EASY FOR HORATIUS

Captures Waterhouse Cup in a Romp.

GOOD OLD VETERANO SECOND

Six Long-Distance Racers Run Two and One-Half Miles—Stakes Are Worth $3000 to the Winner.

SAN FRANCISCO, March 4.—In the Waterhouse cup, six long-distance racers responded to the bugle-call. Frank Skinner's sterling son of Oddfellow, Horatius, ruled favorite at 11 to 10. He outclassed his field. He was always within striking distance of the pacemaker, Divina, and when Birkenruth let him down for the final dash to the wire it was all over but the shouting. Veterano made a bold bid, but it was useless, and he downed Barrack for the place. Divina was tired enough to lie down, while Flying Torpedo made a poor showing, and Colonel Anderson finished last. Weather clear; track fast. Results:

Seven furlongs—Serenity won, Lady Kent second, Toto Gratiot third; time, 1:27.

Seven furlongs—Hulford won, Bab second, Mountebank third; time, 1:28.

One mile, selling—Montana Peeress won, Hugh McGowan second, Trapsetter third; time, 1:41¼.

Two and a quarter miles, the Waterhouse cup, $5000 added—Horatius won, Veterano second, Barrack third; time, 3:58¼.

Mile and 50 yards, selling—Padua won, Nigrette second, Stilicho third; time, 1:48.

Futurity course—A. B. Cook won, Saleable second, Arabo third; time, 1:10.

MARTINMAS WINS STAKE.

Beats Requiter, the Favorite, at Los Angeles.

LOS ANGELES, Cal., March 4.—The Coronado Beach selling stakes worth $1860 to the winner was the feature at Ascot today. Martinmas, at 4 to 1, was the winner of the stake event, beating the even-money favorite, Requiter, in a drive, with Sheriff Bell third. R. M. Brattain stepped five furlongs in one minute flat and won the third money from Pelham and Westbrookfield in the order named. Weather clear; track fast. Summary:

Slauson course—Meadowthorn won, Miss Powell second, Philanthropist third; time, 1:11¾.

Four and half furlongs—Silver Sue won, Astral 11 second, Ila third; time, 0:55¾.

Five furlongs—E. M. Brattain won, Pelham second, Westbrookfield third; time, 1:00.

Coronado beach selling stakes, $1250 added, mile and a sixteenth—Martinmas won, Requiter second, Sheriff Bell third; time, 1:47¾.

Mile and an eighth—Water Cure won, Sinner Simon second, Briar Thorpe third; time, 1:54½.

Slauson course—True Wood won, De Grammont second, Swift Queen third; time, 1:11¾.

Racing at New Orleans.

NEW ORLEANS, March 4.—Crescent City results:

Seven furlongs—Yorkshire won, Hadrian second, The Eye third; time, 1:28 3-5.

Mile and a sixteenth—Postmaster Wright won, Maraschino second, Blue Blaze third; time, 1:48 1-5.

Five and a half furlongs—Kitties won, Kitty Platt second, Go to Win third; time, 1:07 3-5.

Speed handicap, six furlongs—Rams Horn won, Tripper second; Escutcheon, third; time, 1:12¾.

One mile—Oldstone won, Gregor K. second, King's Trophy third; time, 1:39 4-5.

Mile and three-quarters—Evelyn Kinsey won, Royal Arms second, George Vivian third; time, 3:03 4-5.

Six furlongs—Annie Alone won, Lord of the Valley second, Miladi Love third; time, 1:14 2-5.

Hot Springs Races.

HOT SPRINGS, Ark., March 4.—Results:

Six furlongs—Canajoharie won, Vanness second, Kildoe third; time, 1:16.

Half mile—Dr. McCarthy won, Jean Lee second, Pretty Nellie third; time, 0:50.

Mile and an eighth—Gus Heidorn won, Jack Young second, Nomandie third; time, 1:56 4-5.

One mile, gentlemen riders—Leone won, Collegian second, Dawson third; time, 1:49.

Five furlongs—Freen won, Angleta second, Jim Along third; time, 1:02.

One mile—Far West won, Yeoman second, Sanction third; time, 1:45.

One mile—Hildebrand won, Allan second, Pancreatis third; time, 1:44 4-5.

START TO PRACTICE.

Four of McCredie's Players Begin Training.

BAKERSFIELD, Cal., March 4.—(Special.)—Those Webfooters from up Portland who are to train here for the Pacific Coast League season of 1905 began unlimbering this morning. Manager Walter H. McCredie and four of the vanguard of his baseball troopers journeyed out to Athletic Park, and with the assistance of a dozen or more schoolboys indulged in the first preliminary practice of the season. With Manager McCredie were Eddy Householder, Deacon Van Buren, Jimmy Gleason and Pitcher Esslck.

McCredie was content with having his pennant-winners chasing flies that were knocked into the outfield by the youngsters and limbering up on the bases. About two hours were spent in this pastime. This was enough, for the sun had kissed the thermometer until it registered 100 degrees. From the field the players went to the clubhouse, where they took a shower bath and received a rubdown by an expert whom McCredie had engaged especially for the purpose.

Pitcher Garvin, Ats Gillpatrick, French, Runkle and McLean are expected here on the overland trains late this evening or tomorrow morning, and Swindells will land here early next week. Jim St. Vrain and Bert Jones arrived tonight. McCredie has capitulated to Mike Fisher, allowing him to have a clear field with his Tacoma team against the Chicago Nationals in this city on March 12. When the Portland manager arrived here, it was his intention to proceed to Los Angeles and arrange to bring players to this city for a game on the above date, but the management of the new baseball park talked him out of it.

On March 16 the Webfooters will play the Chicago Nationals here, and that day will surely be a holiday, and a record-breaking attendance is assured. Tomorrow the Portland team will play an exhibition game with a picked team from the Kern County Commercial League, which just closed its season. Several strong professionals have been incorporated into the line-up of the locals, and McCredie's men will meet a nine in perfect condition, and will be obliged to play ball to win. Those representing Bakersfield are Claflin, pitcher; Kaymee, catcher; McCue, first base; Benson, second base; Durge, third base; Shea, shortstop; Alexander, left field; Oberle, center field, and Westlake, right field. This team will play the Webfooters three games each week.

Next Sunday the new recreation park will be inaugurated. It has the finest diamonds in this part of California. The grounds were built by the Transit Company, and every modern convenience for training has been installed. Nearly all the other Pacific Coast League teams are preparing in cities not far from Bakersfield, and the park management is negotiating with Los Angeles, Oakland, San Francisco and Seattle for games against Portland Sundays during this month.

Eddy Householder ran from the Kern City station to the Southern Hotel, in this city, where the ballplayers are stopping, a distance of three miles. Esslck, who is from Salt Lake, closed the day very stiff. Little Gleason, who formerly wore the colors of a Washington university, took off a few pounds of fat. The "Judge" devoted almost the afternoon to running, and his legs are sore tonight. McCredie received word that Coe left Omaha for this city today.

UNITE THE MINOR LEAGUES

Mission of O'Neill and Griffiths to President Bert.

SAN FRANCISCO, March 4.—(Special.)—Tip O'Neill and Howard Griffiths, the baseball magnates who were delegated by the Western and Eastern leagues and the American Association to confer with the Pacific Coast League in regard to forming an organization to combat the major leagues, arrived from Chicago early this morning. As soon as they arrived they called on President Bert.

Neither O'Neill nor Griffiths would discuss their mission until they had met the president of the Pacific Coast League. They did say that they thought the big leagues were too dictatorial, and that it was time for the minor leagues to stand together. If the latter organize, O'Neill and Griffiths both expressed the opinion that the National and American leagues would come off their high horse and be willing to treat fairly with the minors. Neither magnate was certain that there would be a baseball war.

The main object is to get better terms from the big leagues. A special meeting of the Coast League has been called for Tuesday, March 7, to consider the proposition.

MAY BE ONLY A JOKE.

Western Bowlers Talk of Forming New League.

SPOKANE, March 4.—A plan for the formation of a Western Bowling League is made public by the Chronicle today. The plan is for San Francisco, Denver, Butte, Spokane and Seattle to secede from the American Bowling Congress, forming a new league. The recent action of the American Bowling Congress in requiring regulation alleys with flat gutters and limiting balls to 16 pounds is given as a reason for the threatened secession.

Oregon City Team Beaten.

The Portland All Stars defeated the Oregon City team last evening at the Portland Bowling Alleys, after brilliant playing by both sides. The Oregon City team was outclassed, as it is practically new to the game, while the Portland bowlers are little short of professionals. The All Star team was picked from the very best players in the city. The following is the score of the contest:

PORTLAND STARS.

	1st.	2d.	3d.	Tot'l.
Caspen	175	175	160	510
Ball	171	179	214	555
Kneyse	142	144	213	549
Withers	213	211	161	585
McMenomy	234	171	196	601
Totals	935	871	944	2,750

OREGON CITY.

	1st.	2d.	3d.	Tot'l.
Osmond	145	193	140	478
Norris	159	210	176	545

TAKE SALEM Y. M. C. A.'S SCALPS

Chemawa Basket-Ball Team Wins by Score of 21 to 19.

CHEMAWA, Or., March 4.—(Special.)—The Chemawa second basket-ball team played the Y. M. C. A. of Salem a game of basket-ball today, and the visitors were defeated by a score of 21 to 19. Both teams played fast ball. Twenty-minute halves were played. Bagnell threw three goals, Ladroute four goals and Casey two goals and three fouls for the Indians; while for the Y. M. C. A.'s Bashor threw four fouls, Underhill four goals and one foul, and Kantner three goals. The following was the line-up:

Y. M. C. A.	Position.	Chemawa.
Bashor	F.	Bagnell
Underhill	F.	Ladroute
Kantner	C.	Willing
Crawford	G.	Blodgett
Weynans	G.	Casey

Referee, Payne. Umpire, Patch.

Y. M. C. A. Defeats Multnomah.

The Y. M. C. A. put another feather in its cap of victory last night by winning from the Multnomah Club the first game in the series for the city basket-ball championship. It did not take the score of 21 to 15 to show the superiority of the Y. M. C. A. men, since from the beginning of the game they demonstrated their ability to down the wearers of the winged "M." The game was a fast one, however, and much clever playing was shown on both sides.

Thornton, Durand and Livingstone were the factors in winning the game for the Y. M. C. A., while Kennedy and Harder, through their work, saved the Multnomahs from a greater defeat.

The line-up was:

Y. M. C. A.	Position.	Mult.
Thornton	F.	Steadman (capt.)
Durand	F.	Kennedy
Freeman (capt.)	C.	Bellinger
Schramm	G.	Harder
Livingstone	G.	Barton

Officials—H. Wilson and C. Brandon.

STEIWER WINS GOLD MEDAL

Four-Mile Cross-Country Run by Students Is Exciting.

AGRICULTURAL COLLEGE, Corvallis, Or., March 4.—(Special.)—With a gold medal hung up for the winner of each, the four classes at the college this afternoon competed in a cross-country-run contest, for which training has been in progress for several weeks.

The course covered a distance of about four miles, and a requirement was that each class should start at least four men in order to win a medal. The juniors and seniors combined and were allowed to compete for one medal, which was taken by Steiwer, with VanCleve and Burns close seconds. The sophomore contest was won by Beach, and the freshman by Howard. The best time was made by the sophomores. In each instance the runners came home in a bunch.

Will Decide the Championship.

Unwilling to concede to the other their own floor for the decision of the state championship, the Corvallis and Albany College girls' basket-ball teams have agreed to play that game on the local Y. M. C. A. floor on Friday night.

This game is looked forward to with a great deal of interest, since it will decide the girls' championship for the state. The teams are evenly matched as to size, strength and ability, and they should be able to present an exhibition equal to any of those put up by their brothers.

First of the Series.

Physical Director Babbitt, of the Y. M. C. A., has been busy this last week preparing for the state basket-ball championship series to be held on the association floor on the 17th and 18th. This will be the first Oregon championship series and is to be held under the sanction of the A. A. U. and the A. I. N. A. Letters have been sent to all colleges and clubs in the state, and it is expected that a big meet will result.

Columbia College Wins.

After shutting out the Columbia College for the first three innings, the Hill Military Academy fell by the wayside and in one of the first games of the baseball season lost to the college by a score of 15 to 3. During those first three innings the Hills did all the scoring, making one run in each inning, but after that they were hopelessly shut out.

ELEVEN FOR ORIENT

Big Steamer Fleet Will Be Dispatched From Here.

WILL CARRY OUT 50,000 TONS

Passengers of the Ill-Fated Oregon Due in Portland Tonight—Remarkable Towing Feat Successfully Accomplished.

The shipping activity of this port in the next 90 days will be largely confined to the dispatching of cargoes to the Orient. Fully 50,000 tons of miscellaneous freight will be forwarded from Portland to the Far East in the two months, and the port will be visited by at least 11 large overseas carriers.

The Portland & Asiatic Company is rushing cargo aboard the Numantia at Oceanic dock, and will have her away on her voyage across the Pacific by March 9. The Arabia, of this line, is due here March 18, and she will be followed about three weeks later by the Aragonia.

The Ras Elba will finish loading a half cargo of oats at Seattle today, and will sail tomorrow morning for this port to complete her load with hay. She is expected here Wednesday night. Another steamer, not yet chartered, will take similar cargo on the Sound and at Portland. The Forest Brook has been figured upon for the business, but the negotiations had not been closed last night. If she is not fixed, another steamer of the same capacity will be secured. The cargoes of both the Ras Elba and the other vessel will be taken on at the warehouses of Albers Bros., in this city, and at Seattle.

A third tramp steamer to load here will be the Elleric, which is on the way across from Japan. Balfour, Guthrie & Co. have her under charter, and will load her with a full cargo of barley.

The United States army will be well represented in the shipping movements. The transport Buford will come here about the middle of the month and embark the Nineteenth Infantry, now quartered at Vancouver Barracks, sailing on April 1 for Manila. Soon after her departure the transport Sheridan will be due with the Fourteenth Regiment from the Philippines, which is changing stations with the Nineteenth. The Sheridan has orders to sail eastward from Manila on March 15. Besides these regular transports, the Government will charter two commercial steamers to carry a large quantity of lumber—approximately 2,200,000 feet—to the islands. The material was recently purchased here and will be used in the construction of army buildings at Fort William McKinley, at Manila. Bids for the transportation have been called for and will be opened March 10. The law requires that Government supplies be carried to the insular possessions in American bottoms, when such are available; but as American steamers are scarce on the northern coast, provision has been made for the participation of foreign ship owners in the bidding.

The latest addition to the list of Portland-bound steamers is the Drayton Grange, a Britisher of 4245 tons net. She sailed from Wellington, N. Z., March 1 for this city. The steamer is coming in ballast and was probably attracted to this coast, with others, by the revival in the trans-Pacific steamer trade. The Drayton Grange belongs to the Grange line of steamers, plying between ports of Australia, New Zealand and South Africa. She acquired considerable celebrity during the Boer war, when she was used as a British transport between England and the Cape. On the voyage that gave her the most fame she conveyed a large number of sick and wounded soldiers home from the front. She was proved to be well arranged and equipped for the purpose, but for some reason not explained she set sail and proceeded on her way with no physicians aboard.

LONGEST TOW ON RECORD.

Oil Steamer Atlas Brings a Barge From New York to San Francisco.

The longest tow recorded in marine history was brought to an end a few days ago when the Standard Oil steamer Atlas arrived at San Francisco, leading the Standard company's barge No. 93. These vessels left New York 72 days before, and in that time covered a total distance of 13,090 miles, straight run. A great steel cable 360 fathoms in length held the craft together. It parted but once, and then for only an hour. The Atlas left New York with 15,000 barrels of fuel oil in her tanks, and had 5000 left when she arrived. The barge brought 1,255,000 gallons of naphtha. The only stop on the long voyage was made at Punta Arenas. Both steamer and barge will be employed in Coast trade here.

The Atlas was built for the Standard Oil Company at Chester, Pa., in 1898. She is 248 feet long, 40 feet 1 inch beam and 22 feet 5 inches deep. Her net tonnage is 1242. The average speed on the trip was 9½ knots, but without tow the Atlas can make about 14 knots. The crew of the Atlas numbers 25.

Barge No. 93 is a peculiar-looking craft, somewhat resembling a four-masted schooner. Her masts are of steel and the foremast answers the purpose of a smokestack for the engine-room forward. Her steering gear and all the general mechanism are run by steam power, but she lacks steam-propelling power. She is about two years old, is built of steel, and is a thoroughly up-to-date oil-tank barge. She is 280 feet long, 45 feet beam and 21 feet depth. Her capacity is 23,000 barrels of oil.

ALLIANCE DUE TONIGHT.

Brings Up Oregon's Passengers in Addition to Her Own.

The steamer Alliance, which is bringing up the passengers of the ill-fated Oregon, sailed north from Coos Bay yesterday morning, and is due at her dock at the foot of Couch street at 9 o'clock this evening. She has aboard, in addition to the 56 passengers from the San Francisco steamer, about 40 of her own that were taken aboard at the Coast harbors. This number will make things somewhat crowded aboard the vessel, but those who went through the experience of the burning ship off Crescent City will have no cause for complaint.

Barkentine's Busy Nine Months.

ASTORIA, Or., March 4.—(Special.)—The American barkentine Kolo Head, which arrived in last evening from Honolulu, reports an uneventful passage of 16 days. The schooner is a comparatively new vessel, one of the most handsomely fitted up of her class that ever entered the harbor and a remarkably fast sailer. She sailed from Port Townsend to Algoa Bay, South Africa, thence to Natal for orders, thence to Newcastle to load coal for Honolulu, where she remained 30 days, discharging, and thence to the Columbia River, making the entire trip in nine months and 11 days. The run from South Africa to Australia was made in 30 days, reducing the record by three days.

Sue for Loss of Oriel.

ASTORIA, Or., March 4.—(Special.)—The case of J. F. D'Arcy, Jr., B. A. Labbe and H. B. Nicholas, of Portland, vs. the Oregon Railroad & Navigation Company, was today set for trial in the Circuit Court on Friday, March 10. The suit is to recover $185 damages for the loss of the racing sloop Oriel, which the complaint alleges was struck in this harbor last August by the defendant's steamer T. J. Potter, and so badly damaged that she was a total loss.

Passengers From Coos Bay.

MARSHFIELD, Or., March 4.—(Special.)—The following passengers for Portland sailed from here today on the Alliance:

William Abernathy and wife, Miss Abernathy, P. Erickson, J. L. Wormser, Miss H. Suderson, Miss F. Sturvant, T. W. Osborn, Ed Riggs, W. L. Harris, Mrs. E. C. Drew, Miss P. Helsner, J. Christensen, Howard Brownell, A. Jokela, C. W. McLyman, W. F. Weinger and A. B. Daly.

Whereabouts of Tacoma Uncertain.

TOKIO, March 4 (2:30 P. M.)—The whereabouts of the American steamer Tacoma is still uncertain. It is reported that the crew, which is said to have left the ship in the ice north of the Island of Hokkaido on February 10, have communicated with the owners of the vessel, filing a cable message at a northern port of Hokkaido.

Customs Collections in February.

Collections of the Portland Custom-House in February amounted to $50,923. In the previous month the receipts of the office were $69,254. The collections last month were $618 less than those of the same month last year, and were $16,591 under those of February, 1903.

Oregon Reaches San Francisco.

SAN FRANCISCO, March 4.—The steamer Oregon, which took fire last Monday afternoon off Crescent City, while on her way from this port to Portland, returned here today. What remains of her damaged cargo will be removed at Harrison-street wharf.

Tremont Off for Orient.

TACOMA, Wash., March 4.—The big steamship Tremont sailed for the Orient this morning at daybreak. She carries a cargo valued at $500,000 and a number of passengers.

Domestic and Foreign Ports.

ASTORIA, March 4.—Condition of the bar at 5 P. M., obscured; wind south; weather foggy. No shipping moving.

San Francisco, March 4.—Arrived at 8 A. M.—Steamer F. A. Kilburn, from Portland; steamer Oregon, from Eureka, in distress. Arrived—Steamer Mongolia, from Hong Kong, via Yokohama; steamer Centralia, from Gray's Harbor. Sailed—Steamer Glenturret, for Yokohama; steamer Alameda, for Honolulu; British ship Largiemore, for Melbourne; steamer Humboldt, for Seattle; ship Eclipse, for Port Townsend; schooner H. Bendixon, for Tacoma; steamer Mackinaw, for Tacoma; steamer Iaqua, for Astoria.

Havre, March 4.—Arrived—La Gascogne, from New York.

Plymouth, March 4.—Arrived—St. Louis, from New York.

UPHOLD THE LAW.

(Continued from Ninth Page.)

facilitate registration and the noting of party affiliation.

The city charter provides, section 23, that the registration act shall apply to city elections, and further, "No person who has registered for the previous county election and has not changed his residence need register again for the city election. The County Clerk shall keep open the registration books, lists, etc., for a period of 20 days before the 15th day of April next preceding the city election, and during such time shall register all persons who since the registration books were last closed have become eligible to vote at such election, or who, being entitled to vote, have failed to register and shall enter changes of residences occurring since the last registration of all persons who shall apply therefor."

Its Provision Direct.

The direct primary law provides, "That this law shall not operate to prevent any additional registration of voters required by the charter and ordinances of any city or town within the provision of section 6."

Section 6 refers to nominations for municipal elections. District Attorney Manning and Messrs. Greene and Lockwood, arguing in support of the direct primary law, contended that it repealed the former primary law of 1901, and while the act does not specifically mention the year 1905, it is meant to refer to the city election this year. The charter provision for the opening of registration books from March 16 to April 15 inclusive, and the direct primary law provision concerning municipal elections, should be taken together. Counsel argued that when the registration books were opened, electors could appear and have their party obligation registered, the same as having a change of registration effected.

City Attorney's Argument.

City Attorney McNary argued the other side of the question. He admitted that the direct primary law repealed the primary act of 1901, but contended that the new act was not applicable until June, 1906, and quoted from it showing that 1906 was the first year referred to, except that the act provided for the opening of the registration books for the 1904 Presidential election. If there was no primary law this year, the managers of the political parties, counsel said, could arrange a method of holding primaries.

The following statements were made to The Oregonian regarding the law:

County Clerk F. S. Fields: "I think that the matter will rest with the decision rendered by the Judges of the Circuit Court, and that there will be no appeal. I hold that the law is applicable to the June election. Under the city charter the books will have to open for registration 30 days prior to April 15. The books, therefore, will be open from March 15 to April 15. All voters who have registered heretofore will have to come again and declare their party affiliation. This is practically reregistration. We will have blanks specially prepared for those who registered before, and will be able to expedite matters, as the blank will simply have to be filled out, giving affiliation and other statistics necessary."

Representative W. T. Muir: "I have given the subject of the primary law and its effect on the June election no thought. I am not interested in the matter in the least. Whether or not the law is applicable to the June election, I do not know, as I have not studied the situation."

Does Not Know Plans.

C. H. Carey, ex-chairman Republican County Central Committee: "I do not know the plans of the Republican organization regarding the primary law, and have nothing to say regarding whether there will be a regular Republican ticket placed in the field for the June election."

Representative S. B. Linthicum: "I can say nothing on the subject of the primaries and their effect on the June election. I have not talked with others regarding the state of affairs, and have not given the matter enough thought to warrant me in making a statement."

Will Be No Appeal.

City Attorney McNary: "I am confident that there will be no appeal to the Supreme Court from the decision of the Circuit Court Judges regarding the primary law. Mayor Williams simply didn't care to take the responsibility, and the matter was referred to the Judges to settle a friendly contest. Mayor Williams and myself agree to let this decision be decisive, and believe, therefore, that, in view of this decision, the law is applicable to the June election. We will let the matter rest, so far as we are concerned, as the Judges of the Circuit Court have decided."

John Van Zante, chairman of Democratic County Central Committee: "The primary law is valid, and in my opinion applies to the June election. I favor the law, though it is cumbersome, and I believe a much plainer and more harmonious law could have been enacted. I do not think, in view of present circumstances, that the regular Republican organization will put a ticket in the field for the June election. As for a convention, there is no necessity for one before or after the primaries."

HOW NOMINATIONS ARE MADE

What the Primary Law Requires of Political Parties.

The direct primary law having been declared to be now in force, an election will be held under its provisions on May 6, which is 30 days before the Portland municipal election. The judges and clerks appointed to serve at the city election are required to officiate at the primary election. It is held under the general provisions of the Australian ballot law, and the precinct boundaries are the same as in the city election. The tickets used are the same as those used in general elections, except that each political party is designated by a color.

No person is entitled to vote at the election who has not registered and who also has caused his political party affiliation to be noted opposite his registration in the remarks column. Electors can have the latter done by appearing at the County Clerk's office when the books are opened from March 15 to April 15, inclusive, next.

When a voter applies for a ticket he must give his name and that of his political party and receives a ticket for the candidates of that party and none other.

Vacancies in nominations caused by withdrawals, deaths, etc., are filled by the proper officers of political parties.

A political party is described in the act as an affiliation of electors representing a political party or organization which at the next general election preceding for candidate for Representative in Congress received at least 25 per cent of the vote cast for that office in the state.

The Republican and Democratic parties are the only ones that polled such a percentage of votes at the last Congressional election, and consequently are the only parties to which the direct primary law applies.

The Prohibition, Socialist, Populist or other political parties not affected by the act can make nominations as before under the general election laws by an assembly of 100 electors by petition. A citizens' assembly of 100 electors for a citizens' ticker can be held as before.

No person except he receive the direct primary nomination for an office can be placed on the ticket as a candidate for election to that office under the name Republican or Democratic. Independents can no longer use the term Independent Republican, or Democrat, but the word Independent alone.

A nominating petition must be signed by at least 2 per cent of the electors of a party, all of whom must have registered and declared their party affiliations, and for a nomination for a municipal office the signers shall include electors residing in at least one-fifth of the voting precincts.

Before the circulation of a petition for nomination to any office the person who is a candidate shall, in case of a municipal office, file a copy of his petition with the City Auditor, signed by himself, and such copy shall be filed and shall be evidence that he is a candidate. There are many other provisions in the law of a general character.

Goodman, the Athlete, Dead.

PHILADELPHIA, March 4.—Samual Goodman, Jr., a well-known athlete and chairman of the football committee of the University of Pennsylvania, died today of pneumonia.

New Record in Hurdling.

CHICAGO, March 4.—Marc Catlin, of Chicago University, established a new world's record tonight in the Illinois-Chicago track meet by making the 50-yard high hurdles in :06 4-5, beating his own record of 0:07, made a year ago.

Janowski Wins a Game.

PARIS, March 4.—In the 16th game in the international chess match between D. Janowski, of this city, and Frank J. Marshall, of Brooklyn, Janowski won in the 69th move. The present score is: Marshall, 7; Janowski, 5; drawn, 4.

Charcot's Expedition Is Safe.

BUENOS AYRES, March 4.—A telegram to the newspaper Standard announces that the Antarctic ship Le Francais, with the entire Charcot expedition, has arrived at Puerto Madrin, Argentina. There is no confirmation of the news.

MONTAVILLA 5-ACRE TRACTS

At Montavilla Station, on O. R. & N.

Offices in Van-Noy Hotel, 52½ Third St., Cor., Pine, Portland, Or

How Sickness Starts In The Inside Nerves.

Most forms of sickness start with the inside nerves. Indigestion, sour stomach, heartburn, dyspepsia—weak kidneys, diabetes, Bright's disease—liver irregularities—Heart irregularities—Bowel irregularities—all of these ailments, and the ailments which they, in turn, bring on, are due directly to derangements of certain nerve centers.

Understand first that we have two entirely separate nerve systems. When we walk or talk or act we call into play a certain set of nerves—nerves which obey our mental commands. That is why the arm can be raised or the mouth opened, or the eye shut at the slightest desire. That is why your fingers can delicately pick up a pin one moment and hold a heavy hammer the next.

But these are not the nerves we are to consider here.

There is another set of nerves which control and govern and actuate the heart and the stomach, the kidneys and the liver and all of the vital functions. You cannot control these nerves. By no supreme effort of mind can you make your heart stop or start—nor can you even make it vary by a single beat a minute. And so with the stomach and the liver and the kidneys and the bowels—they are automatic—they do their work at a certain set speed, whether you are awake or asleep—whether you will it or not.

It is on these inside nerves that life and health depends. So long as these nerves perform their proper duties we are well and strong. When they fail, we know it by the inevitable symptoms—stomach, heart, liver, kidney troubles. And these troubles have no other origin ever than in these same nerves. For the stomach, the heart, the liver, the kidneys, have no power of their own, no self-control. They owe their every impulse to the inside nerves. The nerves are the masters. The organs their slaves.

But the most interesting part about the inside nerves is the bond of sympathy which exists between all centers and branches of this great automatic system.

The center, which, for instance, controls the stomach, is known to science as the "solar plexus." The heart center is called the "cardiac plexus." The kidney center, the "renal plexus." Yet it is a well-known fact that in prizefights, a solar plexus blow instantly stops the heart, although its usual operations concern only the stomach. Why? Because of the bond of sympathy between the various branches. That is the reason the inside nerves are sometimes called the "sympathetic" nerves.

This explains why stomach trouble often develops into heart trouble—why indigestion brings on nervousness—why diseases become complicated. It explains, too, why ordinary medical treatments are wrong—why medicine so frequently fails.

My Free Dollar Offer.

Any sick one who has not tried my remedy—Dr. Shoop's Restorative—may have a Full Dollar's Worth Free. I ask no deposit, no reference, no security. There is nothing to pay, either now or later. I will send you an order on your druggist which he will accept in full payment for a regular, standard size Dollar bottle. And he will send the bill to me

C. I. Shoop, M. D.

More than 30 years ago this thought came to me:

"If life and health depend upon perfect heart action, upon proper stomach digestion, upon correct kidney filtering, why does not life itself depend upon these life-governing power nerves—these inside nerves.

I realized, too, that all ailments which result from one cause may, of course, be cured by one remedy. I resolved not to doctor the organs, but to treat the one nerve system which operates them all.

For those who treat only the symptoms need a different remedy for each. Such treatments are only palliative; the results do not last. A cure can never come in disease of the stomach, heart, liver or kidneys until the inside nerve power is restored. When that is done, Nature removes the symptoms. There is no need of doctoring them.

My remedy—now known by druggists everywhere as Dr. Shoop's Restorative—is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up and strengthens it and makes it well.

There is no mystery—no miracle. I can explain my treatment to you as easily as I can tell you why cold freezes water and why heat melts ice. Nor do I claim a discovery. For every detail of my treatment is based on truths so fundamental that none can deny them. And every ingredient of my medicine is as old as the hills it grows on. I simply applied the truths and combined the ingredients into a remedy that is practically certain.

I have made my offer that strangers to my remedy may know. It is not intended for or open to those who have used my remedy. They need no further evidence. But to those who have not heard, or hearing, may have delayed or doubted, I say "simply write and ask." I will send, you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription, and he will send the bill to me.

Will you accept this opportunity to learn at my expense absolutely how to be rid forever of all forms of illness which are caused by inside nerve weakness—to be rid not only of the trouble, but of the very cause which produced it? Write today.

For a free order for a full dollar bottle you must address Dr. Shoop, Box 4173, Racine, Wis. State which book you want.

Book 1 on Dyspepsia.
Book 2 on the Heart.
Book 3 on the Kidneys.
Book 4 for Women.
Book 5 for Men.
Book 6 on Rheumatism.
