Ch. Mark's Rush, owned by George Bleistein, president of the Buffalo Ken-nel Club, a splendid pointer, won the prize at the bench show of the Port-land Kennel Club last night for the best dog of any breed in the show. There is no wonder he took the high-est award offered, for he has been in bench shows for three years and has not yet been defeated. This year alone he took all the prizes he was open to at Buffalo, Brooklyn, Boston, New York, Rochester, Paterson, N. J.; Seattle and now in Portland.

Five other special prizes were awarded last night. At that time all the owners of winners had the opporthe owners of winners had the oppor-tunity to show their dogs, and they used it. Will Be Welcomed by Many Music-Lovers. The Splendid Krell-French Piano Now a Member of the Eilers Family of Pine Pianos.

The Eilers Piano House is famous for the great variety of makes of highest-grade planos which we always have at the disposal of our patrons. Every phase of tone merit is included in this splendid galaxy of planos. If, however, there is any niche unfilled in the taste of music-lovers of the Northwest, the Kreil-French will most assuredly fill it.

These planos, which come from Newcastie, Ind., are counted among the extremely few that can successfully stand the censorship of the most critical judges. We do not hesitate to make any claim for Kreil-French planos that can be made for any first-class plano. We are convinced, after a most thorough test and examination of them that they are capable of making such claims good, and of proving them for years to come.

#### TO PARTICULARIZE.

Krell-French pianos possess an extreme-ly artistic tone, full volumed, rich and well-balanced from treble to bass.

The action, too, is constructed on the most scientific principle, and consequently the touch of the piano is quick, light and responsive. TELLS OF HISTORIC DAYS What the Pioneer Women Did to

the touch of the piamo is quick, light and responsive.

The same amount of expert care has been bestowed upon the cases of these pianos. Both in design and finish they meet the approval of the most critical. In fact, it is the cialm of manufacturers of Kreil-Freach pianos that their every workman is an expert, and judging from their product, they are perfectly justified in making such cialm.

Best of all, these are only mediumpriced instruments.

Kreil-Freach pianos are now upon our floors, and we cordially invite everyone interested in fine pianos to come in and try them. Ellers Piano House, 351 Washington street, corner Park. ### Women's Boots and Oxfords

Our women's \$2.50 hand-welted and hand-turned Boots and Oxfords are the equal in every way of any \$3.00 line shown anywhere and are surpassed by very few sold at \$3.50. Our reason for giving such extraordinary values is a purely selfish one-we want your patronage, and know that in order to get it and hold it we must give the best values. That we are attaining this end is evidenced by the extreme "busyness" of our shoe department. Made in all leathers, all kinds of heels, all good styles.

### Oxfords & Special D

An extraordinary condition of affairs exists in the Shoe Store just now. We are selling women's Oxfords right at the beginning of the season at lower prices than you ever bought them for at the very end of wear-time. This state of affairs is due to some lucky purchases and a determination to maintain our lead as "value-givers." These two lines come made of patent leather, black vici, Russian calf and various tan leathers. In welts and turns. Two wonderful values.

#### WINNETKA COUNTESS, A FIRST PRIZEWINNER. One of the collies which attracted the most attention at the recent dog show land. This handsome young collie won enough prizes to make any canine feel pround and haughty. She took the first prize for puppy bitches, the first for limit bitches and the first in the winners (bitches). The Countess was born June 25, 1904. Her sire was Bulyavnett Erlipse, a famous dog who died a few days before the Countess was born, while her dam was Emerald Lawn. Her breeder was George Higginson, Jr., and she was born on Higginson's famous Meadowbrook farm, in Illinois. The first show in which the Countess was exhibited was that in Chicago, where she took a number of high prizes. She is beautifully marked in sable and white.
