DEATH OF SILAS A. BURKS.—The body of Silas A. Burks, who died in the Walla Walla Hospital, December 7, was received at the undertaking establishment of Zeller-Byrnes-Albina, yesterday, and the funeral will be held this afternoon at 2 o'clock. Lone Fir Cemetery will be the place of interment. Mr. Burks was 22 years of age, and had lived in Albina, and lived on the railway. He met with an accident at the Walla Walla Junction, December 6, which resulted in his death the next day at the Walla Walla Hospital. He has a brother in Albina, and his mother lives in Missouri.

Mr. Reader has shown some improvement the past few days, but is still exceedingly weak. He has a wide circle of friends in Portland and in the state, who are deeply concerned about him. The result of the operation will be awaited with anxious interest.

NEW ELEVATORS.—New elevators are being installed in the Oregonian building. Electric machinery is being substituted for hydraulic. It is a change that cannot be made at once, nor without some interruption, though the interruption in this case will be the least possible. There will, however, be no elevator service in the Oregonian building today. When the new system is in operation, the service will be much better than ever before.

WOMAN SEIZES.—The display of diamonds, watches and jewelry in the window of the Portland Loan Office, 74 Third st. Mr. Marx, the proprietor, states that never before has he sold so many diamonds as in the past year, this being mainly due to the steady rise in prices and his ability to sell them for less money than jewelers, besides selling them on easy weekly or monthly payments, without extra charges.

Only 600 SHORT.—An error appeared in The Oregonian Saturday morning in the advertisement of the Meier & Frank store. Their ad-writer mentioned an army of 700 employees. It was printed 150. Thus by a change in one type 500 employees vanished. And when one reflects that a single establishment in Portland employs 700 people, the magnitude of Meier & Frank's becomes apparent.

THE VALUE OF CHARCOAL. Few People Know How Useful It Is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and fur acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it distinguishes the mouth and throat from the poison of catarrh. All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow Charcoal and other harmless antiseptics in tablet form, or rather in the form of large, pleasant-tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and pure blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I believe the liver is greatly benefited by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

BANK ROBBERS VERY BOLD. Illinois Institution Is Entered at Noon—Crowd Is Fought Off. PEORIA, Ill., Dec. 10.—A daring bank robbery was committed in the heart of the downtown district at 12:30 o'clock this afternoon, when three men wearing slouch hats entered the Peoria National Bank and while two of the men covered F. A. Bracken with revolvers, the third reached through the teller's window and, seizing about \$500 in currency and silver, made his escape. The three men dashed out of the building after threatening those in the bank and leaping into the buggy standing near, lashed the horses into a run. The streets were crowded at the time, and a large crowd was immediately in pursuit of the men. Their flight was stopped by a crush of drays in the wholesale district, and they were stopped for a moment by the crowd. A display of revolvers frightened the crowd back, and the robbers turned and fled in another direction. A big crowd took up the chase, including several automobiles, whose owners managed to keep in sight of the men. The men traveled rapidly and gained on the crowd. They drove to the river bank, where they abandoned their rig and soon disappeared.
