# The Big Shoe Store on "Fair-Way"

Offers Tempting Bargains for the Week Coming WEST ANNEX-FIRST FLOOR.

The foremost, most comfortable and lightest shoe store in the city is here, and in it are found STYLISH AND SEASONABLE SHOES THAT FIT AND WEAR

We prefer that our Shoe Department shall be known for the excellence of its offerings rather than for the space it occupies. There is nothing "cheaper" than a "cheap" shoe; nothing more annoying than an ill-fitting shoe, and few things are less economical than a "bargain" shoe. None of these in this department-not an old or undesirable shape, nor a questionable quality. Shoes of equal grade cannot be made to sell at less than our regular prices; and on some of our famous "specials" there is a clear saving of from 50c to \$1.00 a pair, as compared with most other makes in similar

We advise buying in the morning hours, when that is convenient; for often times the afternoon throngs tax even our liberal capacity to handle as comfortably as we might wish. It takes time to fit shoes properly and we want to provide plenty of it for the proper serving of every one of our rapidly growing army of patrons, today.

## Exquisite Suits FOR THE Woman's Wear

A Peerless Exposition of Fashion's Latest Dress Edicts Promulgated from the Big Salons of Dress-Largest and Leading Garment Stores West of Chicago-The Authoritative Center of Fashion in Women's Apparel in the West-SECOND FLOOR.

SUITS THAT ALMOST EQUAL COSTUMES.

In point of beauty and color introduction they are as artistic and beautiful as frocks. Yet the service is easily within the bounds of dressy tailored wear. Light-colored chiffon broadcloths are a great deal in evidence. So light in weight that they may be tucked and shirred like a bit of challis. Jackets are rather fanciful. A a bit of canvas, a bright touch of velvet and high bodice girdles are all new features that you will like.

The whole effect of the salons is Spring-like. Given over to the first hint of blossoming and full-blown fashions. Don't trust to a repetition of the best. Why, some of the suits are not dupli-cated beyond one, and won't be.

A WORD OF THEM.

Suits that savor of Spring's sunshine; with jaunty jackets in Eton, blouse and Norfolk styles, single and double breasted; lengths ranging from 22 to 24 inches. Also the more aristocratic redingotes for those who prefer the longer-coated effects—these in 36-inch length. A choice of Panama cloths, serges, pretty tweedish fabrics, light weight imported canvas cloths, homespuns, fancy wool etamines and imported fancy mixed coverts. Serges are a prime favorite among the smart dressers in Eastern style centers and promise to lead all other fabrics for dressy street wear. Shepherd plaids and checks are far in the lead of patterns; ranging in size from the tiny check to the more pronounced almost plaidish

in size from the tiny check to the more pronounced almost plaidish effect—these in blacks, whites and a full range of pretty and delicate colorings that find favor among Spring style authorities. In plain colors the navy has resumed its place as leader with the rich golden browns as close competitors. Beautifully tailored, in exquisite workmanship. The price range gives generous choice. From the modest street frock at \$12.50 to its grander sister at \$150—more than a score of in-between prices; each representing the best in its class.

SHIRTWAIST SUITS-DEMI TAILORED-AND JACKET SUITS.

A magnificent and comprehensive collection of the triggest and jauntiest in these smart creations. More beautiful and fetching than ever this season in their trimmings of handsome laces and fancy strappings. Absolutely new in every detail. A striking novelty among these is the silk suspender suit with bodice of lace and skirt of silk, with silk suspender effect to match skirt over the shoulders. ### Training for Expert Work

The demand for experts in all lines of business is low so great that success beyond the common average resolves itself into a matter of special training for some one particular line of work. It is the business of the International Correspondence Schools, of Scranton, Pa., to furnish this special training. They have over \$80,000 students, over 300 of whom are in the State of Oregon and about 1000 are in Portland.

#### The International Correspondence School Voting Contest

The voting contest to determine who shall be awarded the two free scholarships to be given by the Olds, Wortman & King store organization has developed an intense enthusiasm among the several candidates and their friends all over the city. In fact, the interest has spread widely, as has been byinced by the receipt of several bulky packages containing votes from several sections of Portland's trading territory situate some distance from the city. That the contestants have many friends outside the city limits has established itself a fact—ditto the store, much to our gratification. Keep up the good work, friends. The end is yet away off, and it's snybody's race today. Five weeks remain of the voting which ends at 6 P. M. on Saturday, April 22.
