CHOICE OFFERED MINISTER BOWEN

Disprove Charges and Be Promoted, or Fail and Retire From Office.

TAFT SENDS HIM SUMMONS

He Must Confront Loomis and Prove That He Did Not Make and Publish Charges-High Diplomatic Post in Sight.

WASHINGTON, April 25 .- Secretary Taft has received instructions from the President to recall Minister Bowen, now at Caracas, to Washington, and to direct Minister Russell, Minister to Colombia, to proceed to Caracas, and Mr. Barrett, now Minister at Panama, to go to Bogota.

It is stated that if Mr. Bowen's action relative to the charges affecting Assistant Secretary Loomis are not subject to criticism, it is the President's purpose to send him as Minister to Chile, and then probably as Ambassador to Brazil.

The cablegram to Minister Bowen, Acting Secretary Loomis. If the Minister is particularly active he may catch the mail steamer Monday next, which would permit him to reach here about May 8, the day the President expects to break camp and start homeward. If he misses that steamer the Minister must wait at least a week longer

Mr. Bowen will make his statement to Secretary Taft, who is disposed to deal with the case himself, and not permit it to remain open to add to the bulk of important business which will confront the President on his return to the capital.

Taft Gives His Reasons.

Secretary Taft also sent a cablegram to Mr. Bowen today, stating the sons for his summons to Washington. They are in brief:

First-Mr Bowen had filed charges against Mr. Loomis. Second-The pubcation of those charges in the New York Herald, Third-Mr. Loomis' com plete denial. Fourth-Mr. Loomis counter charge that Mr. Bowen had secured that publication, and fifth-Mr. Loomis' desire to be confronted by Mr. Bowen here. The Secretary added: "If all goes well you may return to the Diplomatic Service."

Promotion if He Explains.

The official admission that there is possibility of Mr. Bowen's eventually becoming Ambassador to Brazil indicates the President's purpose to make change at Rio. As a matter of fact, David E. Thompson has for some time past been seeking to effect the trans fer from Rio to the City of Mexico. The President was desirous of accommodating him, but found it necessary to promote Minister Conger from his ffered the linquish the place within the year in favor of Mr. Thompson, and to console the latter in the realization of his aspiration, the Brazilian Ministry was crected into an embassy. Mr. Thompson will, however, in the ordinary course of events, succeed Mr. Conger as Ambassador to Mexico some time next Winter, at the latest,

The changes announced leave the mission to Chile vacant, even in the event that Mr. Bowen, having satisfied the authorities that he is blameless in ferred to Santiago, for that detail will be only temporary and the post is likely to be filled permanently in the end talk she sat beside her sister, just out-Wisconsin, who was American Minister to Peru during President Harrison's Administration. These changes not to put in a defense. She praised are conditional upon the acquiescence the courage of Mr. Levy, her counsel. are conditional upon the acquiescence of the various Ministers involved, for they were not consulted in advance.

Mr. Barrett's post on the isthmus will not be filled by a new appointment, for Governor Magoon will assume the functions of American Minfater to Panama in connection with his administration of civil affairs in the

New Minister Knows Venezuela.

Mr. Russell is a trained diplomat and is popular in Venezuela. He is a member of an old Maryland family and his home at Rockville, near this city. has been occupied by that family for more than 150 years. He entered the diplomatic service about seven years ago as secretary to the American legaon at Caracas when Mr. Loomis was Minister there. He was with Mr. Bowen for a time in the same capacity, so that he is thoroughly acquainted with every phase of the asphalt controversy. Upon the separation of Panama from Colombia, he was appointed Charge at Panama, which place he held until relieved by Mr. Burrett, when he was appointed to his present post of Minister to Colombia.

CHARGES AGAINST LOOMIS.

Original Accusation Which Caused Bowen to Be Recalled.

The following is the dispatch to the New York Herald containing the charges in the Bowen-Loomis scandal:

Caracas, Venezuela, April 25,-"Either the American Minister to Venezuela should be removed or the First Assistant Secretary of State should be asked to step out of his office in Washington," was the startling statement made by a dispassionate observer of Vene-suelan affairs in Caracas today. This same idea has occurred to many persons who have It seems impossible that the two officials can continue much longer in the same department of the Government.

Briefly stated, the scandal, which is now at 7:30 o'clock in the evening

public property in this capital, involves the allegation that while acting as United States Minister to Venezuela, present Assistant Secretary of State Loomis obtained considerable pecuniary benefits from the New York & Bermuda Asphalt Company and that a check showing a payment of \$10,000 to him by the company is now in the possession of President Castro. This, it is beld by many persons, supplies the true explanation of President Castro's continuous defiance of the United States in the asphalt matter. It is said to have clogged the free action of that government, which is not anxious for the government, which is not anxious for the ventilation of an administration scandal. Other charges against Loomis are that, while Minister, he purchased for a trifling sum a claim for \$4000 against the Vene-zuelan government and then used his in-fluence as Minister to collect the full amount.

Still another document is apparently a draft of a contract entered into between Leomis and one Meyer, under which Leomis agreed to use his influence to adjust heavy outstanding obligations of Venezuels to the amount of \$10,000,000, for a consideration of one-seventh of that sum, or, nominally, \$1,400,000

The allegations against Loomis have been laid before the State Department in Washington. Secretary Hay, Acting Secretary Taft and President Roosevelt are cognizant of them.

minican Customs

WASHINGTON, April 29.—(Special.)—Colonel George R. Colton, the American official who went to Santo Domingo to assume charge of the collection of cus-toms revenue of that republic, has re-ported to Secretary Taft that a plan of organization for the customs service had been agreed upon by the Dominican gov-ernment. Colonel Colton has been made principal collector and general receiver; J. H. Edwards, Jr., deputy collector, traveling inspector and auditor; H. W. Smith, cashier, auditor and disbursing officer; H. F. Worley, additional deputy collector in charge of the Haytien fron-tier; M. D. Carroll, chief statistician, and Joseph Schwartz, special agent. All of the Dominican officials now in

instructing him to report to Washing-ton forthwith, was dispatched today by Acting Secretary Loomis. If the Min-charge of the Custom-House. He has posted notices to this effect for the information of foreigners and others.

GERMANY HAS SENT NOTICE

Can't Understand Denial That the Treaty Has Been Denounced.

BERLIN, April 29 .- The publication of the State Department's denial that Germany had officially notified the United States that the tariff agreement of July 10, 1900, would terminate March 1, 1906, is a matter of astonishment, as Foreign Secretary von Richthofen's action was taken after consultation with the Cabinet, and in consequence, it is understood, of In-quiries from the State Department. The German Foreign Office certainly re-gards formal notice as having been sent, and unless negotiations result in a fresh agreement, the general tariff will be enforced against imports from the United States after March 1, 1996.

The sisters then embraced, and then Nan said to her sister: "Don't you think the same way, Midget?"

Miss Patterson continued: "What do you think of Mr. Rand showing the letter I wrote to Leslie Coggins. This letter is the one letter that every girl at least once in her life writes. I was not on good terms with Caesar Young at that time. I was practically engaged to Mr. Coggins. He professed to love me very much, but now I feel sure he was playing me but now I feel sure he was playing me false. Mr. Coggins came to see me last Summer in my cell here in the prison. He gave me \$50. He told me how sorry he was for me, and he said: 'Nan, now you see what a mistake you have made by not marrying me.' I believe now that all the time he was calling on me he was acting in the interest of Millen."

BY ROBBERS WOUNDED

American Missionary Doctor's Narrow Escape in Corea.

WASHINGTON, April 29 .- (Special.) -The State Department today received a detailed report from Minister Allen dated at Seoul, Corea, of the facts con-nected with the assault by robbers upon an American missionary doctor of the Southern Presbyterian Church, of Nasaville, Tenn., Dr. Forsyth. In the opinion of officials it shows clearly that everything possible was done by the American Minister and the Corean and Japanese officials to succor the wounded missionary and to punish his

assailants. Mr. Allen says the attack occurred near the open port of Kunsan, south of Seoul, at a village called Mankol, on the early morning of March 12, Dr. Forsyth having gone to that place to assist a Corean who had been attacked. The doctor was in a critical condition on March 15 when last heard from. Mr. Allen says the Corean authorities seem to have done all in their power in the case and they were assisted by Japanese policemen from Kunsan, for which assistance Mr. Allen has thanked

the Japanese Minister. March 11 Dr. Forsyth, who had been called to Mankol to dress the wounds of a well-to-do Corean who had been attacked by robbers, was sleeping in a room with several Coreans, when, at 4 A. M., several masked men rushed

doctor and received wounds. Dr. For-syth was wounded and badly cut about the head, being left for Jend.

NEW SYSTEM OF BIDDING

Army Quartermaster Makes Welcon Change for Forage Dealers.

OREGONIAN NEWS BUREAU, Washington, April 29.-It will be welcome new to Pacific Coast dealers to know that the Quartermaster-General of the Army has decided to obtain bids for forage for Army purposes under a new system, which shall permit competition on a threemonths as well as an annual basis. It is believed that more satisfactory bidding will be obtained, if it is possible to secure proposals for furnishing forage for a period of three months. This will enable closer competition, hence it will afford bidders an opportunity to estimate more closely as to market conditions.

In presenting blds for the annual supply of forage at all the military posts, it is found that bidders are required to speculate largely as to the probable condition of crops, and this, of course, must have its effect upon prices named for a yearly supply of Army forage. Bidding will, therefore, be permitted for a quarterly supply as well as for an annual supply.

Are impure matters which the skin. liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla

and Pills Remove all humors, overcome all their effects, strengthen, tone and

invigorate the whole system. "I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." Mas, IRA O. BROWN, Rumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

Money goes further in Schilling's Best, a great deal further; besides the comfort of feeling safe; you know you are safe.
