

FLEE FROM POLAND

Poles Stampede Across Border Into Germany.

WHOLE COUNTRY ON STRIKE

Number of Idle Workmen Estimated at 400,000—Riot at Funeral Ends in Bloodshed—Polish Language Boycotted.

BERLIN, Feb. 4.—The Lokal Anzeiger's Katowitz, Prussia, correspondent says the advent of refugees from Russian Poland is assuming large dimensions and that every incoming train is crowded, mostly with women and children. All German towns near the border are filled with refugees. The strikes in Russian Poland, the correspondent says, are still spreading, affecting the entire industrial region from Sosnowice to Gragnica, on the Austrian frontier. Polish newspapers estimate the total number of strikers at 400,000.

The Lokal Anzeiger's Warsaw correspondent says: "At Lodz today during the funeral of 15 victims of the recent troubles a fight between workmen and the military broke out, two of the latter being killed and 15 wounded. Serious labor disturbances are announced from Silesia, Russian Poland, and Lublin, 40 miles southeast of Warsaw."

PLANS OF THE EMPLOYERS.

Ask Finance Minister to Meet Them and Their Employes.

ST. PETERSBURG, Feb. 4.—A meeting of manufacturers has decided to petition Minister of Finance Kokovsov to consider the workmen's demands in consultation with representatives of the employers and employees. All the Russian manufacturers have further decided to discuss the minor grievances with the men and have also resolved not to impose fines or penalties or discriminate against the strikers and to raise a fund for the victims of January 22.

The manufacturers finally resolved that the agitation among the workmen was not a labor but a national movement, and that therefore they are not justified in the payment of wages during the strike, but that, in view of the distress among the workmen, the latter will be given relief.

COULD NOT BE HELPED.

No Dispute Grows Out of Attack on British Consul.

WARSAW, Feb. 4.—Colonel Napier, the British attaché, who was sent here to investigate the alleged attacks by Russian Hussars on British Consul-General Murray and Mr. Mucukain, the pro-consul, has returned to St. Petersburg to report to the embassy.

The incident is regarded as closed. Mr. Murray having frankly declared that the attacks were only such as happened to any person on the streets at such times.

FIRST STEP TO LIBERTY.

Commissions From Zemstvos to Consider Reforms in Government.

ST. PETERSBURG, Feb. 4.—According to the Russ. committee of Ministers has decided to form special commissions of zemstvo and duma delegates to consider the proposed reforms in the public institutions. The Russ. declares this will be the first time the elective principle will have been applied in Russia in connection with legislation and holds the step as a happy one.

MUST NOT LEARN ANYTHING.

Severe Punishment for Polish Children Who Wish to Learn Polish.

ST. PETERSBURG, Feb. 4.—Two hundred and eighty pupils were expelled today from the Warsaw gymnasium with the additional punishment that they will never be permitted to enter any government school within the empire. This action of the authorities is intended as a punishment for boys who dared to petition the directors for the introduction of the Polish language in the schools. As a result of the punishment the boys lose the privilege of performing military service as one-year volunteers and will be forced to serve three or four years in the ranks.

The latest reports from Lodz show that town is quiet. The military continues to patrol the streets.

TEAR DOWN CZAR'S SPEECH.

Torpedo-Makers Are Punished by Closing of Their Factory.

ST. PETERSBURG, Feb. 4. (11:40 P. M.)—Lessner's torpedo factory in this city, employing 600 expert fitters and brassworkers, has been closed by Governor-General Trepoff, who ordered the dismissal of the whole staff of the concern for tearing down posters of the Emperor's recent speech to the workmen's delegation and because the manager was unable to replace these men. The works are strongly guarded by police. The Admiralty and the War Office have requested Governor-General Trepoff to allow the workmen to be re-employed and it is hoped the factory will reopen on Monday.

The men say they tore down the posters because the deputation which waited on the Emperor did not include their representatives.

A certain amount of agitation continues here. Printers in several establishments have struck again, because the employers refused to pay them for the week they were idle.

STRUGGLE FOR REFORM.

Moscow Nobles Send Liberal Conservative Petitions to Czar.

MOSCOW, Feb. 4.—The Assembly of Nobles today voted on two addresses to the Emperor, and the conservative address was adopted by a vote of 219 to 148. After a discussion, however, the assembly decided to forward both the liberal and the conservative addresses to His Majesty.

The conservative address declares the present troubled time is not the right moment to consider any reorganization of the system of government and exhorts the autocratic Emperor to rule in consciousness of his strength, for in the greatness of his power lies the strength and hope of the Russian people.

A dispatch from Moscow last Wednesday said that two drafts of resolutions were in circulation, one insisting only on maintenance of the autocracy and the other asking political freedom for Russia, urging the government to make necessary changes in the law to enable a representative assembly to be convoked and appealing to the throne to issue a manifesto assuring the country of its intention to take steps to this end without which it would be impossible to restore tranquility to the country.

At a meeting Friday it was decided to vote for a modified form of address, in effect that the nobility was eagerly awaiting a word from the Emperor which would show that the bonds uniting the throne and the people were still unbroken and that the Emperor would then be deemed advisable, upon the election of representatives of the people to have a share in the government.

FOR RELEASE OF GORKY.

Strong Movement Spreads Through France and Italy.

ROME, Feb. 4.—Demonstrations in sympathy with the Russian reconstructive movement and for the release of Maxim Gorky, the author, continue to be held throughout Italy.

PARIS, Feb. 4.—The imprisonment at St. Petersburg of Maxim Gorky, as a result of the part he took in the reform movement in Russia, creates a profound impression in French literary circles, who are signing a petition for his release.

TAKE PASS AND LOSE IT AGAIN

Russians Win Ground Until Japanese Gain Reinforcements.

TSINKHETCHEN, Manchuria, Feb. 2 (D. I. T.)—A reconnaissance in force was undertaken February 1 by the Russian

advanced posts toward Delianchun, 24 miles southeast of Tsinkhetchen. The troops started at early morning and by noon drove in the Japanese to Sanchi, then moving round Vantse Pass, the Russians flanked the Japanese position from the east and compelled the Japanese to fall back to Chapien Pass.

The Russians stormed and occupied a portion of Vantse Pass at 10:30 P. M., but the Japanese being reinforced by 600 men, the position of the Russians was untenable. Having carried out the mission of feeling the enemy's strength, the Russians then withdrew fighting, capturing a few Japanese.

TO FIX WORKMEN'S STATUS.

Committee Will Draft New Law by Czar's Command.

ST. PETERSBURG, Feb. 4.—In accordance with the Emperor's ukase of December 25, the Ministers have decided to establish a committee at the Ministry of Finance for the preparation of a draft of a workmen's status law.

Attache Given Up as Lost.

PARIS, Feb. 4.—The appointment of Lieutenant Linsard to be Naval Attaché at St. Petersburg, succeeding Lieutenant De Cuyverville, who has not been heard from since he left Port Arthur in August last with Lieutenant Gilgenheim, the German Attaché, indicates the abandonment of all hope of finding the Attaché.

Strikes on Polish Railroads.

WARSAW, Russian Poland, Feb. 4.—The employees of the Vistula Railroad shops have resumed work. Freight traffic has been resumed on the railroads. The strike in the Sosnowice district has spread to the railroad men and other classes of workmen. The men remain quiet.

Strikers Strike Terror in City.

WARSAW, Russian Poland, Feb. 4.—Reports from Czesochowa, Russian Poland, say that city is in a state of panic. The inhabitants are barricading their doors and windows, owing to the attitude of the strikers.

Decree Told Czar's Policy.

ST. PETERSBURG, Feb. 4.—At a reception in his honor today, the new Minister of Justice, M. Manukhin, declared that his policy was defined by the Emperor's decree of December 25.

Strike Stops Railroad Traffic.

BRESLAU, Feb. 4.—Railway traffic between Silesia and the Russian town of Sosnowice is entirely suspended.

FULTON TALKS ON FORESTS.

Opposes Proposed New Restrictions Relating to Reserves.

OREGONIAN NEWS BUREAU, Washington, Feb. 4.—Senator Fulton took occasion today during the debate on the agricultural bill to enter a vigorous protest against two provisions of that measure, one giving the Secretary of Agriculture authority to prohibit the shipment of forest reserve timber out of the state where it is cut; the other permitting owners of timber lands to relinquish them to the Government with the understanding that they are to become private forest reserves and bear the names of the donors.

On the first proposition Senator Fulton declared that timber cut in forest reserves should be allowed to enter interstate commerce the same as any other timber. He objected to the latter proposition on the ground that it would permit owners of timber lands to remove the timber and relinquish the bare lands to the Government, thereby avoiding the payment of taxes. He furthermore objected to having diminutive forest reserves dotting the various Western States. He thought such reserves would accomplish no particular good.

Incidentally, Senator Fulton severely criticized the lavish manner in which the Government has been withdrawing lands and creating forest reserves. While ready to admit that reserves are essential and beneficial, he thought there had been great recklessness in the past and that vast withdrawals of timber lands had retarded the development of many states, particularly Oregon. Such recklessness, he said, was crippling the resources of the timber states and had the effect of keeping from market large areas of timber that is mature, and should be sold and used.

WILL VISIT THE FAIR

Governor and Committee of Massachusetts Solons.

BILL UP IN LEGISLATURE

Special Appropriation for Trip to Portland Will Be Made—Probably Distinguished Men Will Come in Summer.

BOSTON, Mass., Feb. 4.—(Special.)—A legislative junket for Massachusetts solons is to be engineered to Portland, Or., to attend the Lewis and Clark Exposition. Besides the \$15,000 already appropriated for Massachusetts' representation in the Fair exhibits, another sum is to be appropriated, either \$5000 or \$10,000, probably the latter. This will be spent for traveling expenses of a special committee of five from the House and three from the Senate, with the Governor, the Speaker, the President of the Senate and some of the military staff.

The watchdogs of the treasury are pretty well chained up this year, and it is probable that the appropriation will go through, with thirty Swamp-root men in charge of the party. However, there will be no elaborate wining and dining and each member of the party will be obliged to buy his own cigars and champagne, as was the case on the trip to St. Louis.

Orators are pointing out that the appropriation should be much larger to make a good showing and secure trade, inasmuch as New York spent \$500,000 for St. Louis and sent three regiments of troops.

HE GIVES IT UP.

vance on account of the internal conditions in Russia is also untrue. The fighting was inaugurated independently and the operations could have assumed important dimensions only in case of the success of the primary object, the capture of Sandepas.

SURRENDER WAS NECESSARY

Stoessel Indignantly Denies Port Arthur Could Have Held Out.

COLOMBO, Ceylon, Feb. 4.—General Stoessel, the former commander of Port Arthur, the Russian officers and others accompanying him arrived here today from Japan, by way of Shanghai, on board the French line steamer Austral.

In an interview with the correspondent of the Associated Press, the General denied the statements published to the effect that Port Arthur was surrendered prematurely. He was especially indignant at the statement by a newspaper that there were at the time of the surrender 25,000 able-bodied men in Port Arthur, capable of making a sortie, hundreds of machine guns, plenty of food and ammunition, the largest magazine being untouched and full to the roof, and that there was an ample supply of food for three months, and that the supplies were received. The General characterized these statements as unjustified and not supported by facts.

Colonel Reiss was among the negotiators of the surrender of the fortress, said: "The garrison could not have held out a moment longer. It would have been a massacre. Only 25 rubles remained in the military treasury out of 1,000,000 rubles at the commencement of the siege. Four hundred men were dying daily at the hospitals. Scarcely any food, wounds and scurvy. General Kondratienko was the hero of the siege."

Colonel Reiss further declared that the Japanese were "admirable soldiers, but poor in the use of the bayonet compared with the Russians and French."

General Stoessel and others of his party will transship at Port Said for Odessa.

ALL ATTACKS REPULSED.

Japanese Version of Fighting Tells of Heavy Russian Loss.

TOKIO, Feb. 4 (1 P. M.)—Manchurian headquarters, telegraphing under date of February 3, says: "Thursday, February 2, the enemy's artillery bombarded from several points our right wing. Otherwise the situation is unchanged. In the direction of our center, at 11:30 Friday morning, February 3, one company of enemy's infantry attacked our outposts from the Mukden road, and later another section was attacked in the neighborhood of 'Wanchiayantzu. Both attacks were repulsed."

"In the direction of our left the enemy has been attacking in the neighborhood of Lutiaokou since the morning of February 2. Their force, which consisted of the First and Fifth Rifle Brigades, was driven back toward Changtun. The enemy's losses are estimated at 700. As they witnessed the removal of over 300 dead."

"The Russian dead already interred after the battle of Heikoutai, in the neighborhood of Sumapao alone, number 300."

NO MOVE MADE FOR PEACE.

Rumors of Mediation Denied by Britain and Germany.

BERLIN, Feb. 4.—The London report that Emperor William considers this an opportune moment for Great Britain and Germany to join in an effort for peace in the Far East is treated by the Foreign Office here as being merely a variation of an old phantasy, quite without semblance of foundation. Russia has given no intimation that she desires peace, and it is deemed here impossible that Germany should advise or suggest peace without an invitation from both belligerents. The realities of the situation now preclude the European powers from offering to mediate as they did in the case of President Roosevelt two months ago.

THIRD SQUADRON TO SAIL.

More Russian Warships Are Bound for the Orient.

ST. PETERSBURG, Feb. 4.—The Third Russian Pacific squadron, commanded by Admiral Nebokotoff, and consisting of the battleships Nicolai I, General Admiral Apraxine, Admiral Oshakovskii and Admiral Senavin, the cruiser Vladimir Monomach and the auxiliary cruisers Russ and Xenia will leave Liban about February 1.

The delay in the departure of the squadron is due to the placement of artillery. The Russ carries captive balloons

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

To Prove What Swamp-Root, the Great Kidney Remedy, will do for YOU, Every Reader of The Oregonian May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

The mind and immediate effect of Swamp-Root the great kidney and bladder remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

Dear Sir: I was in the Army, I had more than ten kidney troubles, and within the past year I became so weak and exhausted that I suffered everything and was much alarmed. My strength and power was fast leaving me. I saw the advertisement for Swamp-Root and wrote asking for advice. I began the use of Swamp-Root and a decided improvement came. After taking Swamp-Root only a short time, I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine me and he pronounced me cured. I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am, Very truly yours, C. H. RICHARDSON.

Swamp-Root is not recommended for everything, but it promptly cures kidney, liver and bladder troubles, the symptoms of which are—obliged to pass your water frequently night and day, smarting or irritation in passing, bristling or sediment in the urine, headache, backache, lame back, dizziness, poor digestion, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuritis, rheumatism, diabetes, bloating, irritability, worn-out feeling, lack of ambition, loss of flesh, sallow complexion, or Bright's disease.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is pleasant to take and is for sale at drug stores the world over in bottles of two sizes and two prices—fifty cents and one dollar. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTE.—In order to prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many testimonials received from men and women cured. Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Portland Sunday Oregonian. The genuineness of this offer is guaranteed.

and the Xenia coal and other supplies and a repair shop. Torpedo boats will join the squadron at sea.

HARD FIGHT FOR WICKERSHAM

Platt's Attitude May Delay Action Till Next Session.

OREGONIAN NEWS BUREAU, Washington, Feb. 4.—Strong efforts are being made to induce the Senate committee on judiciary to favorably report the nomination of James Wickersham as Judge in Alaska. Two members of the subcommittee are favorable to him, and if the third can be brought into line, it is hoped the nomination may be confirmed.

Chairman Platt, however, has announced that he will not allow an unfavorable report to be made unless Wickersham is permitted to appear in self-defense. This cannot be done this session and means that if the committee does not report favorably, there will be no action whatever until next session.

MONEY IS NEEDED NOW.

Fulton Will Ask Senate for \$500,000 for Columbia River Mouth.

OREGONIAN NEWS BUREAU, Washington, Feb. 4.—Senator Fulton today presented to Chairman Burton, of the river and harbor committee, a telegram from the Portland Chamber of Commerce, asking that the \$500,000 which the river and harbor bill stipulates shall be hereafter appropriated for the mouth of the Columbia, be made immediately available, making it a condition of the bill.

Treatment of Piles

Permanence of Cure the True Test. Many so-called pile remedies will afford the user slight temporary relief and the majority of those afflicted do not expect more than this.

The average sufferer, after having tried every preparation recommended for the cure of piles, comes to the conclusion that there is no cure except by an operation and rather than undergo this "last resort," he suffers on, resigned to the situation, so far as may be. The attention of those interested is invited to the following experience.

"After ten years of suffering from blood, bleeding and protruding piles and after using every remedy I could hear of without any benefit, I finally bought a 50-cent box of Pyramid Pile Cure and used it with such good results I bought next a dollar box, which finished up the job. That was nearly six years ago, and as far as piles is concerned I am cured, and have never felt a symptom of them since."

"Many others have used this remedy by my advice with the same results and I always recommend it to sufferers with piles." C. H. Potts, Burlington, Kan.

Testimony like this should convince the most skeptical the Pyramid Pile Cure not only cures, but cures to stay cured. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected and does its work quickly and painlessly.

Druggists generally sell this famous remedy for 50 cents a package and sufferers are urged to buy a package now and give it a trial tonight. Accept no substitutes.

A little book describing the causes and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and same will be sent free to any address for the asking.

The storm is general all over Arizona.

Aside from the railroad conditions, the city has been all day in excitement from the surface flood that swept across the country from Cave Creek, which is ordinarily swallowed up in the desert about Glenview. The flood from the West End of the city, surrounded the territorial Capitol with a lake. The water lacked an inch or two of entering the building.

Dossens of ranches and dairy and garden farms in the path of the water were submerged to the depth of two or three feet, but the water is now fast falling.
