Union Teamster Cuts Negro's Head With Ax-Negotiations for Settlement Are Off-Driscoll Denies Shea's Charge.

CHICAGO, June 10 .- This evening while Frederick Jones, a colored teamster, was unloading some lumber at an uncomplet ed building at West Eighteenth and San-gamon streets, a mob numbering 1000 men, women and children gathered around him and commenced to throw stones and other missiles. Policemen Benson and Schempser, who were guarding the wagon. drew clubs and attempted to drive back the mob, but with little effect, both offi-cers being struck several times with stones.

While the trouble was at its height John Hince, a union teamster, made his way through the crowd, and coming on Jones while he was stooping to throw off some lumber, struck him on the head with an axe, cutting a gash in his scalp three inches long. Hince struck a second time, taking off several fingers of Jones' left hand, which he raised to protect himself. Hince then attempted to escape, and Officer Benson, who started in pursuit, was hampered greatly by the crowd, which tried to shield Hince. Hince was cap-tured by the officer after a chase of two squares. The wound of Jones is not seri-

Samuel Rolston was shot and killed to night by Frank Austin, a new colored policeman, who was guarding a wagon owned by Rothschild & Co. The wagon was passing the corner of Forty-third and State streets when a crowd of men shouted at it. No violence was offered, but, according to the statements of witnesses, the colored policeman became excited and, drawing his revolver, fired directly into the crowd of men. The bul-let struck a sliver coin in Roiston's vest pocket and, being deflected, passed through his abdomen, killing him instant-ly. The policeman was arrested.

Parties to Strike Suspend Negotia tions-Driscoll Denies Charge.

CHICAGO, June 16.-No proposals for peace came from either side of the team-sters' strike today and, for the present at least, the contest has settled down to a matter of endurance. John V. Far-well, Jr., in whose hands the employers have placed their case as far as peace negotiations are concerned, said this aft-ernoon that no overtures would be made to the teamsters at any time hereafter. The employers are willing, he said, to The employers are willing, he wild, to meet the men at any time, but no more propositions will be made to them. Both sides seem inclined now to await the out-come of the meeting of the Chicago Teamowners' Association Monday, when it is to be decided whether that organization will cast its lot with the Employers' As-sociation and throw down the gauntlet to the teamsters.

The Teamstery' Joint Council held a short meeting today, at which terms of settlement were to be considered, but nothing was done.
