

MILLER'S SOAP

Made with Naptha

In Miller's Soap, science has effected a combination of cleansing materials, the wonderful efficacy of which makes even the oldest soap makers marvel. For the first time the powerful dirt dissolving property of naptha has been united with soap in such a manner that it does not evaporate as soon as the soap is added to the water. Whether the water is **HOT OR COLD**, you get all the strength of pure naptha just when and where you want it. Dirt of any kind, grease or grime, simply dissolves—runs right out of the fabric *without rubbing*. White goods become white as snow; colored goods become bright and beautiful; laces regain their beauty; wash silks their lustre. It's so marvelous, it makes you think of the story of Aladdin's Lamp. And yet, with all its power, Miller's Soap does not "destroy" like strong alkali soaps. Used weekly for years on the most delicate fabric, it would not have the slightest effect on wool, warp or color. *As harmless as milk to cloth or skin, Miller's Soap has truly been called—*

THE WONDER SOAP OF THE WORLD

To wash with Miller's Soap upsets all the toilsome traditions of the washboard. Instead of making a human hinge of yourself and rubbing the clothes into shreds, you simply soap the clothes thoroughly with Miller's Soap, roll them up, put them to soak for half an hour, rinse them off, without boiling or scalding, wring them out and hang them up to dry! The result will make you a life long user of Miller's Soap. It's beyond your imagination! You owe it to yourself and family to try at least one cake of Miller's Soap! You have everything to gain and nothing to lose! Isn't it worth the time? Ask your grocer for it.

THE PENNSYLVANIA SOAP CO., Factories: Lancaster, Pa., Buffalo, N. Y.

Today's Services in Churches of Portland

VISITING CLERGYMEN SPEAK ON CURRENT TOPICS
