DEATHS ARE MAN

Yellow Fever Is Spreading in Lower New Orleans.

CITY TIGHTLY BOTTLED UP

While Its People Battle With Mosguitoes, Other Communities Refuse Intercourse With Louisiana.

NEW ORLEANS, La., Aug. 5 .- Fever sport to 6 P. M. New cases, 30, Total to date, 505. Deaths today, 8. Total deaths, 97.

New sub-fock, 15.

Total sub-feet, \$1, Among the cases today is that of Archbishop Chapelle, of the Catholic diocess of New Orienns. The archbishop returned several days ago from the country. His residence. while not in the original infected area, is not far from jt. The archbishop was reported to be doing well tonight. The Marine Hospital Service will take charge of the lucal fever situa-

NEW ORLEANS, Aug. 5 .- (Special.) -Of the deaths from yellow fever today, seven occurred in the City Hospital and three in the Italian quarter, where the disease originated. All were Italians excepting two. The spread of the disease continues toward the lower end of the city. One of the new cases is in the heart of the tenderioin district, and another on the outskirts of the same district. The increase of infected localities is the

nost alarming feature, inasmuch as it deterns and outhouses has not exterminated the mosquitoes. The health officers, however, continue hopeful that they will

soon have the disease under control.

The Marine Hospital Service has not yet taken control of the situation, though t was expected) that as soon as Dr. White received instructions from Surgeon-General Wyman he would be able to assume charge. Dr. White went to Gulfport this morning for the purpose of meeting Dr. Wasdy, of the Marine Hospital Service, who is in charge of the Mississippi quarantine, and Governor Vardaman, who went down from Jackson, but did not return tonight as was expected.

Battle With Mosquitoes.

Up to a late bour tonight, neither at the City Board of Health nor at the office of the United States Marine Hospital Service were there any reports of startments in the fever situation. At Dr. White's office word was expected from Washington, but none came. While waiting for the Federal Government, the citizens are buttling with oil and netting. Dr. Beverly Warner, chairman of the citzens' committee, is busy in the midst of piles of reports from the various wards showing what has been accomplished. This evening at 2 o'clock there was a meeting of the ward presidents and other officers in the St. Charles Hotel. The whole matter was gone over and plans for of the fight were made.

Mississippi Is Angry.

Governor Vardaman is at Guifport looking into the situation and trying to see if he cannot straighten out the tan-gle between Mississippi and Louisiana quarantine matters. The report that Louisiana has captured two Mississippi's boats and was towing one of them to New Orleans has stirred great resentment through Mississippi. Greenville is the only town in the whole state of Mississippi that has positively refused to allow Uncle Sam to deliver matter from this city unless all mails go through the fumigating process. Two or three days ago it was beleved every town in the state would refuse to receive mails from this city on account of the fever, but this is not so, for all mails addressed to towns in tine. Mississippi are going out regularly. The Southern Pacific today notified the postal authorities that it would carry to more Texas or Western mails for the present. Calcasieu and Rapides Parwill allow through traffic in the future. The parish officials changed their minds and decided to lift the lid as far as through train traffic is concerned in other respects, however, quarantine will be maintained. This shuts off all local passenger business on all Western roads.

Louisiann Fleet Recalled.

As conditions outside of New Orleans have rapidly improved and little fur-ther probability of violations of Louislang's sovereignty, Governor Blanchard has ordered Captain Bostwick to withdraw some of his soldiers. The Govannounces that he is not fighting the United States Government and that, if the Mississippi boats have been made a part of the Federal Government's flo-

tills, they will not be molested.

At Lafayette, the Southern Pacific has lost some of its men as a result of the fake dispatches there that people were dying in New Orleans by the score. Assistant Division Superintendent Scarlet. resigned, and with eight or ten operators and dispatchers took passage for Texas. As was forecasted in these dispatches, the difficulties of handling the fruit trade through Mobile are begin-ning to force the Central American

steamers back to this port. There is a complete boycott against fruit in any of the towns in Mississippi. Edicts have been issued forbidding the passage of fruit trains through them.

GOVERNMENT PLAN OF ACTION

Dr. White Says Main Purpose Is

Destruction of Mosquitoes. NEW ORLEANS, Aug. 5 - (Special.)-After it had become known that an appeal had been sent to the President to take charge of the situation, J. H. White,

of the Marine Hospital Service, was asked what change would result from his assumption of control. He said: "I will give an enlarged application of the system at present in force, take the usual precautions to prevent people from leaving while in the possible incubative stages and infecting new districts; a rigid application of measures destructive to mosquitos in the whole of any infected vicinity; daily inspection of every portion in every house where there has been a case, and a duplication in such houses of destructive measures for mosquitos. We want the citizens, one and all, to make a went the citizens, one and an, to make a concerted and simultaneous effort along the lines suggested today by Mr. Farrar and Rev. Warner, to kill all the mos-

and Rev. Warner, to all all the mosquitos in the city, and, if the householders one and all, will do this, it will be of enormous benefit in assisting the official work to be done in and around each locality of infection to be successful. That official work being intended to irsure beyond question not only the destruction.

destruction of all mosquitos in all places where a case of fever has been. The prime necessity of this is that doctors hall report all cases of fever. They must is the well-being of over a quarter million people in the city and 20,000,000 in the South at large.

"There is one way, and only one, in which yellow fever is transmitted, viz., by the bite of a mosquito of a variety known as stegomia fasciata. So sure am I of this that I would let my innocent I of this that I would let my innocent wife and children sleep in apartments separated from a virulent case of yellow fever solely by an 18-mash wire screen, though the air from the infected compartment might pass freely to them. I know-not think—that this is the only method by which the disease is transmitted, and, knowing this, I also know that the destruction of yellow-fever mosquitos is the only method of eliminating the fever, and that the elimination of the the fever, and that the elimination of the osquitos by the residents of your city is the only method of preventing any fur ther outbreak of yellow fever in this country. Whether the destruction and elimination is done by state or county or Nation is a matter of no importance. Who gets the credit for the work is a matter of less importance, but the work is a duty that some of us must do, or be recreant to our duty, and the sconer it is strike on the Great Northern and Northbegun the better."

STEAL OIL FROM MOSQUITOES

velop Unique Style of Fraud.

New Orleans Sanitary Measures De-

NEW ORLEANS, Aug. 5 .- (Special.)-A ensation was created here today by the arrest of Joseph L. Houston, James Nelson, James Kielnoble and Thomas Leonard, for the illegal sale of kerosene oil intended to be placed in cisterns for the extermination of mosquitos, Ever since yellow fever was discovered the State and City Boards of Health have employed scores of men to sanitate premises, screen cleterns and pour oll on the water. Nelson and his associates were placed, in charge of a tank wagon loaned to the health authorities by the Standard Oll Company, and, instead of depositing the oil according to instructions, they are alleged to have sold it to a corner grocery and spent the money in drink. Complaints were made to the City Board

of Health last week that property-hold-ers had been buncoed by the oil thieves. Today the authorities were informed that the Nelson men, employed by the Algiers Improvement Association, were neglecting their work, and many cisterns that were supposed to have been oiled were passed by. The health authorities also received reports that several men had resorted to extremes in buncoing the pub

lic. Ordinary water was poured in cis-terns when oil should have been used. and the cisterns were improperly screened. Steps were taken today for the detection of the oil thieves. Property-holders were requested to watch the men as they han-dled cisterns, and every gallon of oil given the sanitary workmen will be accounted

Louisiana Waters.

WASHINGTON, · Aug. 5 .- Secretary Shaw this afternoon received a tele-gram from Governor Blanchard, of Louisiana, protesting that Mississippi patrol-boats for 10 days have been invading Louisiana waters and jurisdiction, molesting fishermen, stopping, driving in and chasing the fishing-boats. Particular complaint is made against the Mississippi boat Grace which, Governor Blanchard says, would have been seized by Louisiana authori-ties but that she claimed to be in the United States Marine Service. The Governor says it looks like Mississipp has been using the authority of the Federal Government for depredations on Louisiana. "I protest against all

Secretary sent the following The reply:

I have ordered Captain Ross, of the I have ordered Captain Ross, of the revenue cutter service there, under general direction of the Fublic Health and Marine Hospital Service. Officials of both branches of the service deny any violations of law. Now that the whole subject of quarantine has been, by authority of the Governors of each state, turned over to the Federal Government, there need be no fear of future complications. Meanime, I will have all charges investigated Mr. Shaw has wired Captain Ross to proceed at once to New Orleans. to proceed at once to New Orleans. cutter service at that point and with a view of strictly maintaining quaran

ARRANGE ABOUT EXPENSE.

Wyman Says Quarantine and Clean-Up Will Be Costly,

OYSTER BAY, Aug. 5-(Special.)-Acting Secretary Barnes made public several telegrams tonight bearing upon the yellow fever situation in boolsians. One is from Martin Behman, Mayor of New Orleans, requesting the President to take charge of the situation, and others are from Surgeon-General Wyman, of the Marine Hospital Service. The most in Dr. Wyman says, in part: The most important from

Service has had skilled officers in New brieans since first knowledge of the fever-nder the law they are there to see that the treasury interstate quarantine regulations are enforced and under the law to offer assistance in their enforcement. Detention camps have been established and are in camps have been established and are in operation to permit exit of people without endangering states and inspectors are placed on all trains leaving New Orleans. Before to mally assuming charge in accordance with the request, I have deemed it necessary to have an understanding as to exponee. Burgeon White in his telegram today estimates the same at \$1500 to \$2000 per day. The spidemic fund will not stand this exponse. I have wired Burgeon White arrangement desired is that the Government should maintain and pay for medical and legislative control, but that the expenses for material and labor of cleaning up the city should be borne by the city itself. This has been the rule heretofore. I am proceeding on these lines.

More Suspects at New York.

NEW YORK, Aug. 5 .- Two members of the crew of the steamer El Paso, from New Orleans, were removed from their ship today, because of high temperature. They were taken to Hoffman Island for

Trains on Northern Lines Are Moving Better.

CONGESTION IS PREDICTED

Officials Say Their Stations Are Almost Fully Manned-Operators Tell of Trouble-Government Investigation.

ern Pacific, the officials of the roads de-clare that the strike is practically a closed incident. According to information given out at the general offices, more than 80 per cent of the strikers on the North-ern Pacific and Great Northern are now

supplanted with agents, a number claimed to be sufficient to tide over traffic until the remaining places can be filled.

Trains reached the Union Station in St. Paul today with greater regularity and promptness than during the previous 24 hours. The bulletin office at the station reports all Great Northern trains prac-tically on time. The North Coast Limited on the Northern Pacific was five hours late, and the Twin City Express, on the same road, six and a half hours behind

Superintendent Beamer, at Spokane, day wired to General Manager Horn the Northern Pacific that Strike Chairman Haney, of the Idaho division, given out a statement in which he lared that the strike was already a fallure and advised the men on the division he represents, embracing more than 800 miles of line, to report for re-employment at once. The action is said to have had a significant effect on applications for reinstatement coming in from the Idaho

President Perham, of the Telegraphers, ow in St. Paul, admitted the defection and said he had discharged Haney from

Mr. Perham, in referring to the pro posed action of the Government in inves-tigating interruption in interstate telegraph service, said that his brotherhood would welcome the move.

"I hope the action will result in taking the matter into court. I want a better opportunity to get a fair hearing and to make known to the public the real issue

in this controversy."

The announcement that J. J. Hill would return to St. Paul August 10 was wel ed by the telegraphers, who will ask him to intervene. It is believed by the union men that the cost of maintaining the PROTEST TO SECRETARY SHAW struggle and the prospects of loss from stock and grain movements will result in Mr. Hill's taking a hand in bringing about a settlement. Both railroads are giving the strikers to understand that their the strikers to understand that their places will not be available to them after

they are once filled.
General Manager Horn, of the Northern Pacific, says he is having no difficulty in securing strike-breakers, 150 applications for work being on file at his office tonight. Applicants are being examined as rapidly as possible, and sent West to man the wires. It is understood that a large number of the applications being made to both roads are from women.

HORN SAYS STRIKE IS BROKEN

General Manager Tells of Haney's Secession and Movement of Cars.

ST. PAUL, Minn., Aug. 5.-Early tonight General Manager H. J. Horn made the following statement showing the first serious break which has occurred in the ranks of the Northern Pacific strikers.

from Superintendent Beamer at Spokane, who advises me that Chairman Haney of the Idaho division publishes in the Spokane evening papers a statement in which he declares that the telegraphers' strike is already a fallure. Chairman Haney advises the men on the division he represents, which includes 800 miles of line, to report at once for re-employment. His action has had an important effect and applications are coming in from the Idaho division strikers.

Superintendents on nearly every division reported this afternoon that men are applying for reinstatement. This matter has not been considered in detail

by the management.
"Trains are moving on time over the entire system, except in a few instances. Conditions have improved very greatly. More than & per cent of the Northern Pacific stations are now supplied with agents. Competent operators are g West at the rate of 50 a day to vacancies. The reports from the divisions

division reports that 3000 people are be-ing handled daily between Tacoma and Portland without delay. This is Exposition travel. He has reduced the num ber of loads waiting movement today from 600 to 300.

"Superintendent Beamer reports that the needs no more men and this afternoon we freights were moving on his division on their schedules. He is accepting freight for all his main and branch line stations

except two.

'The Rocky Mountain division reports 28 freights moving on time and all trains on their schedules. The Montana divi-sion reports the arrival of Thursday's Pacific express, 16 coaches, out of St. Paul on time to the minute. This divi-sion moved 21 freights yesterday on better than fast freight time. It handled two sections of the Atlantic express on time today, two sections of the west-bound Burlington Fiver and the Harri-man special, all on time. Superintendent Rapelje reports from Glendive that the division is in as good shape as in July before the strike started.
"The four divisions east of Mandan are still handling business quite as successfully as before the strike started. The Lake Superior division delivered 22 loads in St. Paul today from Duluth. Extras

the other two districts are being suc-essfully handled. Only three small stations remain unopened. The improvement since noon has been very rapid, men previously sent being put at work at numerous different points, and the work of reopening stations is progressing more rapidly than at any

For the general manager, Curtis Mosher, MORE AGENCIES ARE FILLED

Both Roads Claim to Move Coast Traffic Without Trouble.

SEATTLE, Wash., Aug. 5.-Rallroad mail officials are not experiencing as much trouble with belated trains and cor gested mails, owing to the telegraphers' strike on the Great Northern and Northern Pacific railroads as was anticipated

when it was announced, several days ago, that a strike would be proclaimed,
Today Superintendent Scott, of the Great Northern, filled vacancies at Marysville and Woolrich, completing the line of offices north of Marysville and establishing service on a regular basis be-tween that point and Vancouver. Super-intendent Weymouth, of the Northern Pa-cific, opened the offices at Robe and Granite Palis, and both officials state Granite Palls, and both officials state operator at Frances and the other was at that the majority of stations west of the Pe-Eil.

untains will be filled tomorrow with operators and agents. The recruits are picked up in the towns of the Coast lines, and no operators have reached Seattle from the East.

The strike situation remains practically the same as reported yesterday, with the exception of the places filled as stated exception of the places filled as stated above. Trains are all reported working as close to schedule as under ordinary circumstances. The situation all along the lines of both roads is represented by officials as improving, and the better service and time of the trains goes far towards carrying conviction that the roads will very shortly be working on roads will very shortly be working on their regular schedules. All of the tele-graph business of the roads west of the ntains is being carried on over the wires of both companies with no inter

IS BUSINESS INTERRUPTED?

Moody Takes Hand in Telegrapher's

Strike for Interstate Reasons. WASHINGTON, Aug. 5.—Attorney-General Moody today wired the United States Attorneys at Madison, Wis.; Milwaukee, Wis.; St. Paul, Minn.; Fargo, N. D.; Hel-ena, Mont.; Boise, Idaho; Spokane, Wash.; Seattle, Wash., and Portland, Or., to investigate the facts as to the interroption of telegraph service on the Great North-ern and Northern Pacific Rallways, in view of the Government's duty to keep unobstructed the avenues of interstate

The Western Union Telegraph Company, in connection with the inquiry, today an-nounced that that company "and its em-ployes are in no way involved in the strike of raffroad telegraphers."

The following is the telegram of the At-torney-General to the District Attorneys:

I am informed that for several days the ransmission of interstate, foreign and I am informed that for several days the transmission of interstate, foreign and Government messages over the Western Union lines which follow the Great Northern and Northern Pacific Railroads has been seriously interrupted. In such a situation, if it exists, the Government, whose duty it is by all means at its command to sep open and unobstructed the avenues of interstate commerce and to protect its own communications, has grave concern. You will immediately investigate with all possible speed the facts, and, if you find the interruption exists, endeavor to ascertain the reason, reporting to me fully by wire.

MAKE CONFLICTING CLAIMS.

Railroad Officials Minimize and Strikers Magnify Their Troubles.

SPOKANE, Wash., Aug. 5.—The tele-graphers' strike situation at Spokane is about the same as yesterday. All trains are moving, those of the Great Northern more nearly on time than those of the Northern Pacific. The smaller stations east and west of both main line roads are still without operators.

The telegraphers' strike chiefs, while admitting trains are running, say the size of trains has been greatly reduced and they believe the companies are ex-ceedingly fortunate in so far escaping wrecks. Additions are being made slowly to the working telegraph force of the Northern Pacific and Great Northern, but the block system on the former road is still disqualified.

Strikers claim next week will see such a congestion of freight as to seriously hamper the companies, but the district superintendense say there is little doubt of their ability to move promptly all freight offered.

WIRES GROUNDED IN MONTANA

Government Wants Report on Interruption of Communication.

BUTTE, Mont., Aug. 5.—Butte authorities were notified last night to report any interruption of interstate communication by strikers to the commission at Washington, D, C. It was stated that in the event the striking telegraphers interfered in any way with communication between states, the Federal authorities would take action in the matter,

Wires were grou between this city and Missoula yesterday and similar interruptions were reported today. It is believed that the interfer ence was made by striking telegraphers. The Northern Pacific has had a large force of linemen at work all day making repairs, and at a late hour tonight the wires were reported to be working as

Perishable Freight Is Being Han-

dled With Regularity. ST. PAUL, Aug. 5 .- (Special.) -- There were few developments in the strike of telegraphers on the Northern Pacific and Great Northern roads today. Both sides claimed to be encouraged, but conservative opinion is that the men lost somewhat, inasmuch as some strikers returned to work.

Passenger traffic is being handled with delays of less than an hour in nearly every instance, the perishable freight be-ing moved with considerable regularity. The time card is being strictly adhered to, and in many cases train orders are transmitted by telegraph. A large number of strike-breakers arrived here to-day, and were started west to man the keys abandoned by the union men.

TRAIN WRECKED IN MONTANA Eight Ore-Cars Go in Ditch Near

Great Falls. BUTTE, Mont., Aug. 5 .- A report was

received in this city late tonight of a wreck on the Great Northern at Mid Canyon, 15 miles from Great Falls. An ore train of eight cars went into the ditch, tieing up traffic along the road for about seven hours. The wreck was said to be due to a broken flange. No body was injured.

There was a rumor current tonight to the effect that a passenger train was involved in the wreck, but this was de-nied by the local officials. It was also reported that the poor telegraphic com-munication, resulting from the operators' strike, was responsible, but this report could not be confirmed.

RELIEF MEN ARE LEAVING Passenger Trains Are Still Running

Behind Schedule.

HELENA. Mont., Aug. 5.—(Special.)— The telegraphers strike on the Great Northern and Northern Pacific is still on. Both sides assert their confidence that they will win out. The telegraphers are directing their attention to an effort to induce the relief men to desert their posts, and claim to be making good progress along these lines. Passenger trains continue to run alightly behind schedule, and but little freight is being moved.

Quick Time on Winnipeg Line.

ST. PAUL, Minn., Aug. 5.-Indicative of the extent to which the Northern Pavice in Minnesota and the Red River Valley is the circumstance that a spe-cial train on this line broke the record for quick time fast night between Win-nipeg and St. Paul.

Only Two Out of One Branch. SOUTH BEND, Wash., Aug. 5-Only two operators on the Northern Pacific's South Bend branch walked out in obedi-ence to the order to strike. One was the

Japanese Force Advances to Rear of Vladivostok.

PREPARING FOR THE SIEGE

Garrison Commander Issues Significant Order-Hasegawa Crosses Mountains While Sakhalin Army Approaches.

LONDON, Aug. 5 .- (Special.)-The news that the commander of the garrison of Viadivostok has issued to the inhabitants of the city the stringent orders that are given out only in case of a threatened siege has created uneasiness but no sur-prise in St. Petersburg. There seems to be a constant fear in the Russian capital that communication with Viadivostok may any moment be severed, and the recent engagements along the shore of the River Jugen give grounds for the supposition that the expected may happen at any

It was not necessary that Baron Hasegawa's detachment should cover all the distance to Ninguta before making the detour that would bring it out near the Russian lines of railway. On the contrary, the chances are that it left the high road when it reached Kaiho, a hamlet on the banks of the river of that name, and thence crossed the gap in the Liao-rehling range to the headwaters of the Suizfeng, which flows into the Avar Bay at Vladivostok, passing by Nikolska, and, as there is a mountain road for the greater part of the journey, entering the maritime province at the village of Poltavska, it is not impossible that this flanking force belong-ing to Baron Hasegawa's army may make its appearance before many days elapse to the north and rear of the Russian sea-

General Andrieff has abandoned any intention that he may have had of creating a diversion by marching a Russian column into Corea, and he has withdrawn his forces, it would seem, to the Kovokievak depot. There is no Russian army, as far as can be ascertained, east of Kirin, save the Vladivostok garrison, and the pros-pects of that becoming isolated are un-deniable. It is probable that operations will be conducted from the direction of Sakhalin and this applies with greater force to the situation today in that the Russian railway headquarters has shifted

o Hawbaravka. An expedition may perhaps ascend the Amur and co-operate with the land forces against the Russian position as soon as minor matters of administration have been finally settled in the Island of Sah-halin, and at the present rate of prog-ress this would not take very long. The latest reports from Japan show that the army pursuing the Russians through the island is steadily successful in its endeavers to clear the soil of intruders.

AFTER CONFESSING TO CRIMES, HE BORROWS THOUSANDS.

"Meanest Thief" Believed to Have Escaped From New Jersey With All Proceeds of His Embezzlements,

NEW YORK, Aug. 5 .- (Special.)-At last a warrant has been issued for William H. Belcher, who is still Mayor of Paterled for William son, N. J. He is charged with embezzlement of over \$100,000, and the police de-partment has been ordered to use its ut-ty his cash. most endeavors to take the missing man

STRIKE--BREAKERS AT KEYS by everyone in Paterson who is at all familiar with the facts in the case. On the lips of everybody in the city where he was looked up to as a model citizen, husband and father, was the charge that "the meanest thief" had by this time placed hundreds of miles between him-

self and his former home. It has been ascertained that Belcher had several thousand dollars at least when he disappeared. During three days before his flight after he had been confronted by evidence obtained by bank examiners, and had made confession of his crimes to them, he went from one to another of those who had implicit confidence in his integrity and without further security than his personal promise to repay loans, was able to borro of dollars.

There are many who believe that Beicher had secreted many thousands of dollars in addition, and that he carried away with him a comfortable capital with to make a new start in South America or some other foreign land. It is now a well-ascertained fact that Belcher has been a thief and a forger for at least a dozen years, descending to the level of the common pickpocket in rob-bing those who trusted him with amounts as small as \$1. He has on several oc-casions escaped exposure only by apply-ing on his knees to his victims and working upon their selfish interests, promising that if he were given time he would make good their losses. These exposures have convinced Pater- | matter of his reinstatement.

KIDNEY AND BLADDER TROUBLES PROMPTLY CURED

A Sample Bottle Sent Free by Matl.

Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in promptly curing kidney, bladder and uric acid troubles, rheumatism and pain in the back. It corrects mability to hold water and scalding pain in passing it, or had effects following use of liquor, wins or beer, and overcomes that unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing

everything, but if you have kidney, liver,

everything, but if you have kidney, liver, bladder or uric acid frouble you will find it just the remedy you need.

If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle of this great kidney remedy. Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, be sure to mention that you read this generous offer in the Portland Sunday Oregonian. Don't make any mistake, but Oregonian. Don't make any mistake, bu nember the name, Swamp-Root, Dr., mer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle

son business men that he is not the kind of man who would take his own life. That will ever be heard of again is doubt-That the warrant issued at the 11th hour will result in his arrest is not considered within the range of probabilities.

POLICE BAD MARKSMEN

Shoot Spectators Instead of Robbers They Aim At.

CHICAGO, Aug. 5.-Four officers of the lice force last night sent a fusillade of shots after two robbers who had stolen goods valued at about \$500 from a baggage car standing in the yards in West Sixteenth street. The thieves escaped without their booty, but three innocent persons were shot by the officers, none seriously, however. The wounded are: Lieutenant James Larkin, shot in the wrist; Morris T. Cohen, shot in leg; Mrs.

Cohen, ear shot off. The robbers loaded the booty on a wag-on and drove to Israel T. Benson's shop, where they tried to sell the plunder to Benson. He kept them dickering, while his son ran to notify the police. Detective Voss saw the thieves haif a block down Union street, and was the first to fire, after a command to halt had been ignored. Then Lieutenant Larkin started to empty his gun, and Officers O'Hara and Sullivan joined in the running fusiliade,

but the robbers hurried away on foot.

The party turned up Barker street, and at length rounded into Halsted. Larkin, breathless, halted at the corner a moment, aimed at the fleeing thieves, and fired three shots. Only one took effect, and

that in his own wrist.

Followed by several hundred persons who had been attracted by the shooting, the thieves ran until they reached a con-venient place, where they jumped into a buggy and escaped. Coben and his wife, who were sitting in front of their shop, were hit by stray bullets.

REIGN OF TERROR ON TRAIN

Drunken Passenger Kills Man and Robs Others.

LOUISIANA, Mo., Aug. 5.—This morning while a Chicago & Alton special train was crossing the Mississippi River bridge Marion Warner, of Secor, III. a passenger on the train, was shot and instantly killed by an unknown man. Warner was asleep when the unknown man came through the train, asking the people if they had guns.

He awoke Warner and asked him if he had a gun and, receiving a negative reply, shot Warner just over the right eye, killing him instantly. went to another passenger and, holding the gun again his temple, made him emp-

After shooting Warner, he emptied his revolver at the other passengers, But that he will be located is doubted one woman receiving a slight wound on the arm. A bollermaker from Jack-sonville volunteered to arrest the man, and in doing so knocked him senseless with his fist.

The man who did the shooting was drunk, and boasted before the murder that he would kill some one. The train was held two hours while the testimony of the passengers was taken. The man who did the shooting refused to tell his name or where he lives.

GOEBEL OUT OF UNIVERSITY

Stanford Trustees Refuse to Go Be hind President Jordan's Action.

SAN FRANCISCO, Calt., Aug. 5 - (Special.)—The board of trustees of the Stan-ford University have declined to interfere in the matter of the dismissal by Presi-dent Jordan of Professor Julius Goebel from the head of the Germanic depart-

ment of the university Due to the friction in the department and among the faculty, particularly in the use of the library, Dr. Goebel after ten years of service was removed by the authority of the president, this action of the faculty. From this decision bel appealed to the governing board of the university, but in its review the board says it has no authority to go into the

of his years of service and the fact that he has never claimed his sabbatical year's leave of absence on half pay, the board granted Dr. Goebel one year's full salary. The board's resolution is as follows; "Resolved, That the secretary is in-

structed to reply to Dr. Goebel's commu-nications that he has been removed from office by the president of the university with the concurrence of the advisory board, in accordance with the rules of the trustees under the terms of the charter, have no authority to review that action. "Resolved, That in recognition of Dr Goebel's long service in the university, extending over two sabbatical years, of which he has not availed himself, the treasurer is authorized to pay him a su equal to one year's additional salary."
