JAPAN'S GREAT WORK IN COREA

Has Built Railroads and Are Improving Principal Harbors.

LONDON, July 15.—(Special.)—Private advices from Corea state remarkable facts concerning Japanese engineering enterprises there.

SAN JOSE, Cal., July 15.—(Special.)—As the culmination of a stormy quarrel with his wife, aged Gustave Hueter, a retired San Francisco merchant, and a pioneer paint manufacturer, was shot and instantly killed at his home on the Santa Cruz road, near Patchen, last night.

Hueter was shot by his wife as he was approaching her in a frenzy of rage with a loaded shotgun. The act was done in self-defense and there is little question but that the woman's life would have been forfeited had she not protected herself with a revolver which was near at hand.

WISH CZAR TO ABDICATE

MOVEMENT ON FOOT IN BERLIN AGAINST NICHOLAS.

Dowager Empress Declared to Be Leader of Party That is Bringing Pressure to Bear.

BERLIN, July 15.—(Special.)—Something of a sensation has been caused here by the receipt through diplomatic circles of news that great pressure is being brought on the Czar to compel him to abdicate. The Dowager Empress is declared to be the leader in the movement, as it is felt that should His Majesty retire and a regency be established, some reforms might be granted that would appease the people.

ST. PETERSBURG, July 15.—(Special.)—Admiral Witenberg, Chief of the Staff of the Navy, says that the report of a mutiny on board and the sinking of the battleship Catherine II, circulated in Vienna and printed in the United States, is without foundation.

DIVIDE CROPS WITH PEASANTS

Russian Landlords Pay Dearly for Immunity From Murder.

LONDON, July 15.—The correspondent of the Standard at Odessa states that with a view to avoiding arson and murder, the majority of the landed proprietors are now voluntarily conceding to the revolutionary peasants one-third of their crops, and many instances one-third of their livestock also.

SATISFIED WITH WITTE

Europe Well Pleased Over Selection of Russia's Envoy.

LONDON, July 15.—(Special.)—Throughout Europe there is profound satisfaction over the selection of the "Blarck" of Russia as chief of the Czar's representatives in the peace negotiations. It is understood the appointment was not made until Count Lamdorff, who favored it from the first, despite certain divergences between himself and M. Witte, had made clear to the shortsighted and ignorant Nicholas the cardinal plank in Witte's policy.

No Famine in Sight in Russia.

ST. PETERSBURG, July 15.—The crop report does not support the predictions that a famine is coming in Russia. In some of the central and eastern provinces the outlook is bright, owing to lack of rain in the Spring, but as a whole the government's report classifies Winter wheat as normal.

LODI, July 15.—Three persons were killed and six wounded by a volley fired by Cassala during anti-government demonstrations in Kami Lena street this afternoon.

SWEDEN'S TERMS ARE ULTIMATUM

Norway Must Accept Them or Fight Against Serious Odds.

EMERGENCY FUND VOTED

Riksdag Prepares Terms for Dissolution of Union—Swedish Army Double the Strength of Norway's.

CHICAGO, July 15.—A special to the Daily News from Stockholm says:

Sweden's dissolution conditions, now in course of preparation, will possess all the force of an ultimatum, according to Captain Baumgarten, who introduced in the upper house the resolution to appropriate 100,000,000 kroner (\$24,000,000) for use in emergency. The Captain has led an influential party in a strenuous fight against the separation of the country.

When the Riksdag has decided on the dissolution terms, said the Captain, "they will not oppose it when the country's irreducible minimum from the standpoint of National honor. The rejection will give us no alternative except war. The crisis shall leave no blemish on Sweden's escutcheon. With the exception of the Socialists, the country solidly upholds this attitude. The King will not oppose it when the steadfastness of the Nation's attitude is manifest."

Sweden can put 100,000 effectives into the field the week after the declaration of hostilities, and Norway can only put 45,000. Sweden could maintain the same rate of preponderance throughout the war.

America has suddenly raised the question of Norway's status and the competence of the Swedish government to act for the Christiania secessionists by asking the Swedish Foreign Office for the extradition of Edward Park, wanted for larceny in Baltimore. Park is due at Christiania on the steamship United States today.

RESEMBLES ROCKEFELLER

FREEPORT MAN BELIEVED TO BE FATHER OF JOHN D.

CITIZENS THINK THAT AGED DOCTOR LIVINGSTON IS REALLY PARENT OF OIL KING.

FREEPORT, Ill., July 15.—(Special.)—A remarkable chain of circumstances and coincidences has convinced bankers and merchants and others that Dr. William Livingston, aged 98, of this city, is in reality William Rockefeller, father of John D. Rockefeller. A picture of the older Rockefeller, printed in a leading magazine, has been identified by E. Meyer, cashier of a bank as that of Dr. Livingston.

Talking with the life story of Rockefeller, Dr. Livingston was a kind of quick physiologist in his day and was fond of hunting and horses. Like Rockefeller, he never wore a cravat, and always had a diamond stud in his shirt front.

Meyer recalls that many years ago Dr. Livingston cashed a check for a Standard Oil dividend at his bank. The physician said he had loaned money to John D. Rockefeller, father of Henry Coudman Potter, Episcopal bishop of New York, and widow of the celebrated and erratic sculptor, was received into the Roman Catholic Church a few days ago there.

That the daughter of Alonzo Potter, bishop of Pennsylvania, and niece of Horatio Potter, bishop of New York, a very talented and brilliant woman, was not known even to her most intimate friends in Florence, where she has long resided with her daughter, Florence, at 109 Via del Straff. Mother Church took Mrs. Thompson to her arms very gladly and very unostentatiously—even secretly. The Archbishop of Florence graced the ceremony with his presence; they were conducted by the Rev. Gioacchino Bonardi, rector of the church, one of the oldest in Florence, which Dante mentions in his "Divine Comedy."

ACCEPTS CATHOLIC FAITH

Mrs. Launt Thompson Becomes a Member of Church at Florence.

NEW YORK, July 15.—(Special.)—A Florence (Italy) dispatch to the World says: Mrs. Launt Thompson, sister of Henry Coudman Potter, Episcopal bishop of New York, and widow of the celebrated and erratic sculptor, was received into the Roman Catholic Church a few days ago there. That the daughter of Alonzo Potter, bishop of Pennsylvania, and niece of Horatio Potter, bishop of New York, a very talented and brilliant woman, was not known even to her most intimate friends in Florence, where she has long resided with her daughter, Florence, at 109 Via del Straff. Mother Church took Mrs. Thompson to her arms very gladly and very unostentatiously—even secretly. The Archbishop of Florence graced the ceremony with his presence; they were conducted by the Rev. Gioacchino Bonardi, rector of the church, one of the oldest in Florence, which Dante mentions in his "Divine Comedy."

Funston's Father on Trial.

IOLA, Kan., July 15.—R. H. Funston, ex-Congressman from this district and father of General Frederick Funston, was placed on trial in the City Court here today, charged with carrying concealed weapons and with disturbing the peace.

Following the dynamite explosion in Iola recently, when a temperance crank wrecked three saloons, Mr. Funston stated on the street that if the officers had done their duty the explosion would not have occurred.

A crowd was drawn to the scene, and when an officer requested Funston to desert from his talk, the two clashed, and Funston, it is alleged, attempted to draw his revolver. A verdict is not expected until Monday next.
