

KILLED BY HIS BOMB

Porter in Warsaw Planned to Blow Up Employer.

MARTIAL LAW KEEPS PEACE

Czar's Rescript Well Received by All Except Workmen—Frightful Massacre of Students by the Police at Tomsk.

WARSAW, March 4 (4:38 P. M.)—A telegram from Lodz says a bomb was exploded today in the mansion of M. Poznanski, a millionaire cotton manufacturer, and one servant was killed. M. Poznanski's employees went out on strike yesterday.

The bomb exploded in the hands of the house porter, who is supposed to have been examining it. The porter was blown to pieces. Two other bombs and incriminating correspondence were found in the porter's apartments. The police believe the bombs were intended to kill M. Poznanski.

HAILED AS NEW EMANCIPATION

Czar's Rescript Received With Joy as Step to Freedom.

ST. PETERSBURG, March 4.—The imperial rescript announcing that Emperor Nicholas has decided to convene an assembly of elected representatives of the people to elaborate and consider legislation has produced a wonderful impression. The war and the battle below Mukden are forgotten. The rescript is regarded by many as a second emancipation proclamation.

The Novoye Vremya characterizes it as Russia's happiest hour. The Liberals are amazed, and in the flush of enthusiasm are regarding it as a recognition of the elective principle and the complete surrender of autocracy, but discriminating people, while regarding it as a great victory, realize that all will depend on the manner in which the reform is carried out. They do not yet harbor the vision of a great national assembly debating all questions of state. According to their view, an entering wedge has been made, but the fight between Liberalism and Conservatism is now transferred to the commission charged with the elaboration of the reform, and only by keeping up the agitation do they believe a real triumph is achievable.

That the light will continue in the committee is unquestionable. One of the Ministers, a man who has labored in favor of broad concessions to the representative of the Associated Press today that a content is inevitable. According to his opinion, it is useless to try to forecast the result, but the great principle for which he and others have been fighting had won. High hopes are now entertained by the Government of calming the present agitation, which is convulsing the country. Bloodshed is feared in Poland and other parts of Russia, and the authorities have taken the most energetic measures everywhere. Here the conscripts are full of troops and gendarmes, and patrols of Cossacks are parading the industrial section in anticipation of trouble. But the rescript has had a quieting effect on the workmen, and Governor-General Trepoff says he is convinced that nothing on a large scale will occur, although it is possible that there may be slight disorders.

EVERGREEN STATE'S BUILDING

Will Be Erected by Linne & Carroll, of Seattle, for \$26,791.

TACOMA, Wash., March 4.—(Special.)—The Lewis and Clark Fair Commission met at the Tacoma Hotel this afternoon and awarded the contract for the state building to be erected on the Fair grounds at Tacoma to F. J. Linne and D. Carroll, contractors of Seattle.

SAVAGES BUTCHER STUDENTS

Horrible Brutality of Police and Soldiers at Tomsk.

ST. PETERSBURG, March 4.—Mail advice which have just arrived here give details of the student riots at Tomsk, Western Siberia, February 28, preceding the closing of the University and Technical Institute. They represent it as a horrible affair in which students were hounded, shot and stoned by the 177 guards, Cossacks and police. Nine students were killed and 23 were seriously wounded.

Over 100 young men and women were taken to the police station, where they were stripped of their clothing and some of them were beaten into insensibility with sticks of wood. The women were dragged about by the hair, and cries from the police of "there is a wretched liberty hound." So shameful was the action of the police that the whole Fifth Division of police was bound over by the court on the charge of brutality.

The indignation at Tomsk was so intense that the professors of the Technical Institute joined in deciding to strike until the form of government is changed. The university students at a final meeting tore up the Emperor's picture.

Geppon on His Way to London.

GENEVA, Switzerland, March 4.—Father Geppon, leader of the Russian workmen on the last Sunday, January 22, who has been here for the last two days, left Geneva today for London by way of Paris.

GIVE GOVERNMENT A CHANCE

Rescript Well Received by Liberals, but Not by Workmen.

ST. PETERSBURG, March 5.—The imperial rescript has been well received by the Liberals generally are willing to wait and give the Government a chance to formulate reform measures. In the absence of knowledge of details of the extent to which the reforms will extend, they are not declaring themselves positively either for or against the rescript. The more radical of the workmen, however, are far from pacified, and a general strike may be declared March 6 or 7. There were no disorders in St. Petersburg yesterday and no trouble is expected today. Work has now ceased in 88 factories and 8,964 men are idle. Several newspapers will not publish today.

Japanese Try to Sink Contraband.

MANILA, March 4.—Japanese embarked on fishing sampans made four attempts to sink the British steamer Carlisle last night, according to details in a report to which the reforms will extend, they are not declaring themselves positively either for or against the rescript.

Japanese Take Three Villages.

GENERAL KUROKI'S HEADQUARTERS IN THE FIELD, Friday, March 4. A. M., via Fusan. (Delayed in transmission.)—During last night the Japanese occupied three more villages in the Russian line of defenses, carrying the captured lines 21 miles east of Changtan.

are falling back on their heavy defenses south of Mukden.

The Japanese movement is entirely successful. The Japanese losses have not yet been reported, but it is probable that they will not be heavy, considering the importance of the movement.

Japanese Seize Another Steamer.

TOKIO, March 4.—The British steamer Eastby Abbey, from Cardiff, bound for Vladivostok, was seized by the Japanese gunboats on February 27.

STILL DESIRE REFERENDUM.

Voters of Yamhill County Discuss Question With W. S. U'Ren.

McMINNVILLE, Or., March 4.—(Special.)—At the meeting of the referendum committee today, W. S. U'Ren, of Oregon City, was present. He stated as the reason for his visit a request from Senator Kuykendall, of Lane, that he come to McMinnville and learn the extent of the referendum movement and to see if the citizens' mass meeting could be reconvened and the petition calling for a referendum of the \$1,000,000 appropriation bill called in, and also petitions for initiative measures to correct the evils complained of to be circulated instead.

The movement was fully discussed by the committee and Mr. U'Ren. During the discussion Mr. U'Ren was asked by the committee if it was not the purpose of those opposing the referendum to sidetrack the movement by initiative movement. He made no definite reply to this question. Before leaving the city Mr. U'Ren stated as his opinion that the petition would readily receive the required number of signatures, and that in all probability the appropriation would be vetoed by the people. This will be the case, if Yamhill County is any criterion.

During the day, while Mr. U'Ren was here, the purpose of his visit became generally known, and the possibility of his opposition seemed to stir the people into more determined action. Expressions were often heard on the streets that he no doubt of their determination to defeat the bill at the polls.

The situation in the county may be summed up in Mr. U'Ren's statement to Senator Wright before leaving that "if an angel came down from heaven it would not stem the movement, for it seems that every man, woman and child favors it." Such intense interest has not been manifested by the people in any movement for many years, and the feeling seems to grow with each farmer that comes to pay his taxes, and it is not uncommon for old-line Republicans to say, "Hurrah for Chamberlain!" for putting out the emergency clause. With this feeling there is a slight disposition to run amok on all unconditional state institutions and salaries, but the cooler heads who are in the van of the movement counsel caution and judicious action. They do not want to jeopardize the popularity of the referendum.

Today McMinnville Grange, No. 21, passed an emphatic resolution endorsing the action of the committee, and also gave vote of thanks to Senator Howe for his work in defending the measure to raise the salaries of county officials. All the blank petitions have been exhausted, and the committee has decided to print several thousands more.

J. H. Irvine, of this place, went to Dallas today, carrying a number of petitions, and telephoned back that over 200 signatures were secured in less than two hours. He asked that more blanks be sent at once.

RUSSIANS BURNING STORES.

Preparations for Retreat From Mukden—Panic on Right Wing.

NIJICHUANG, March 4 (7 P. M.), via Tientsin.—According to the report received here, the Russians are burning Mukden station and their stores preparatory to a retreat. There are persistent reports that the Russian left has been successful, but that the right is panic-stricken.

WITHIN SIGHT OF MUKDEN.

Japanese Near the Goal—Russian Right Wing is Flanked.

MUKDEN, March 4.—(Delayed in transmission.)—The Russian positions in the center are unchanged. The west flank is fighting close to Manchuntan, while the Japanese occupy Sufangtai on the southwest. On Thursday and also today Japanese corps gave battle on the southwest within sight of Mukden.

Russians report that a Japanese force has broken around the right and is moving north, though it is believed the Russians hold the Siminlin road at the Liao River.

CAN'T HOLD NEW POSITION.

Russians Show Signs of Yielding, Though Reinforced.

TOKIO, March 5 (11 A. M.).—The Russians, driven from Chinchong, passed Tailing and have remained at Samlungu four days, resisting the Japanese advance. The Russians there, although having received a reinforcement of over 30,000, show signs of retreat. The Japanese are pressing them toward Makunlin.

RUSSIAN TRENCHES SURPRISED

Japanese Creep Upon Them in Pitch Darkness.

GENERAL KUROKI'S HEADQUARTERS IN THE FIELD, via Fusan, Friday, March 4.—The hotly-contested engagement waged since midnight across the Shakhe River, from Witosan, is still proceeding late in the afternoon, under conditions entailing great hardships upon the attacking force and favoring those defending the entrenchments.

FIGHT AGAINST TIE PASS.

Kuropatkin Will Abandon Mukden for New Line of Defense.

BERLIN, March 4.—The Tagblatt learns from a person in the confidence of the Russian Embassy there that the Russian authorities are convinced that General Kuropatkin will soon find it necessary to evacuate Mukden and retreat to Tie Pass, where he will give decisive battle. This, the paper's informant adds, was General Kuropatkin's plan from the first, and plans have already been made for the arrival of Russian troops at the Tie Pass.

MUKDEN'S FALL IS NEAR

These occupying Samlungu and neighboring villages was continued this morning.

"The Japanese attacking our right flank are dressed in the uniforms of the Chembarsky regiment, which was posted at Ganta Pass.

STILL HOLD THEIR MAIN LINE

But Russians Will Be Driven Out by Big Guns.

GENERAL KUROKI'S HEADQUARTERS IN THE FIELD, March 4, via Fusan.—The Russians still hold their main line of defenses eastward of the railway along the Shakhe River, but in a situation requiring the highest generalship in order to fight a battle or retreat without heavy loss.

ONE OF THEIR STRONGEST POSITIONS IS WANDOU MOUNTAIN, SIX MILES EAST OF THE RAILWAY, AND A GROUP OF HILLS TO THE EASTWARD.

The Japanese are today bombarding these strongholds tremendously with most of their heavy guns. It seems impossible that the Russian positions will long withstand such a weight of projectiles that is being hurled against them.

General Kuropatkin has massed a great army there on his left, apparently thinking that the Japanese might successfully attempt a flanking movement from Liao Yang. The main line of defenses there, which it took four months to perfect, crowns the summit of steep hills.

HIS RIGHT FLANK IS TURNED

Kuropatkin's Demoralized Army Flees Before Oku's Army.

GENERAL OKU'S HEADQUARTERS IN THE FIELD, 9 A. M., March 5, via Fusan.—(Delayed in transmission.)—Late yesterday the Japanese occupied the second line of the Russian's right defenses two miles northward. Their line was taken this morning on the west bank of the Hun River, four miles north of Changtan.

This completely turned the Russian right flank. The Japanese fire completely demoralized the Russians, who retreated in disorder. Pursuit was continued during the night. The Russians are still retreating and General Oku's army is advancing rapidly.

NEWBRO'S HERPICIDE. The ORIGINAL remedy that "kills the Dandruff Germ." LIKE THE PARDON. GOING! GOING!! GONE!!!. Dandruff is a contagious disease caused by a microbe. Newbro's Herpicide can come too late, if the dandruff microbe has destroyed the hair follicles and left the scalp bald and itching. All remedies are worthless. But, Newbro's Herpicide cures the scalp instantly. It is an anesthetic hair dressing. Stops itching of the scalp instantly. In government circles here today there is a conviction that General Kuropatkin has been fully beaten, that part of his army using numbers of other remedies and taking medicines from doctors. It also cured my son, although he could hardly
