Dancing Party at Hood River.

Society in the pretty little city of Hood River on the Columbia attended a bril-liant dancing party last Wednesday evening. No more happy and successful event has taken place there in years. The dancing pavilion of the Knights of Pythias Hall was festooned with hearts, bright red hearts, and entwined in pretty contrast were decorations of evergreen and Oregon grape. The sentiment of Valentine was everywhere suggested. Potted palms were numerouse, and here and there were tastefully decorated cozy orners. Eight young ladies were the ostesses of the evening, and they spared nothing to add to the attractiveness of ndings and the entertainment

of their guests. Dancing began at 9 o'clock sharp, with a grand march, led by Mr. and Mrs. R. Norman Young. A Portland orchestra furnished music.

The young ladies, whom their guests overwhelmed with congratulations for the success of the party, were: Miss Baker. California to Open Fire on Trusts

Bill on Greedy Corporation to Be Reported On and Hostilities May Ensue-Mutters of Interest In the Bay City.

S AN FRANCISCO, Feb. 16.—The com-of "Carmen" at his best. The piece is not sustained, however, and weakens California a repetition of the battle greatly in the last act. It demands exbetween the Standard Oil Company and the independent producers which has just been waged in Kansas. A bill was infinery, which should purchase from independent producers and use the refined product in the state institutions. This James F. Ewing and Harrison G. Platt | John, has been in committee since the sires to make it clear that he has the inopening of the session. It is to be reported now, however, and the fight will begin. The subject here is a much great-er one than in Kansas. The oil industry here is far greater than in any other state in the Union, and numbers is the grip of the Standard more firm, and no-

where does it squeeze its victim more ten-aciously than in California.

Prices have steadily dropped for the crude product, while the refined oil has advanced in price. This is the game the Standard has been playing in California. High quality crude oil a year ago was bringing 75 and 80 cents at the well. Then the price was forced down to \$62-3 cents the price was forced down to 66.2-3 cents, later to 56, and now the Standard has shoved it down to 40 cents. As a result scores of wells are now idle, for the figure is prohibitive. The Standard has such a tight grip on the Coast that it is the only purchast in the field. The oil men have submitted until conditions have become intolerable. A state refinery is considered socialistic, and it may not is considered socialistic, and it may not be able to at once afford the desired relief. A Standard Oil lobby is ready to do what it can to avert any harmful legislation. The company has grounds for the belief that there are those among

California's Legislators who would not In other ways it appears that California has become so used to the chafing collar of corporation greed that without it she is uncomfortable. A striking instance of this presented itself this week when the State Beard of Trade adopted an elaborate set of resolutions protesting against the revision of freight rates as planned by President Roosevelt. These resolutions have caused general surprise throughout the state, for if any state wears the railway shackles, it is Call-fornia. No more convincing proof of this is necessary than the argument of Frank Spearman, one of the greatest authorities on railway matters in the United States. who, in a recent article in one of the well-known magazines, pointed out that the whole commerce of California is absolutely at the disposal of the Santa Pe and Southern Pacific railroads, depend-ent on their wishes, whims and greed. A close inquiry into the State Board of Trade reveals the fact that it is closely allied, in many ways, with Southern Pacific interests. The argument against rate revision is that California, by her extreme geographical position, would be forced to compete with the Middle West on more nual ball of the Knights of Columbus, to be given Tuesday evening at Parsons Hall. rates be revised. It suggests the story of the man who had been a prisoner so long in a dungeon that when released the light blinded his eyes, and he hastened back to his prison again. As a climax to his visit he has been given a rousing reception by the Union League Club. While it is recognized that Flint is an able man, his long association with the Southern Pacific Railway has raised the question as to how far he will support President Rooseveit in his rate revision policy.

Danderme PROVE IT

PLORENCE RUSSELL, MISS MARMARA HENRY,

CHICAGO.

Miss Heary asys: "Before I began using Dunderine
my hair was falling out in great handaful, and I am
pleased to say that Danderine not only stopped ft. at
once, but has made my hair grow more than twice
as long as it ever was."

Mrs. Eloise Atherion, Little Rock, Ark, says: "It
is surely remarkable the way Danderine improves
the hair. It has made my hair grow ten inches longor in five months and it is getting thicker and longer
all the time. I believe in giving braise where it is
due, and you can use my name as reference if you
so desire."
