

**SOCIETY GIRL**  
**NUMBER ARREST**  
Held in San Francisco for Portland Officer to Arrive.

**GOT JEWELRY WITH CHECK**  
Bank Declines to Honor the Paper and the Young Woman Is Traced to San Francisco and Taken Into Custody.

Miss Wavel Cunningham was placed under arrest in San Francisco yesterday morning upon request of Chief of Police Hunt, acting for the Pinkerton Detective Agency. She is charged with obtaining jewelry to the extent of \$150 from the Portland firm of A. & C. Feldeneimer.

Miss Cunningham is a beautiful woman, aged about 18 years, who is said to be the daughter of wealthy Eastern Oregon parents. Her father is said to be engaged in the horse business, with headquarters at Pendleton, Or.

While she was in Portland, Miss Cunningham occupied apartments at the Colonial, living in elegant style. She went in the heat of society and was a favorite wherever she was known.

Although the proprietors of the jewelry firm caused her arrest, and are now insisting that she return and face the complaint, they state their belief that possibly a mistake has been made, and that perhaps Miss Cunningham did not intend to defraud them.

According to information given, Miss Cunningham appeared at the jewelry store, Third and Washington streets, one week ago yesterday afternoon. She purchased the jewelry in a jewelry store, in payment for which she offered a check.

A strict rule of the jewelry firm is to accept no checks from persons not known to members of the house, unless what is considered ample identification is made. Following out this rule, Miss Cunningham's check was not at first accepted.

Miss Cunningham then secured identification through members of another large wholesale firm, where she had previously traded on an account. Her check was then accepted.

Tobacco Trust Magnate's Marriage Reaches Its Anti-Climax.

NEW YORK, June 3.—Papers in an action for absolute divorce brought by Brodie L. Duke have been filed on Mrs. Alice Webb Duke, whose marriage to Mr. Duke in December last was the beginning of sensational litigation. At the same time it became known that proceedings pending against Mr. Duke in this county, the object of which was to have him declared incompetent to manage his affairs, have been abandoned by a member of his family, at whose instigation the suit was begun.

**BAKER'S SELECTED BILL**  
Striking Features Are Secured for the Ensuing Week.

One of the strongest bills in vogueville is that which the Baker Theater has selected for the ensuing week. The distinct feature of the programme is to be announced later, and a profound sensation is promised by the management. Nine numbers have already been announced, however. Among these are Zanzibar, the premier comedian; Zanzibar is one of the few colored men who can really act. Salvia, late of grand opera, and a widely-known tenor, also appears. The other numbers are Miss Alberta, a clever trapeze performer; Blanchard and Allmon, unique travesty artists, in a travesty on "The Rank and File," which is really laughable; Bunt Brothers, the celebrated acrobats, who have few, if any, equals; Harnay and Haines, dancers; the biograph, presenting new life-motion pictures, and Baker's orchestra, with catchy music. This bill will continue through the week.

**VOTERS TO DECIDE**  
Two Districts Are Up for Annexation.

**ONE IS NEAR MOUNT TABOR**

Other District Comprises the Territory Between Portland and the City of St. Johns.

The annexation amendments to the city charter are creating a great deal of interest, and there is strong probability that the Mount Tabor proposition will meet with considerable opposition on account of the comparatively limited territory it embraces, being exactly a square mile in extent.

**WIRE FENCE IN LAKE**  
Submerged and Dangerous to Small Craft.

**E. T. JOHNSON'S MISHAP**  
Ran Into It the Day Before Guy B. Dulin Was Drowned Near the Spot of the Fatal Accident.

It may be the death of Guy B. Dulin, who was drowned in Guild's Lake, Friday afternoon, was not caused by his own carelessness, as was supposed, but by a sunken wire fence that is unmarked and very dangerous to those rowing about the lake. E. T. Johnson, a resident of the East Side, reported yesterday that he was canoeing in Guild's Lake the day before the fatal accident to Dulin, and that in that part of the lake where Dulin met his death he ran into a submerged fence, the top of which extends but a few inches below the surface of the water.

He stated yesterday that a boatman going at even an average rate of speed, should be run into the fence, would in all probability capsize his boat and be thrown into the water. The fence is not marked, he said, and cannot be seen through the water, the boatman not knowing of its presence until he strikes it.

**LANE AN ACCIDENTAL REFORMER.**  
PORTLAND, June 2, 1905.—(To the Editor.)—The idea seems too ridiculous to entertain, yet it is barely possible that my statements as they appear in this morning's Oregonian might be widely construed as reflecting sympathy with Mayor Williams and his administration.

I would therefore beg this last opportunity before our election to say that my entire campaign has been based upon the supposition that the appeal of Judge Williams for re-election is not addressed to, and the indication will not be headed by the voters who are in favor of the moral uplift of our city, and consequently my continuous aim has been to point out the folly and inconsistency of those reformers who are supporting the Democratic candidate for Mayor, and impress upon them the obvious fact that their only hope of any success along their chosen line, lies in their support of the Prohibition party and its candidates.

I believe I have been successful in showing the voters that Dr. Harry Lane is only by accident a newly-discovered representative of reform, and that the inconsistencies involved in the Municipal Association's support of him and some other candidates on the Citizens' ticket are glaringly apparent.

Services for Woodmen and Women of Woodcraft at Marquam.

The Women of Woodcraft and Woodmen of the World will honor their dead this afternoon. Memorial exercises will be held at the Marquam Theater at 2:30. All of the camps and circles in Portland will take part in the exercises. Governor Chamberlain and Rev. Burgett Short will deliver addresses. The programmes follow:

As here, from lands afar and far, are seen,  
The works of man within these beautiful grounds,  
Which water, earth and air were taxed to glean,  
And place before us midst these sights  
Let every soul, in sweet soliloquy,  
In reverence, contemplate this Nation's destiny.

**BECOMING A MOTHER**  
Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.
