ST. PETERSBURG, April 13 -A plot to kill the Czar, it is alleged, has been discovered among the troops of the imperial guard. Many officers are said to be involved, the very men whom the imperial family depends upon for protection.

Deadly Weapons of Assassins -- Grand Dukes Lampooned in Song.

ST. PETERSBURG, April 22.-In all recent attacks on the police and administrative officers in Poland, their assallants ave used poisoned bullets and daggers. At the popular theaters and music halls performers are arousing great demonstra-tions by singing revolutionary verses. These are introduced as encores, not appearing on the regular programmes, which must be passed by the theatrical censor. Recently, the performers did not hesitate to lampoon the imperial family under a thin disguise. On the trick being discovered, rigid instructions were issued to the police not to allow a single encore which

had not been approved by the censor. In order to insure prompt action in case of demonstrations, the Governors and other officials of the provinces have been directed to remain at their offices during the Easter holidays.

Revulsion on Exchange Is Due to Many Different Causes.

NEW YORK, April 22 - (Special.)-Numerous causes suggest themselves as having to do with this week's revulsion on the Stock Exchange. The violent decline toward the close of the week was expected, as in greater o less part due to fears of unfriendly complications arising from the North-ern Securities dissolution, the fight seeming constantly to grow more bit-ter in the affairs of the Equitable Life Assurance Society, to the probable fallure of the May wheat deal, to un easiness over the approaching co in the China Sea, to the approval of the stock transfer tax measure, and lastly, to the fact that the governors of the Exchange, voting to close for so long a holiday at such an anxious time, furnished a keener pulse to the desire among the rank and file of op-erators to be out of stocks. There has, however, been no devel-

opment to impair the great strength of the foundations on which present se-curity values rest, there has been nothing to weaken these values themselves. But with prices very high, with man-ipulation and speculation having gone to absurd lengths, considerations af-fecting merely speculative sentiment have been just as effective as any thing bearing upon real investment

FIGHT FOR FRUIT FREIGHT

Southern Pacific Resents Inronds Santa Fe in Sacramento Valley.

SAN FRANCISCO, April 22 .- (Special.) The Southern Pacific and the Santa Fe are preparing to lock horns in a death struggle for the control of the green-fruit shipments from Sacramento River points. Prior to last year, the Southern Pacific enjoyed a monopoly of the heavy traffic from the river fruit districts, but the field proved such a tempting one that the Santa Fe chartered a river boat and succeeded in diverting in the neighborhood of 1000 carloads of green-fruit shipments from the Southern Pacific to its own line. The fruit was loaded at various river points below Sacramento and taken to Antioch, where it was piaced in refrigerator cars and shipped to Eastern markets over the Santa

> OREGONIAN NEWS BUREAU, Washington, April 22.—It is now up to Secre-tary Taft to say whether or not fisher-men at the mouth of the Columbia River shall continue to have free use of Sand Island or shall pay the Government a fixed price per year for the privilege.

> All the papers in the case, including protests from fishermen and from mem-bers of the Oregon and Washington Legislatures and Governor Mead, have been laid before the Secretary of War for action. Apparently everyone is opposed to leasing the island save Major Langfitt, who originally recommended that the Government should derive a revenue from the use of this island. There have been cases of this character before War Department in times past, and with out exception it has been held that the Secretary of War was required to com-pel payment for use of Government prop-

CHICAGO, April 22.—Mrs. Mate Munchoff, said to be heir to the \$50,-000,000 estate of Clarence H. Munchhoff, of Omaha, has been living here at the family residence, 160 Forty-second street. With her parents, Mr. and Mrs. C. D. Cannon, she left Chicago a month ago to visit at Omaha and Denver and nearly lost her life in a St. Paul rail-

It is not sure there are other claimants of this legacy, if the stories of it are true, for the Can-

LILIES OF HEALTH AND BEAUTY.

One great secret of youth and beauty for the young woman or the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know kerzel and her physical make-up. A good way to arrive at this knowledge is to get a good dector book, such for instance as "The People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can readily be procured by sending twenty-one cents in one-cent stamps for paper-bound volume, or thirtyone cents for citth-bound copy, and addressing Dr. R. V. Pierce, Buffalo, N. V. female troubles, diseases in their worst forms.
I enfleced for years with ulceration, intense

Dr. Pietce offers \$000 reward for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which he cannot cure. All he asks is a fair and reasonable trial of his means of cure. No substitute for "Favorite Prescription" offers so much.
