THIEF IS WOUNDED

Plucky Baker City Woman Saves Husband's Horse.

RUSTLER CAUGHT IN ACT

Mrs. Ison Finds Mark With Pisto Bullets, and a Bloody Trail Shows That the Man Is Badly Wounded.

BAKER CITY, Or., June 24.-(Special.) Late last night the people in the northern portion of the city were startled by the eports of five pistol shots, and soon a Isrge crowd was gathered in the vicinity of the O. P. Ison home to learn the cause and engage in a search for a horsethief, who, wounded and bleeding, was dodging about in the darkness and trying to clude

Mrs. O. P. Ison was attracted during the evening by some unusual noises at the barn in the rear of the hose. Mr. Ison being away, she was brave enough to investigate. By quiet and stealthiness the woman discovered a strange man saddling her husband's valuable horse. His actions indicated his character and pur-

Mrs. 4son hastened to the house, and without any intimation to her daughter ir to a Mrs. Foster, who were inside, she the thief. She caught him just in the act of mounting and opened fire. Both thief and horse hurried away, but not in com-pany. The thief west one way, the horse

on the whole neighborhood was out. was discovered that the man had been wounded and was bleeding profuse ly. For awhite he was easily tracked by the blood. Later on a saturated handker-chief was found, but he had found some way to gtop the relitate blood. Towards erning the horse was found, but all

It is boped that the mark the woman placed on the thicf will eventually result in his apprehension.

DROWNED IN A LOG DRIVE

William Murphy Falls Under Jam in the Willamette.

ALBANY, Or., June 24.-(Special.)-William Murphy, a logger in the employ of the Snaulding Logging Company, was drowned yesterday in the Williamette River, near the place where the Southern Pacific Company's bridge spans the river at Harrisburg. Murphy was as-sisting in bringing a drive of logs down the river, and at the time of the accrdent was at work dislodging some logs that were fastened under the railroad bridge. Murphy was working with a pike in an effect to start the jam, when he slipped and fell between the logs into

Fellow-loggers immediately began efhour's work, the dead body was found nder the logs, near the place where he

When Murphy fell through the logs into the water, the logs had closed over his head, preventing his rise to the surface of the water again. Murphy was one of the most experienced loggers and river men in the employ of the Spaulding Company, with whom he had worked for some time. He was 69 years of age and for 20 years had worked with logging drivers on the water. Murphy was a resident of Bay City, Mich., and his remains will be shipped tifere for burial.

It was decided to hold the next meeting at Seattle next year on the third Monday in July. The election of officers resulted in the unanimous selection of the following:

Ing:
John C. Logan, Portland, M. W., grand
master; Everett Petway, Spokane, R. W.,
deputy grand master; C. C. Crowley, Exerett, R. W., senior warden; B. J. Angeile, Senttle, R. W., junior warden; W.
D. Allen, Portland, R. W. G., treasurer;
C. S. Parker, R. W., grand secretary, Spokane; G. S. Bailey, Seattle, R. W., grand
lecturer.

BERKELEY.

Alkalt Soil Will Grow the Boots, if the Saline Element Is

Absent.

BERKELEY, Cal., June 24 .- (Special.)-From a series of soil experiments recently made by Dr. G. W. Shaw, assistant professor of agricultural technology at the University of California, he has discovered that good sugar beets will grow in alkali soil, where the per cent of salt in the nikali is less than two-tenths of I per cent. The fact that sugar beets did not do well in soil containing alkali was attributed altogether to the presence of alkall, without stopping to discover what the element was that destroyed

the saccharine quality of the beets. After two years' tests, Dr. Shaw dis-overed the harmful ingredient to be ommon salt, or sodium chloride. Where this element was lacking the beets did extremely well and contained a large sugar content, which was not impaired in quality. The mere presence of al-kall made no difference in the growth r value of the beets.

Through the work of the soil surveys that have been made by the United States Agricultural Department, the areas where beets can be grown will be easily noted on a soil map. The dis-covery made by Dr. Shaw will enable beet growers to select the land suited for their product and avoid the salty sections where their efforts to raise good bets are certain to result in

failure.

Herebefore large areas have been planted with sugar beets where the plants did not show a healthy growth. Many of the plants would wither and the smaller ones die out, giving the field a patchy and sickly appearance. The fact that this happened on some alkall soils and not on all soil containing alkall led to much confusion. taining alkali led to much confusion as

to the cause of the difference.
Frofessor Shaw's experiments were
performed in sections of the state so
widely scattered that the application of the tests can be made general through

Ex-Queen of the Dancehall Was Deserted With Children Four Years Ago.

SEATTLE, Wash., June 24 .- (Spectal.)-William C. Gates, better known as "Swiftwater Bill." and one of the most eccentric of the many characters that gained notoriety in the curly days of the Klondike rush, was sued for di-worce in the Superior Court this morn-ing for the second time by his third

wife, Vera Beatrice Gates.
Gates in the early mining days at Dawson was a much-talked-of person because of his marriages and strange courtships. The wife who is now suing him for divorce brought suit last April. but the court refused to grant a decree and no provision was made for the two

At the present time Gates is working some rich claims on one of the creeks outside of Fairbanks and is reported to have again made a fortune. When he went to Fairbanks all the money that essed had been squandered in

The courtship and marriage of Vera Beatrice Gates to Swiftwater Bill was not a commonplace affair. It bore the peculiar characteristics of all of Gates' matrimonial affairs. It will be recalled Gates won Gussle Lamore, belle of Dawson dance halls, by buying all the eggs in Dawson for her when eggs were

forth \$3 apiece. In 1898 he met Gussie's sister Grace in San Francisco, divorced his first wife and married her sister. In turn he divorced her and in 1899 Gates married sity or ced her and in second in second in the second in a dancehall. Gates the second in the second in a dancehall. Gates the second in the s

Public Printer Gets Session Laws.

TACOMA, Wash., June 38.—(Special.)—Referring to the Olympia dispatch published in Saturday morning's papers to the effect that opies of the new Session Laws were being delivered to private individuals in preference to the state, the Phoneer Bindery & Printing Company authorizes the following statement:

The efficials at Olympia who the dis-

The officials at Olympia who, the dis-patches claim, made this statement, have been grossly misinformed, as there has not one single copy been furnished to any one, either public or private, aside from the shipments made to C. W. Gorham. Public Printer, at Olympia, and to back up this statement we offer to give a twenty-dollar gold piece for each and every such copy produced." a twenty

Grand Jury Session in Linn

ALBANY, Or., June M .- (Special.) - District Attorney John H. McNary and his deputy, Gale S. Hill are holding a ses-sion of the grand Jury for Linn County in Albany today to consider a number of criminal matters that will probably come up before the June term of the Circuit Court, which convenes next Monday. The criminal docket will be shorter than usual

Railroad Companies Anticipate Commission's Action.

COMPLAINTS

Chairman Fairchild Will Investigate Workings of Body in California Before the Washington Officers Meet Again.

OLYMPIA, Wash., June 24 .- (Special.) That some of the express and railroad npunies have been anticipating the calling upon them for tariff sheets and information, is shown by the receipt by the Railroad Commission today of such documents from several com panies. The Pacific Express Company is one that has filed a complete list of docu-ments that will be required by the board.

Other companies have in part complied with requirements and others have sup-DISCOVERY MADE BY DR. SHAW AT piled the secretary with lists of officers from whom any desired information may These letters and com munications of congratulation and applications for positions, comprise the bulk of the large amount of mail awaiting the commission, and which Secretary Lyons

is now going through.

One or two minor complaints have been received from Eastern Washington, but they deal principally with disputes between shippers and railway agents and de not call for semi-judicial action. Some switching privileges and distribution of cars are involved and Mr. Lawrence has been delegated to look into them before proceeding on his trip to lows and Min-

There is one strongly worded on from a shipper who dated his letter last April. He complains that he ordered a car which was not supplied by the railway company. "Can you give me relief or must I go out of business?" the ship-

or inquires.

Chairman Fairchild left for California today, but is not going strictly on commission business. He has some private matters to attend to in San Francisco and will look into the California commission's workings, merely in an in-formal manner. There will be no further meetings of the Washington commission

WEALTHY ATHENA FARMER GUIL-TY OF ATTEMPTED ARSON.

Moses Taylor Wanted Revenge on John Banister, Who Testified Against Him in a Divorce Trial.

PENDLETON, Or., June 5t - (Special.) Moses Taylor, the wealthy Athena farmer, was tonight convicted of attempt farmer, was tonight convicted of attempt to commit arson, after the jury was out for five hours. The crime of which the defendant is guilty was committed a year ago in July, when he attempted to hire Munroe Palmer and Richard McGrath to burn down the barn of John Banister, a neighbor, in revenue for testimony given during his divorce trial the offered to nay them 100 to receive. He offered to pay them \$100 to perform

Palmer informed Banister of the ple and a trap was laid to apprehend Mc-Grath, who was in the act of setting the building on fire when he became suspicious that he was being watched. then informed Taylor that the plot had been discovered, and he refused

during a sensational divorce suit. His wife and daughter both testified against

the witness stand, last Fourth of July be fell in company with McGrath, who was then an employe of Taylor. Palmer stated that McGrath told him there was a rich man who wanted some work done. and that he was willing to pay for it. This "work," he stated, was to burn the barn and grain field of John Ranister, to flog the owner with not less than 74 licks, and also to inflict a similar pun-lahment upon the person of Mrs. Jo-Sherred, after the latter had recovered pending confinement. No names were given.

KILLED ON TELEPHONE POLE

Oakland Lineman Receives Full Force of 2000-Bolt Shock

OAKLAND, Cal., June 24.- (Special.)-While working on a telephone pole, at the corner of Valdez and Twenty-sixth streets shortly before noon today. Thomas Doak, a lineman, accidently came in contact with a live electric wire and 2000 volts of electricity shot through his body. killing him instantly and leaving his body

suspended in the air.

Strapped to the pole about ten feet above the ground by means of a safety strap. Deak grabbed hold of a guy wire on which lay the heavily charged wires that supply Providence Hospital with electricity Suddenly there was a flash. Foreman James McKeehan and Helper H. Holland at once hastened to the res-

PLAYING FOR PRIZE GAMBLING

Mayor of Fresno Causes Consternation Among Society People.

FRESNO, Cal., June 24.-(Special.)-Consternation has been caused in Fresno society by the action of Mayor Lyons in regard to the gambling ordinance. Com-plaint was made recently to the Mayor that the gambling law had been enforced in some instances and not in others. Mayor Lyons, to remedy matters, de-ciares that the term gambling shall apply to all social functions of a semi-public character or any other entertalisment where "500" or any other game of cards

Land Office Is Packing Up.

Hay and That Crop Will Be Somewhat Damaged.

> PENDLETON, Or., June 24 .-- (Special.)-Another heavy rain fell here this afternoon. For an hour the storm raged furiously. The rain was general in the county and it is reported that in some sections the precipitation was over an inch. In the Helix country the storm continued over an hour, it being the heaviest rain had there since a

> year ago, July 3, when a fierce storm swept this part of the state. Owing to the fact that the heavy rain of yesterday morning had thoroughly saturated the ground, the water ran into the streams rapidly, causing them to swell and overflow the banks. Birch Creek, south of the city, rose rapidly and washed out two bridges and considerable damage is reported by the farmers.

> It is not believed that the damage to the wheat crop will be extensive as the grain is not matured enough to fall. The rain is conceded to be beneficial to the grain in the light lands, as a heavy raio was needed to mature the there. The worst damage was done to the hay crop as the farmers were in the midst of the haying season and all the hay cut the last day or two will be

Soaking Rhin Means Bumper Crops. HOOD RIVER, Or., June 24.—(Special.)

—A soaking rain fell for several hours today. Indications are that there have been heavy rains in the wheat belt of the interior, especially in Kilckitat County. A bumper wheat crop is now

Good for Crops in Sherman.

Run of Fish Is Improving. ASTORIA, Or., June 21 - (Special)-The

run of fish up the river has shown some improvement, which would indicate that the run that has been in the lower river for some time is going up stream, as the nah average large. The new run that has made its appearance in the lower river is of smaller average size and with it are many steelbeads. This latter fact of the office preparatory to the removal of the office from this city to portland on June 28. On and after July 1, next, the Land Office heretofore located at Oregon City will be located on the fifth floor of the Hazier hullding, West Park and Washington streets, Portland.

Covington Johnson Will Have Wife for Guardian.

MARRIED ONLY A YEAR

Sensation Caused in San Francisco Society by Application to Superior Court on Behalf of the Wife.

SAN FRANCISCO, June 24-(Special.) The first public intimation of a rift in he lute of the happiness of the Covington of the lappiness of the Covington Johnsons, well-known people in San Francisco society, who were wedded in brilliant style but little more than a year ago, was made yesterday in the form of an application in the Superior Court by Mrs. Caroline Johnson for the appointment of herself as guardian of her husband, he having, she alleges, become mentally inconnected as a result. come mentally incompetent as a result

Married in January, 1994, the couple went abroad with the intention of staying out of this country for five or six years. Mrs. Johnson, who was Miss Caroline Rixford, daughter of Gulian P. Rixford, had achieved considerable local fame as a painter, and the plan was to reside in Europe so that her taleste wints have

a painter, and the plan was to reside in Europe so that her talents might have ample opportunity to develop.

To the surprise of their friends, Mr. and, Mrs. Johnson returned to San Fran-cisco about a month ago, and for part of the time since then the husband has been living in the country, presumably at a sanitarium, while Mrs. Johnson has made her home under her father's roof. Gullan Rixford whem guestioned tast Gulian Rixford when questioned last night about the reasons actuating Mrs. Johnson's action, expressed great dis-inclination to speak of the matter.

"It is a most unfortunate affair," he said, "but the relatives of both parties are agreed as to the necessity of my daughter doing what she has done. The occasion for my daughter taking this step has arisen only recently—a little before their return to this country. before their return to this country

nonth ago."
Covington Johnson, who was a man of culture and a great traveler before his marriage, is connected with the well-known Covington family of Ken-tucky. He is about 50 years old, while his wife is nearly 20 years younger. By those who knew him Johnson was considered to have a peculiar temperan

CRUISE IS FOR SPECIMENS

SCHOONER CHARTERED TO SEARCH THE SOUTHERN SEAS.

an Francisco Academy of Sciences Sends Out Party To Bring Home New Forms of Life.

SAN FRANCISCO, June 24-(Special) -Members of the Academy of Sciences and many invited guests took part in the ceremony of christening the schooner Academy, which has lately been chartered for the purpose of making a cruise to various southern points in a search for specimens in natural history. The vessel sailed today for the South and will be absent several months, going as far as the Galapages Islands, off the coast

At the christening, United States Senator George C. Perkine was present, as well as Henry J. Crocker and all the principal officers of the Academy of Sci-Dickle formally christened and dedicated the schooner, a bottle of champagne be-ing broken over the bows. Miss Hyde read an original poem and at the luncheon that followed there were toasts and

expressions of good-will from Senator Perkins and all other guests. The academy is well equipped for her cruise. New forms of life will be sought at many points on the southern coast and at the Galapages specimens of the iguanas and huge tortoises known to exist there, and which are becoming extinct, will be taken aboard and brought home. Some of these giant tortoises are esti-

mated to be 500 years or more old.

Great Care in Target Practice. ASTORIA, Or., June 24 - (Special.) - The forts at the mouth of the river have com-pleted their quarterly target practice, which has been carried on with extreme difficulty and with the same amount of care to prevent any accidents to the many fishing boats that would naturally be in the range of the guns. It was the in-tention for the practice at Fort Columbia to be at fixed targets with the smaller guns, but as this was found impossible, the practice was with the large coast defense guns at imaginary targets south of

Bright's Disease and Diabetes News

Pacific Coast Biscuit Company, R. C. Pell, Manager. San Francisco, June 18, 1905. o the parents of calldren having Bright's Disease—

I feel impelled to write you my per sonal experience with this disease, the gravity of which I feel strongly through the death of my father some 10 years ago from that trouble and the serious illness of my son when he was ounced by two physicians to have Bright's Disease, with recovery impos-sible. His whole body was swollen with the Dropsy, and death at any moment would not have surprised us. We put him on Fulton's Compound for Bright's Disease. In six months his recovery was complete. Hearing that the son of a friend (an attorney) was dying of Bright's Disease, I told him. and at last reports the boy had recovered. Last year a Mr. Baruch, of New York doing business with us, shocked us by his appearance. He said it was Bright's Disease. I told him, too, of my boy's case. Eight months later I hardty knew him. He was nearly well. There are lives to be saved and it is my duty

as well as my pleasure to lay these facts before you. Yours, etc., R. C. PELL. Woodard, Clarke & Co., are the local agents for Fulton's Compound. Ask for free pamphlet.

uated this year from the Seattle High responsibility upon him. In one of his School, delivering a commencement day address that attempted to justify anarchy. "This would lead one to infer that ever these High School chiefs of scholastic learning belong to the common herd or those who do not know that anarchy is directly opposed to socialism." School authorities today decided to les

VITAL WEAKNESS

Above all other things, we strive to save the thousands of young and middle-aged men who are plunging toward the grave, tortured by the woes of nervous
debility. We have evolved a special treatment for
Nervous Debility and special weakness that is uniformly successful in cases where success was before
and by other doctors deemed impossible. It does not
stimulate temporarily, but restores permanently. It
allays irritations of the delicate tissues surrounding
the lax and unduly expanded glands, contracting them
to their normal condition, which prevents lost vitality.
It tones up and strengthens the blood vessels that
carry nourishment. The patient realizes a great blight
has been lifted from his life

We want all MEN WHO AHE SUFFERING from any

We want all MEN WHO ARE SUFFERING from any disease or special weakness to feel that they can come to our office freely for examination and explanation of their condition FREE OF CHARGE, without being bound by any obligation whatever to take treatment unless they so desire. We cure
