Treaty Concluded With Island Government to Adjust Its Finances Extends American Influence in West Indies.

SANTO DOMINGO, Republic of Santo Domingo, Jan. 21.—A protocol between the Dominican government and the American Minister, Mr. Dawson, and Commander A. C. Dillingham, U. S. N., in behalf of the American Government, was signed yesterday. The principal conditions are that the American Government guarantees the complete integrity of the Dominican territory, agrees to undertake the adjustment of all obligations of the Dominican government, foreign and domestic, and the conditions of payments; to adjust unreasonable claims and to determine the validity and amount of pending claims. In the case of the appointment of one or more commissions to reach an adjustment the Dominican government shall be represented in order to protect its responsibility.

The American Government will take charge of the existing customs houses and those hereafter to be created, and will name the employees necessary to their management, the duties they will exercise and their rights. These will be considered Dominicans and subject to the laws of the republic. The Dominican government will have at each custom-house inspectors in behalf of its interests, and from and after the date the contract takes effect. The present employees are to be considered as acting under its provisions.

Out of the revenues collected at the custom-house of the republic, the American Government will deliver to the Dominicans 4 per cent of the total gross amount for the purpose of attending to the necessities of the budget. It is estimated that the first year \$900,000 will be received monthly. The advance payments are divided into four installments in the following manner: Eighteen thousand, seven hundred and fifty dollars on the 1st, 8th, 15th and 23d of each month. In case the total revenues of the first or subsequent year are less than \$2,000,000, the payments may be proportionately decreased.

Out of the 35 per cent, the American Government will pay the employees of the custom-house and the interest on the amortization of the foreign and domestic debts. The whole surplus may remain and each fiscal year will be delivered to the Dominican government and devoted to the payment of its debts.

No changes in the present import duties or import charges will be made without the consent of the American Government until the debt is paid.

The American Government, at the request of the Dominican government, shall grant such other assistance as in its power to restore order and increase the efficiency of the civil administration and advance the material progress and welfare of the republic. The agreement will take effect after February 1 next.

MANAGE HER CUSTOM-HOUSES

Santo Domingo's Request of United States, Sovereignty Being Reserved.

WASHINGTON, Jan. 21.—It was said at the State Department tonight that a dispatch has been received from the American Minister to Santo Domingo regarding affairs there, but its contents probably would not be made public until some time tomorrow. The Dominican government, however, it is learned, was about to publish a decree in which the United States is asked to take over and administer the customs revenues on a business basis in order to extricate her from her financial difficulties.

The statement was added that Santo Domingo would, of course, require as a condition to any action this Government might take that her sovereignty must be guaranteed. It was made plain that the United States, in any contingency, does not intend to establish a protectorate over the island.

WILL BE NO RAILROAD STRIKE

Pennsylvania Management and the Trainmen Are Getting Together.

PHILADELPHIA, Jan. 21.—It is now regarded as certain that there will be no strike of the trainmen of the Pennsylvania Railroad. Negotiations looking to a peaceful settlement of the differences between the company and the men have not yet been concluded, but after a conference of three hours today both sides expressed confidence in an ultimate amicable adjustment.

The way to an agreement was opened late today when General Manager Altrichter, of the Pennsylvania Railroad and representatives of the Brotherhood of Railway Trainmen admitted that concessions could be made by both sides without interfering seriously with the principles for which both the company and the men have been holding out.

Although the Brotherhood of Trainmen has expressed repeated opposition to brokenmen working as freemen, it is said it will not seriously oppose this practice, providing the brokenmen discharged by the company are reinstated.

SMASHED BY HIS AUTO.

Frank Croker's Leg Broken, Chauffeur Killed, Another Man Injured.

DATTON, Fla., Jan. 21.—While speeding his racing automobile on the beach today, Frank Croker, son of Richard Croker, of New York, collided with a motor cycle chair driven by one of the Ormond Hotel help. Mr. Croker's leg was broken. His chauffeur, Aroul, was thrown 40 feet in the air, landed on his forehead and was killed instantly. The chair-driver had both legs broken. Mr. Croker was in his racer, a 180-horsepower machine, with his mechanic, Aroul and was going at a mile-a-minute clip. Just ahead of him in the same direction coming up the beach from Daytona to Ormond was a man on a motor cycle, which was wobbling badly. Mr. Croker was driving his racer and started to turn out of the way of the motor cycle. As he did so, one of the front tires of his machine flew off and it rolled into the sand.

The machine crushed Aroul's life out instantly. Mr. Croker went out on the second turn and sustained a fracture of the right leg at the knee and several ribs

FRAUD BY WHOLESALE

ALLEGED BY ADAMS IN REPLY TO PEABODY'S CONTEST.

Governor of Colorado Says Republicans Stuffed Ballot-Boxes, Corporations Intimidated Voters.

DENVER, Colo., Jan. 21.—The answer of Governor Alva Adams to the allegations of ex-Governor James H. Peabody, contestant for the office of Governor, was filed this afternoon. It consists of 150 typewritten pages. The answer makes general denial of the allegations of the contestant, and specifically charges fraud in several counties against the contestant. It alleges that divers corporations and mineowners' associations conspired with the Republican State Central Committee and spent large sums in securing fraudulent naturalizations, padding registration lists, corrupting election officials and buying votes for the purpose of re-electing Governor Peabody.

The answer alleges upon information and belief that the ballot boxes of Denver do not now contain the ballots which were actually cast by qualified voters, that the ballot boxes have been tampered with and stuffed since the election by persons in the employ and under the direction of the Republican committee of the City and County of Denver, and that spurious ballots have been substituted in the interests of the Republican candidates and the interest of the contestant, pursuant to an unlawful conspiracy entered into by the Republican committee, its tools and employees, for the purpose of making it appear that the ballots were substituted in the interests of the contestant, whereas, in fact, whatever substitution of ballots has occurred in the City and County of Denver, if any has occurred, has been committed in the interest of the contestant.

Intimidated by Corporations.

In pursuance of a conspiracy, the answer says, corporations, mineowners and other persons threatened their employees with discharge if they failed to vote for Peabody. It is alleged that in Las Animas County the Colorado Fuel and Iron Company, the Victor Fuel Company, the Rocky Mountain Coal and Iron Company and various other corporations imposed

POSITION OF THE ARMIES.

Kuropatkin Has 300,000 Men, but Cold Prevents Fighting.

TOKIO, Jan. 21.—In well-informed quarters here it is said that the Russian army at Mukden was recently reinforced by four divisions. Its present strength is estimated at nine army corps, or 300,000 men of all arms.

General Kuropatkin's headquarters are at Fong Mountain, in close touch with the Mukden-Fushun line. The Russians lately have been heavily strengthening their wings. At present two and a half divisions are facing General Gku, two corps are before General Nodzu and the greater strength of these corps confronts General Kuroki and guards the coal mines in the vicinity of the Fushun Valley. Between the opposing armies is a network of trenches.
