Faul Revers's ride was quite thrilling, expectative to Paul himself, but for gen-uine thrillers, where hundreds of people were part and parcel of the hair-raising run, that of James May and George Strain has never been equaled in Portland's down-town streets.

James and George are young fellows who like to dash about on hormeback at hyperbolic to dash about on hormeback at hyperbolic to dash about on borneback at hyperbolic to dash about on bridge after the borne of the set of the set buildings and frail women to gamp in terror. Among the many ajtractive features of

other cases on file. Yesterday morning Mr. Boothe got a tip that J. E. Benneit, who is the contractor for the Govern-ment buildings, was indebied to Ward. Hutcheson, or the Metropolitan Construc-tion Company. Mr. Boothe went to the Sheriff's office and telephoned to Ben-neit's house and secretained that he had just gone to the Postoffice. The attorney immediately discovered that he also had an important matter requiring his attention at the Postoffice, and went there with all speed. He met Benneit and persuaded him to go with him to the Courthouse and receive the garnishment papers. This was how the attorney got ahead of all others, and may succeed in collecting his slaim in full. Some of the suits were commenced against Ward several days ago, more yesterday, and Deputy Sheriffs were searching for him at the lime Boothe look the lead with his garnishmeet. Con-tractor Benneit answered that he had Size on the disc days ago here the suits were with a Size took the read with ris garmanment. Fight the Reassessments,

Ellis G. Hughes and Joseph Paquet yes-terday sued the City of Portland, City Auditor Devits and members of the City Council, to have a reassessment made for the improvement of East Yambili street, from Union avenue to East First street, declared filegal. The improvement was made in 1998. The plaintiffs allege in their complaint that the Council had

office with his physician (who had Diabeles) to meet a party who claimed cures had been discovered for these fatal diseases. The facts cited were astounding and both went on the treatment. To the amazement of us all, both recovered, and the physi-clan is now using the treatment in his practice. Learning that my old law partner. Jodge R. E. Bigelow, had Bright's Dis-sase, and that his case was looked upon as hopeless by his physicians. I told him of it. It resulted in his complete recovery. As to the carability of Bright's Disease and Disbetes. I have no more doubt about it than that I am living. BARCLAY HENLEY.

THERE IS A TOUCH OF WARMTH IN THE AIR, JUST A HINT OF WARMER DAYS A COMING. PREPARE FOR IT---GET A

Summer Is Approaching

GAS RANGE F YOU order one now you will have it installed just when

you want it. If you wait till the coming of the warm summer weather you may have to be patient for a few weeks before the Range can be connected. Just as soon as the weather gets warm the rush for Gas Ranges begins, so you had better order at once. In using a Gas Range the expense is confined to the actual use. When the cooking is done, the expense stopsif you turn out the flame. If you do not-it is not the Gas Range that is extravagant.

The price now includes installing-that is, for the purchase price we will set it up ready for use, which includes a run of 40 feet of pipe. On a cash sale or if you pay for it within 30 days, we make you a discount of 10 per cent. Where a fuel. stub is already in the kitchen and no pipe is necessary a discount of 20 per cent is made.

THE GAS WATER HEATER HAS SOLVED THE HOT WATER OUESTION

The plan is as simple as the Gas Range. There is no accumulated heat to make the rooms uncomfortable, and there is no expense except the actual cost of use. We will demonstrate this to you at our showrooms at any time, and it won't cost you a cent to see it

THE PRICE OF GAS WATER HEATERS INCLUDES \$13.50 INSTALLING. To any consumer now using a Gas Range we will install a Gas Water Heater for
