Henry May, and half a hundred more prominent men of the city. The list of patronesses of this popular charity include the names of every member of the Cabinet, the Diplomatic Corps, Supreme Court or Congressional circles.

Among those entertaining dinner companies who later attended the ball were the Commissioner of Patents and Mrs. Frederick I. Allen. Their guests were the Chinese Minister, the Secretary of the Interior and Mrs. Hitchcock, Senator and Mrs. Knox, Mr. and Mrs. C. H. Kepp, Major and Mrs. Denny, Mr. and Miss Andrews, of Cleveland, Mr. and Mrs. Herbert Wadsworth, and Miss Hitchcock.

Mrs. Chaffee, wife of the Chief of Staff, U. S. A., was hostess at one of the most largely attended of the week's afternoon receptions. She was assisted by Mrs. Hall, Mrs. Brownell, Mrs. Sharpe, wives of officers in the Army, and Miss Hitchcock, daughter of the Secretary of the Interior. Mrs. Chaffee will also be at home January 24.

At Mrs. Chaffee's, as well as everywhere, two or three Army women are gathered together, the restoration of the canteen and the battle-torn building was between the ladies of the Army and Navy League on the one hand, and the members of the W. C. T. U. on the other, was a subject of conversation. Mrs. Chaffee, wife of the former Surgeon-General of the Army, is president of the league, and Mrs. Clinton Smith, president of the local branch of the W. C. T. U. Both ladies declare that the battle will be a fight to the finish, and that the Congress are to be the place for the final skirmish, the denouement promises to be most interesting.

WINTER TERRORS RHEUMATISM A DEMON OF PAIN CATARRH DISGUSTING-DANGEROUS

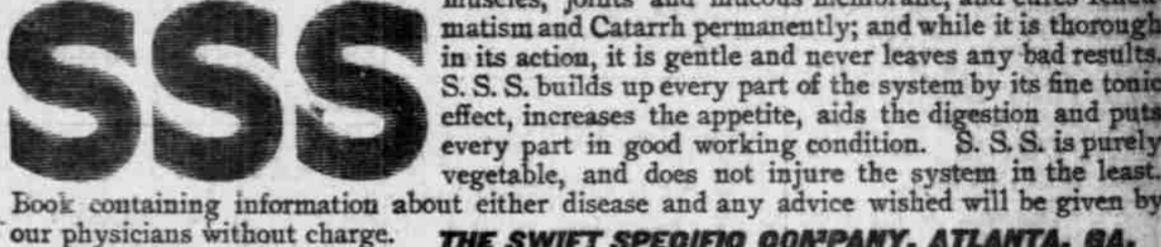

Even when the body is strong and free from disease, the blood pure and healthy and every member working in harmony with nature, the cold, bleak winds of Winter, its ice and snow are disagreeable, and we are glad to see the "Ice King" give place to Spring with its warm, pleasant weather. There are many, however, who must, in addition to the disagreeable, unpleasant weather, bear the suffering and distress of Rheumatism and Catarrh—the terrors of Winter—and they have little bodily comfort or pleasure during this season, for the time not spent in absolute suffering is employed in "doctoring" and treating these miserable diseases.

RHEUMATISM is a deep seated disease caused by a sour, acid condition of the blood resulting from bad digestion, weak kidneys, poor bowel action, stomach troubles, etc. The poisons and accumulations which should pass off through the avenues of bodily waste are retained in the system, to be absorbed by the blood and through the circulation distributed to the different joints, muscles, bones and nerves of the body, producing the pain of Rheumatism. The muscles contract, the joints inflame and stiffen, pains shoot through the body, and every movement is accompanied with excruciating agony. The first breath of Winter brings on the symptoms, and at every exposure to cold or damp weather there is another attack. Plasters, liniments, oils, etc., do not reach the disease, which is in the blood, and valuable time is lost by experimenting with these, because all the while the poison is accumulating in the blood and the disease getting a stronger hold on the system, that may result in shattered nerves, weak heart or permanently crippled limbs.

CATARRH, with all its loathsome and dangerous symptoms, is fanned into life when cold weather comes, and the patient knows he must go through the winter "hawking and spitting," with dull headaches, an annoying, thin, watery discharge from the nostrils, and half sick feeling all the time. In vain he tries washes, sprays and inhalations, with only temporary relief, because the trouble is in the blood and beyond the reach of surface treatment. The blood is filled with waste matter and catarrhal poisons caused by the inactivity of the organs, and if these are not expelled and the blood built up, the disease becomes dangerous and often leads to Consumption.

S. S. S. is a perfect blood purifier and cleanses the blood of all poisons and impurities, and as it circulates through the body it nourishes and soothes the irritated nerves, aching muscles, joints and mucous membrane, and cures Rheumatism and Catarrh permanently; and while it is thorough in its action, it is gentle and never leaves any bad results. S. S. S. builds up every part of the system by its fine tonic effect, increases the appetite, aids the digestion and puts every part in good working condition. S. S. S. is purely vegetable, and does not injure the system in the least.

The new opera bags in evidence are quite reminiscent of the powdered and bearded beauties of the olden regime. A particularly charming specimen used as an accessory to a debutante's costume the other evening was in pastel shades of blue and pink, with small satin bows to enliven the design. Golden bars at the top and silver cords for the shirring made the tout ensemble as dainty as anything ever conjured for the bewitching Mme. Pompadour.

bracing scenes where the present war is transpiring. Others will be brought up by Mr. Miller himself, who will personally superintend the making of the lantern slides to illustrate the lecture which he will give on his return from Washington. This lecture, which will be for the benefit of the Mazamas, promises to be the event of the season, for Mr. Miller is lately from the scene of war and can give thrilling descriptions of operations there as well as an interesting story of the native life and customs. The event will be eagerly anticipated by all Oregonians, and the Mazamas are making great preparations for it.

Mr. Miller goes to Washington this week, and it is his intention to ask for a transfer to Tokio, as the climate of Manchuria does not agree with him, and his health requires a change. He will not be absent any length of time, and it is now thought that the date of his lecture will be early in February.
