THIRD COAST LINER

Harriman Company Will Put Newport on 'Frisco Run

TO HEAD OFF OPPOSITION

Steamer Which Has Been on the Panama Route Will Hereafter Run in Conjunction With Columbia and Geo. W. Elder.

SAN FRANCISCO, Jan. 21.-(Special.)-The Pacific Mall Company's Panama liner Newport, due here from the Isthmus February 8, will be replaced on the Southern run by the Costa Rica, which will take the Newport's place February 18.

The Newport is going on the run b tween this port and Pertiand. She will run in conjunction with the Geo. W. Elder and the Columbia, it being expected that the additional travel and increased freight siness between the two ports as the result of the Lewis and Clark Exposition will warrant putting on an extra boat.

The Newport is one of the best of the Panama ilners and will be missed on the othern run, but it is said that within a few months the Pacific Mail Company will have two new vessels added to the fleet ng between here and the Isthmus.

The information contained in the San Francisco dispatch could not be confirmed at the local office of the San Francisco & Portland Steamship Company, but there is good reason to believe that it is true that an extra steamer will be put on the run between Portland and the Bay City. Travel will certainly be very heavy along the Coast during the Fair, and the two steamers operated by the company canno expected to handle all the passenger that will want to patronize that line. Another factor has probably caused General Manager Schwerin to increase the service and that is the competition that has lately aprung up. As long as small steam schoon-ers were his only rivals, he took no steps to head them off, but how that the North Pacific Steamship Company has put or the big liner Rosnoke and is prepared to the big liner Rosnoke and is prepared to increase its fleet, things are different. This doubtless accounts for the determina-tion of the San Francisco & Portland Company to put on a third steamer so long in advance of the opening of the

The steamer Newport was built at Chester. Pa., in 1880 by John Roach, the builder of the Columbia and the Geo. W. Elder. The Newport is 325 feet long, 38.2 feet beam and 22.6 feet depth of hold, and is of 1896 tons net register. She is 16 feet longer than the Columbia and 76 feet longer than the Eider.

There are 2900 bales of cotion in the steamer's hold for Tokohama and Kobe, and 400 hogsheads of leaf tobacco for the same ports.

The remaining items on the manifest are 25 cases of machinery, 719 cases of sewing machines, 12 cases of copper wire, 63 bales of sale leather, 21 cases of electric motors, sacks, 50 bales and 12 barrels of rolled outs, 75 cases of crackers, 50 cases of evaporated apples, 20 cases of dried peaches, 20 cases of pears, 50 cases of raisins, 20 cases of apricots, 20 cases of prunes, 120 cases of canned pears, 25 cases of canned peaches, one case of hams and one bushel of apples, all of the above provisions for dong Kong: 16,870 bushels of wheat for Negasaki and 31,332 feet of lumber for Hong Kong.

AFTER SHARE OF BUSINESS.

Kosmos and Chilean Lines Profit by Exclusion of Pacific Mail.

SAN FRANCISCO, Jan. 21.-Simultane ously with the notice of the proposed ab-rogation of the Pacific Mall contract for exclusive traffic with the Panama Railroad at Panama, comes the ranama kali-road at Panama, comes the news that the Kosmos Steamship Company is to en-ter the freight business between Panama and this city. This is the German line of steamers now engaged in business between Germany and South American and Central American ports and San Fran-

the Chilean Navigation Company is to enter the Central American business via Panama. This company has a line of stramers between Panama and South American ports. At one time it ran ves-sels as far north as this city, but finally withdrew from north of Panama because the Pacific Mail's exclusive contract pre-vented it from handling any business for the Panama Railroad north of Panama. Shipping circles here think that the Chilcan company will eventually resume busi-ness at this port and also at the Pacific ports of Mexico in addition to handling Central American shipments to and from Europe, by way of Panama.

Indications Now Point to Active Ball Team.

M'CREEDIE SIGNS PLAYERS

Word Received That He Can Have Schlafley for Second Base-Doyle at First, Runkle Third, With Atz at Short.

Manager McCreedie has completed his infield. Yesterday he received word that he can sign Schlafley. This means that Manager McCreedie's infield is complete and the line-up will be: Doyle, first base: Schiafley, second base, while Runkle, who Secretary Parrell says is not tied up with the Pacific National League because that league is dead, will play third. Atz. for whom live Beck was traded, will be at short, and this makes an infield that will be hard to beat in the

Coast League.
This infield would indicate that Mc Creedle is going to surround himself with a ball team that will surely give a good a count of itself this coming season. For Schiafley, Manager McCreedle is reported to have traded Pitcher Ham Iberg and Outfielder Kelly. This Kelly is not Mike Kelly, of the St. Paul team, but his brother. It is also understood that Eddle Householder has been drafted from the Columbus team Householder was a mem-ber of the Brooklyn team when McCreedle ber of the Brooklyn team when accircular was. He, like McCreedie, was shifted to Baltimore, but was not satisfied and joined the Los Angeles team of the Pacific Na-tional League. When that league went to pieces, Householder joined the South-ern League and was afterward drafted by Eddle Householder is well

Columbus. Eddle Householder is well known to the fans that keep posted on hall players. He is an outfielder of considerable shifting and one that is sure to make good in the Coast League.

Just what will be done with Morris Steelman, whom Rochester claimed, is not known. Since Steelman has received his salary from the Portland club in full, Rochester has no claim on him and he naturally enough belongs to Portland. naturally enough belongs to Portland.

Manager McCreedie has another catcher signed from Chicago, and these two backstops will have to fight it out for first position behind the bat. CUT OUT THE JOBBERS. Wholesale Dry-Goods Men's Complaint Against Manufacturers.

NEW YORK, Jan. 21.-At the closing ession of the Wholesale Dry Goods Asociation's annual meeting there has been protracted discussion on the custom of direct sales to retailers by manufacturers and commission merchants. Twenty prominent New York commission mer hants and representatives of mills took

part in the discussion. Before the jobbing question came up the association considered the report of committee appointed to go into the subject of the extension of the parcels post system of doing business. Much opposition was expressed toward any ex-tension of the parcels post, and it was decided that managers of the association should lay the views of the wholesalers

before their local representatives.

Discussion of the middleman was then taken up. Papers were read by representatives of those interests declaring that many large manufacturers, including those represented through the large computation, houses, who are absolutely declared. mission houses, who are absolutely dependent upon the jobbers for the great share of their business as it is condu at present, have so little regard for those that are their best customers that they are seiling many retailers, the natural customers of those same jobbers, at prac-

tically the same prices.
Widespread formation of syndicates in
the smaller cities, whereby the local merchants pool their orders and deal directly with the manufacturers, also was con-demned. When the talk was over, no rules were proposed, but the meeting in-dorsed suggestions made in various pa-pers and the members of the association expressed the belief that this practice of the manufacturers would be less prevalent hereafter.

It was decided to hold the next confer-

ence in New York. Officers were elected as follows: President, J. K. Burnham, Kansas City; first vice-president, J. Scott, Chicago; second vice-president, Edward S. Senators Praise Dead Colleague-

Move to Hurry Swayne Case. WASHINGTON, Jan. 31 .- The Senate to onles incident to the day held cerem ceptance of the statue of the late John James ingalls, for 18 years a member of the United States Senate from Kansas, which has been placed in Statuary Hall There were seven addresses, but before they were begun, Long presented a letter from the Governor of Kanas, tendering the statue and a resolution of acceptance. Pending the adoption of the resolution, Long addressed the Senate. He devoted the greater part of his address to a consideration of the reasons why Mr. Ingalls was not re-elected in 1891, and said: "And then, as if in some measure to atone for the injustice they had done him, the people of Kansas provided that his marble statue should stand forever in the

hall near the chamber in which his great work was done."

Long called attention to the fact that anniversary of her admission to the Union, and to the fact that Mr. Ingalis had made an unavailing effort to have John Brown's statue placed in the Na-

tional Capitol.

Daniel. Allison recalled the fact that he and Mr. Ingails had entered upon service in the Senate on the same day, March 4, 1873, and said that during 16 years of the Kansas Senator's service they had occupied adjoining seats and had maintained the most cordial relations.

Spooner said that Kansas could never make an adequate explanation of its fail-ure to keep Mr. Ingalls in the Senate. Speaking of Mr. Ingalls strong partisan speech. Daniels admitted that many of his remarks had been offensive to him,

but said they were forgotten in admira-tion for the man. Platt said that as an orator, Mr. Ingalis was not excelled by Demosthenes or Web-ster, and Cockrell and Gorman paid high tribute to the Kansas Senator's fairness as a presiding officer.

In the galleries were Mrs. Ingalis and her daughters, Sheffield Ingalis, of Atkin-son, a son of the late Senator Ingalis, and many prominent Kansans.

The clerk of the House arrived with a notification of the appointment of the House managers to conduct the impeachment trial of Judge Swayne. On motion of Platt (Conn.), an order was agreed to directing that the House be notified that the Senate was ready to receive the House nanagers.
Teller gave notice that, when the im-

peachment proceedings were once begun, he would insist upon the immediate or sideration of that matter and would re-sist any effort to displace it with the statehood bill. Speaking of that bill, he said there was no longer any interest in it, and declared that, as a rule, when it was under consideration, not to exceed half a dozen Senators on either side of the chamber remained to listen to its dis-

BRYAN TALKS POLITICS WITH PRESIDENT ROOSEVELT.

Warmly Welcomed at White House-He Approves Republican Policy Toward Railroads and Trusts.

WASHINGTON, Jan. 21.—W. J. Bryan called on President Roosevelt at the White House today. He was cordially greeted by Mr. Roosevelt, as well as by a number of Republican Senators and Representatives who happened to be in the executive office at the time of his visit.

"You are certainly looking well, Mr. Bryan," said Senator Cullem, of Illinois, as they shook hands.

"Yes, but I am a little too fat. I could spare you some of my flesh," said the Nebraskan, as he looked at the thin form of the Illinois Senator "Well, you are growing," remarked Senator Cullom, "in fact, you are growing in more ways than one," whereupon Mr. Bryan smiled, and af-ter a few more words with Senator Cullom, walked into the offices.
