stars of the day. spokane last night of a peculiar mal-ady. A few days ago several small blood vessels in her body, arms and hands burst, forming black spots under the skin. Her tongue began bleeding

and continued constantly, but she was not sick and went about her duties as usual, suffering no pain. Colfax physicians could do nothing for her and she was sent to Spokane, where her death

What Sulphur Does at Portland.

For the Human Body in Health and Disease.

The mention of sulphur will recall to nany of us the early days when our nothers and grandmothers gave us our daily dose of sulphur and molasses every Spring and Fall.

It was the universal Spring and Fall "blood purifier," tonic and cure-all, and mind you, this old-fashloned remedy was The idea was good, but the remedy was

crude and unpalatable, and a large quan-tity had to be taken to get any effect. Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far nore effective than a tablespoonful of the In recent years, research and experiment

have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate-coated cellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; phur acts directly on the liver, and ex-cretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dozed us with sulphur and molasses every Spring and Fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot ompare with the modern concentrated preparations of sulphur, of which Stuart's and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting

with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when have been surprised at the results ob tained from Stuart's Calcium Wafers. In patients suffering from holls and pimples and even deep-seated carbuncies, I have repeatedly seen them dry up and disap-pear in four or five days, leaving the skin clear and smooth. Although Stuart's Calclum Wafers is a proprietary article, and sold by druggists, and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipa-tion, liver and kidney troubles and especially in all forms of skin disease as this

At any rate people who are tired of ers a far safer, more palatable and effec-

collegians would have been able at least to have crossed the club's goal line in each 20 minutes of play. The ball was in the club's territory most of the time, and was carried either near to or over the line three times, but was called back on
