#### SUES LADD ESTATE

Attorney Asks for FiveThousand Dollars.

HIS CLAIM IS FOR SERVICES

Defendants Deny That They Owe Him Anything, Saying He Was Law Student and Was Paid by Firm at Time.

Thomas C. Dutro, a young attorney, demands \$5000 from the Ladd estate for alleged legal services performed between er, 1896, and May, 1898, in the suit of Mrs. Hiller vs. Ladd. Dutro, in May, 1904, began suit in the State Circuit Court against William M., Charles E., John W. and Caroline A. Ladd to recover the amount, but for some reason his counsel, C. M. Idleman, did not require the Sheriff to serve the papers in the case on the defendants until several days ago. The complaint recites that Dutro performed services in the Hiller case in the United States Circuit Court in Portland, and in the U. S. Circuit Court of Appeals pre-paring briefs and doing other work of a valuable and important nature.

Mrs. Hiller was previous to her mar-riage to Hiller the wife of John Ladd, who was a brother of William S. Ladd, the father of the defendants. She sued for an accounting, alleging that William S. Ladd owed his brother considerable

S. Ladd owed his brother considerable money.

The defendants yesterday filed an answer denying that they owed Dutro snything. The answer calls attention to the fact that Dutro has walted all these years to sue when the Ladds have been here all the time, large property-owners and prominent in the banking business. The attention of the court is also called to the peculiar fact that Mr. Idleman filed the complaint in May, 1994, and did not sak the Sheriff to serve it until recently or pay any fees when the complaint was filed for its service.

The answer further sets forth that in the Hiller case Dolph, Maliory & Simon and Williams, Wood & Linthicum appeared as attorneys for the Ladds, and it is alleged that Dutro was at the time only a law student in the office of Williams, Wood & Linthicum, which firm paid him \$150 for the services which he performed.

him \$150 for the services which he per-

Will Argue Over Old Claim.

A motion to strike out the claim against Charles E. Lockwood, attor-ney, by the estate, amounting to about \$500, will be argued in the County Court Monday before Judge Webster, This is an old case which has been dragging in the court for some time. Lockwood denies that he owes the estate any money. Jerry Lynch was killed near The Dalles in the Spring of 1802. He left an estate of \$561 in cash and a certificate of deposit for \$684 on a bank of Storm Lake, Ia. Richard Lynch, a brother, was appointed administrator, and Lock-wood acted as his attorney Lockwood had charge of the funds, which were deposited in the Merchants' National Bank, of Portland, Lockwood claims that in June, 1903, he withdrew this money from the bank and turned it over to Richard Lynch, receiving a re-ceipt therefor. Richard Lynch testifies that he receipted for and received but \$100, and demands the balance and in-

Sult Settled Out of Court. J. C. Moreland, administrator of the

estate of Mary Gibbons, deceased, was discharged from his trust yesterday by Judge Webster. Mr. Moreland informed the court that the only asset was a laskson in that time drew as salary 1880.

claim against the estate of the late the reported enough lights out in his district to have saved the city the sum of has been effected with Margaret Gibbons. He reported enough lights out in his district to have saved the city the sum of his ervices for the two years would have when compared to the dog for defiling. Thomas Gibbons willed his property to cost the city but \$7%.

Dr. Harry McKay, a friend, with a monthly allowance to Margaret Gibbons | Thave done nothing remarkable," said walks. With the one exception of cats, no other agent does so much in scatter. both estates, and Dr. McKay adjusted look peculiar for a man getting money matters with her.

Attachment Suit Against Daughter. El Casper occupies the unusual role of plaintiff in an attachment suit against his daughter, Alpha Casper, to recover \$555, which includes \$475 paid for furniture in a house at 249 Sixth street. The balance due is for interest and money lent. Casper says the trouble between him and his daughter has been caused by Neis Needham, a bartender. In his complaint he sets forth that he purchased the furniture in November, 1902, and she has refused to pay him as she agreed. He states that the bill of sale from the furniture dealer is in her

Woman Accused by Neighbors. A complaint was filed in the County Court against Mrs. St. Clair, who is living in a covered wagon at Troutdale, by Superintendent Gardner, of the policemen as are now on the two night reliefs being added to the force, giving her with immoral conduct. Mrs. St. better police protection and without making the Police Department cost the city her. Women living at Troutdale informed Mr. Gardner that Mrs. St. Clair had been drinking with men, and dis-turbing the peace. Patrolman Hawley was detailed to investigate the case.

Sues to Prevent Ejectment.

J. D. Duback, who ocuples part of the store at the southwest corner of Sixth and Alder streets with Bartlett & Palmer, yesterday filed suit against them in the State Circuit Court to prevent his ejectment Dubuck says his rent is paid until April 11 next, and that he has a lease, and that notwith-standing on March 17 he was ordered to move. He also contends that Bartlett & Palmer have unlawfully removed a partition, and interfered with his side entrance to the store.

Registration Reaches a Thousand. The total registration up to date amounts to more than 1898, and a sub-stantial increase in the figures is ex-pected this week. All electors must register, and as an accommodation to those who cannot come to the office in the daytime, it is kept open evenings until 9 o'clock. There is a sufficient force of clerks to handle 1000 persons daily without any trouble. Callers are not required to lose any time.

Husband Wants a Divorce. Charles P. Hays, who was married to

Elizabeta A. Hays December 31, 1903, at Portland, has begun suit for a di-vorce in the State Circuit Court because of cruel treatment. He alleges that his wife frequently struck him, and called him vile names. He further avers that she drinks to excess.

Files Incorporation Articles. Articles of incorporation of the Pacific Miner Publishing Company were filed in the County Clerk's office yes-terday by A. H. Willett, W. D. B. Dod-son and Philip S. Bates; capital stock,

Wife Bequeathed Nearly All. The will of the late Daniel Sprague was admitted to probate in the County

Court yesterday. The property, valued at \$7150, is devised to the wife, Elizabeth C. Sprague, who is named as executrix without bonds. The children, Elmer E. Sprague and Seneca Durham Sprague, are bequeathed \$5 each.

Would Foreclose the Mortgage. The gasoline steam schooner Checto was seized by the Sheriff yesterday in a suit brought by Engelbe Wiese to fore-close a mortgage for \$5500 executed in Seattle in 1904. A keeper was placed

Desertion Basis for Her Suit. Sardle Fisher has sued Joseph Fisher for a divorce on account of desertion beginning in August, 1903. They were married in Arisona in 1896.

Sues for Alleged Wages Due. Ray W. Pritchard yesterday sued S F. Fouts to recover \$177 sileged wages

gets the regular police wage of \$75 a month, 1900 a year, and drew the sum of \$1800 from the city treasury during the years of 1903 and 1904. But the remarks clabe part of it is that he tried to put the worst of it hack

able part of it is that he tried to put the most of it back.

If there is one thing Isakson delights to do it is to check up the electric lights which fall to burn throughout the night. Isakson reported 1533 lights out during the year 1906. In the year 1904 he reported out 1385 lights, making a total for the two years of 3865 lights. years of 2848, lights.

years of 3848, lights.

According to the contract between the City of Portland and the General Electric Company, every time a light is reported by a police efficer to have been out all night the flat rate of 50 cents is deducted from the General Electric Company's bill. According to this contract, then, the sum of \$150 would have been deducted from the company's bill due. deducted from the company's bills dur-ing the years 1800 and 1804 for lights re-ported by this one officer. If the provis-lons of the contract had been carried out.

Simmons. She filed a claim against "I have simply done my duty. It may it belongs, but one might as well. I am told by my captain to report all lights that do not burn. This I have done faith-fully, and when I figured up the total is the little book I carry I was myself surprised. The figures show that I have turned back into the city treasury, if the deductions were made, nearly all the salary I have drawn for the past two years."
When it is taken into consideration that every officer on the two night reliefs reports enough lights out to turn back into the treasury at least one-fourth of his salary, it is shown that the services of the Police Department, as far as the patrolroles is partment, as far as the patrol-men are concerned, could cost the city comparatively little. It is estimated that this money, which could be turned back into the treasury by officers reporting lights out, would, if applied again to the Police Department instead of going to some other department of the municipal government, admit of one-third as many policements.

ing the Police Department cost the city one cent more.

Members of the Executive Fraird, to whom these facts have been told, have stated that they are considering the matter and that it is possible the money thus saved the city by police officers will be applied to the Police Department fund. applied to the Police Department fund, purpose,

and \$1.25 a week.

A large number of people have found extremely satisfactory bargains among our special Club "F" planos. There are still many instruments remaining in this club that are comparatively new, and not one that is not worth almost double the price we are letting them go for to club members. Almost every make of American plano is to be found in Club "F." Prices in this club are from \$1.5 to \$1.6 a week.

The very choicest Kimballs, Webers and Chickerings are to be found in Club "E" at an average saving of \$1.4 per plano, and strange to say, while here are contained the most costly of all planos, and while payments nange higher than in any of the other clubs, this puritualize one has been the favorite of late, as it is filling more rapidly than any of the others.

During the past few days planos have been received from nearly all our factories and we are again in position to show a complete assortment of every catalogue style and make in these various plano clubs.

Bear in mind that in two weeks the clubs are to divers and down the clubs are to divers and down the clubs are to divers and down the clubs.

Bear in mind that in two weeks the clubs are to close and don't delay making your selection. Come in or write us ing your selection. Come in or write us tomorrow.

Every instrument is fully guaranteed, and if your purchase should for any reason fall to prove exactly as represented, all money paid will be cheerfully refunded. Ellers Plano House, 251 Washington street, corner Park. Large stores also San Francisco, Stockton and Cakinad, Cal.; Spokane and Seattle, Wash.; Bolse and Lewiston, Idaho.

in order that more officers may be en-

Isakson paces the largest beat in the city, but on all other beats officers re-port at least two or three lights out every night. The sum saved the city in this manner is a large one, and has always been applied to defray other expenses in the office of the City Engineer, for which an appropriation is made by the Council without taking into consideration the money saved in this manner. The depart-ment which actually does the work which saves the city the money gets no benefit.

DESTROYERS OF CIVIC BEAUTY

Dogs easily take first rank as destroyers of civic beauty. Citizens who spend large sums of money and assist in beautifying Portland with well-kept lawns, shrubs and flowers, all agree that the most destructive agent and greatest pest to lawns is the ever-pres-

broadcast the germs of measins, scarlet fever, diphtheria and other diseases.

Admitted that he is useful and faith-Admitted that he is useful and faithful to his master, it is nevertheless a fact that there are only about 1500 dog owners in Portland and their pets are a source of great annoyance to 140,000 other citizens. It doesn't seem right and it certainly isn't just. Every re-spectable dog owner ought to, from now on and to the end of the Exposition, at least, keep his dog off streets. The Council, with a strictly enforced ordinance, should protect us

Elks' Big "Country Fair."

Arrangements for the Elks' big "country fair" which is to be held at the Armory in a few weeks are being made by the com-mittees appointed, and already they have decided to give fully \$39,000 worth of premiums, including planos, buggies, silver-ware and barrels of apples, as well as-many other things. Among the hundreds of dolls that are to be awarded is one of life size, valued at \$500. It will be placed upon exhibition at Howe & Martin's drug-sters within a few days.
