Mike Fisher wore his happiest smiles as the large delegation of "Tacoma Boosters" filed into the ball grounds yesterday afternoon, and graclously informed the visitors that the latest product of his incubator was going to pitch, and along with this piece of information Mike also threw in the cheerful assertion to his fellow-townsmen that Tacoma was going to

Well, in the seventh canto it looked very much as though he was going to make good, for, after shutting Tacoma out for six innings. Essick became somewhat wobbly, and with one run in and three Tigers on bases, things looked rather dublous, for even though two men were out, Happy Hogan was at bat, and this individual is known as at dangerous batsman in a pinch. Happy connected with the ball, all right, and the Tacoma rooters howled in chorus, but too soon, for they had reckoned without Harry Schlafly, who leaped in the air and pulled down Ho-gan's drive with one hand, making one of the most phenomenal catches ever seen on the local grounds, and pandemonium broke loose. Schlafly's feat was cheered, even the Tacoma rooters joining in the applause.

Many brilliant plays were made dur-ing the game, Householder, Cates, Mo-Lean, Doyle, Nordyke and Graham making phenomenal catches, but Schlaffy's stunt eclipsed them all, and, incidentally, he went them all one bet-ter by adding another one-handed catch to his credit in the ninth.

Essick pitched in splendid style from the start, and during the first half of the game young Roy Emerson held his

Mike's smile of confidence was chased off his visage in the eighth, when, after both teams had scored one apiece, the locals in the sixth and Tacoma in the McCredle's Giants proceeded to break up the game. It all happened in the last half of the eighth, and the way the locals used the incubator

Tacoma and his subjects.

An error by Doyle, who played short in place of Truck Egan, who is on the disabled list, owing to an injured side, started trouble for the San Jose lad. Schlaffy followed Mitchell with a hit Householder went out and McLean was deliberately passed to first, filling the hags in order to get the supposed weak hatters at the end of the locals' bat-ting order, but Cates. Runkle and Essick landed on Emerson for safe hits, the latter's being double, and this bunch of hits was followed by a pass to Ats, a single by McCredle and Mike Mitchell's two-bagger on his second trip to the plate in the inning. The total of all these bingoes, coupled Ith a double-steal on the parts of ates and Runkle, was seven tailies.

ACTORS AND REHEARSALS Amount of Work That Must Be Done for Nothing.

Pall Mall Gazette. The question of the payment of actors during rehearsal time is one that naturully agitates actors and actresses a good deal; and when one hears, as one fre-quently does, of a play in busy rehearsal for six or even eight weeks, often in-volving heavy and late night work, the case for the payment of such labor certainly seems a strong one. To add to the severity of such instances, the per-formances thus laboriously prepared formances sometimes fail to attract the public, and or ten weeks' work may be a couple of weeks pay. One manager does, we be lieve, pay half-salaries after the third That seems generous; probably week. fourth-salaries would be regarded as sufficient. One result of some such ar-rangement would be that, for the sake of the management, the rehearsals would be compressed within a shoter period of time, and would be less casually conducted than is sometimes the case at present; and that, too, would be a benefit all around. There are, of course, difficulties in the way, and cons as well as pros in this as well as in every other proposed reform; but it should not be impossible for our theatrical managers—whose gen-eral good-will to their company is beyond all doubt—to arrive at some business-like compromise in the matter. As things stand at present they certainly involve hardship to a large number of members of the theatrical profession.

Judge Declares Initiative and Referendum Unconstitutional.

SAN DIEGO, July 1 .- In a case involving the application of the recently adop-ted amendments to this city's charter, Judge Torrence in the Superior Court today handed down a decision declaring the initiative and referendum unconstitu-tional. Unless reversed in a higher court, and an appeal is not likely, this decision invalidates the ordinance compelling the removal of saloon screens and that compelling saloons to close on Sunday. The decision is an important and far-reaching one, in that it knocks out the initiative and referendum in municipalities, Judge Torrence stated it as his opinion that the law which allows cities to frame own charters does not intend that such sweeping deviations from the principles of American government be permitted.
