the year just closed by the city creameries and by the Front-street commission bouses. which handle the output of butter factories ocated outside the city in servitory tributary Portland, makes an interesting showing, e average quotation for the best grade of city-made creamory butter in that time has creamery from plants outside the city n 1900 sold at an average of 25.4 cents, state rands at 262 cents. These figures show a cerease in price of but 9 of a cent in local otter and 1.2 cents in country creamery.

As is well known, Portland-made butter

mmands a premium over state brands for veral reasons. Aside from the question of product and a lessening of the butter busi-ness of Front street. So far as the commisalon men are concerned, the majority of them are not sorry for the change and a number of them have voluntarily given up the handling of butter, devoting all their attention to other lines of profiuce. At the same time, there is less business done by Portland firm in supplying interior points, the country creameries evidently getting more of their loout trade, just as the Portland creameries are getting the city trade. It seems to be a natural distribution and in the end should

But the main point shown by the compari average quotations, taken with the stability of city prices, is that the farmer, more one eise, has profited by these con-Nearly every creamery in the state, robably every one, has bought cream from the armer on the basis of the highest Portland outter price. Whether or not they sent their ream to this city, they were paid for it at he top price quoted here. This may have worked hard on some of the manufacturers. out the dairy farmers of the state can have no mplaint to make.

GRAIN TRADING BROUGHT TO STOP BY FESTIVITIES.

Few New Features In Cured Fruits-Few Sales of Oregon

SAN FRANCISCO, Dec. 31. - (Special.) -- Trade in cereals ou the local grain board was brought to a complete standstill by the wild julification of members over the close of the old pear. Prices were nominally unchanged with a firm tone prevailing. Deliveries of wheat and barley on expiring contracts were

tures, as holiday influences predominate. Peaches are scarce and firm and many inquiries are being received from the East. Apricots are well cleaned up and strengty held. Pruses are quiet and steady. The bulk of hollings is reported to be well concentrated. Raisins are ateady with outlook more encouraging. Growers will meet again January 12 to complete the reorganization of the association. Beginning January 1, the minimum carlical from California on cured Truits and canned goods will be 40,000 pounds instead of 30,000.

suit of continued heavy receipts in the North-west, arrivals today being only half what they were a year ago. Another factor influencing the situation was a report that prospects are good for a considerable decrease in the amount of wheat on pussage and fit the world's ship-ments. After May had advanced to \$1.14%, a quick reaction occurred on realisting by pit tradees, and the price declined to \$1.13%, 113%. On the break, however, the market met with good support from a leader of the bulls. Quick recovery followed. Prices were given a decided upward impetus by news from the Northwest, where cash markets showed unusual strength. Reports from Minneapolis and Deposits,

NEW YORK, Dec. 31.—The Financier says:
The official statement of the New York associated banks last week showed as the most interesting features a moderate expansion in loans, a small net increase in cash and a gain in deposits. The expansion of \$9,277,000 in loans reflects the temporary placing of funds which accumulated during the week as the results of preparations for the disbursement of Jenuary dividends and interest.

The cash showed a net increase of \$919,600, specis falling off \$1,550,700, while legal tenders increased \$2,770,200. The loss of specie was the Northwest, where cash markets showed unusual strength. Reports from Minneapolis claiming hig sales of flour were an additional buil influence. May sold up to \$1.14%. closing \$6%c up at \$1.14%. Liquidation in December option was the feature of the trading in the corn market. May closed \$4%c higher at 45%c45%c.

Strength of wheat had a steadying influence on the casts market. May closed unchanged at \$11%c31%c.

ing in sympathy with a small decline in the increased \$2,770,300. The loss of specie was street of hogs. May pork was up 25,45c; hard probably due to exports of gold to Europe and probably due to exports of gold to Europe and to the Argentins Republic during the week, while the gain in legal-tenders was most likely caused by the receipts of currency from the interior, and possibly also the return to the banks of some portion of the holiday money which had been expended in the provious week. The deposits increased to \$0,303,500, the gain very closely corresponding with the sum of the increase in loans and in cash; therefore the statement made a fairly good proof.

The required reserve was increased \$2,483,400 because of the gain in deposits; deducting therefrom the nst gain in cash left \$1,563,400 as the increase in surplus reserve to be \$13. as the increase in surplus reserve to be \$13,-683,425, against \$12,074,625 a year ago, and 80,680,500 at the corresponding date in 1902.
Computed on the haals of deposits less those of \$23,000,200 public funds, the surplus is \$19,430,470. The statement was doubtless made up on rising averages for mah, for the estimates of the gain in this item, which were based upon the traceable movements of money during January 6.35 6.42½ 6.35 6.42½ 6.35 May ... 6.65 6.72½ 6.72½ 6.65 6.72½ 6 Cash quotations were as follows:

Holdlug Grand Ronde Apples

Grand Ronde Valley fruitgrowers still have 150 carloads or 20,000 boxes of apples to dispose of awaiting better prices. The present price offered is 60 cents per box, which means \$54,066. Not over 25 cars of apples have been shipped from here this sesson as the growers and buyers could not agree on the prices, and as these apples keep well they will probably hold them 60 days longer.

NEW YORK, Dec. 31 .- A summary of the NEW YORK, Dec. 31.—A summary of the year's operations on the Stock Exchange shows that the volume of trade was greatly in excess of last year. Dealings in listed stocks showed an increase of over 20,000,000 shares compared with 1903. In unlisted stocks business for 1904 was fully 5,500,000 shares in excess of 1903, while the dealings in Government, state and unlisted bende was greater by many millions of dollars.

BUYS HAWTHORNE TRACK. Corrigan Now In Position to Fight

Western Jockey Glub. CHICAGO, Dec. 3L-Edward Corrigan has secured control of the Hawthorne racetrack. The deal was closed tonight, when Richard Fitzgerald, who for a long time has been the principal stockholder, sold out his interest to Corrigan.

The change of ownership means, it is said, that the Western Jockey Club will have a fight on its hands if some action is not taken at its regular monthly meet-ing January 3 to revise the racing data for 1996, picked out for the different tracks throughout the West and South at the annual meeting early in December. Cor-rigan now has full control of the new track at New Orleans, and the probabilities are that he will also get control of the Kansas City track. The control of these two tracks, together with Haw-thorne, makes Corrigan one of the strongest leaders of racing in the West.

RIDE FOR SHOGREN CUP.

Portland Hunt Club Will Make Cross Country Run Tomorrow.

Members of the Portland Hunt Club will enjoy their first 1905 cross-country ride on Monday morning. Every avail-able horse in the city will have some one up, and it is expected that one of the largest fields that ever rode through will be on hand to try to win in the first race for Miss Anne Shogren's cup. The start will be at Seven Corners, on Section Line road, and the riders will be sent away promptly at 10:30 o'clock.

The hares, J. N. Coghlan and Emmet Brown, have selected a course of about eight falles, with eight fence and ditch jumps and several that are to be erected. The footing throughout the route is good, and even if it is sloppy, it will not be a dangerous ride. The Waverly and Woodstock cars will take those not mounted to the start, and when once the

mounted to the start, and when once the riders are off, the finishing point will be made known, so that the gallery will also be able to witness the finish.

The race for Miss Shogreo's cup is something new for the club members. The conditions of the race are that it must be run three times, the rider having the greatest number of points when the last race is run winning the cup. The rider who finishes first sets five points. rider who finishes first gets five points, the second three and the third two. These points are added after the third The judges at the finish will be Ambrose Cronin and Sam C. Kerr.

Death of Champion Pointer. SAN FRANCISCO, Dec. 31.-The news SAN FRANCISCO, Dec. II.—The news has been received here by the owner of Champion Senator P. that the great field trial-winning pointer has died at Bruce-ville, Ind. Senator P. was the winner of the champion stake, Pacific Coast field trials, in 1899, and second in the all-age stake of the same year. He was sent East to compete with the best dogs there and won many prises, notably the Manitoba Champion stake in 1862.

Sic Ridors of America, to be held in Inhpeming, February 22. Herestofore wild dash's down long, snow-covered inclines, ending with a thrilling leap of from 75 to 125 feet, have been the main features of the annual tournament, but now a still more hazardous undertaking is to be added. Con Thompson, a member of the lehpeming Ski Club, is firm in the belief that a ski rider may successfully "loop the loop," After committation with Harry Hulst, an engineer, he has decided upon the outline of the loop. His pian calls for a ring 12 feet in height.
