DESCENDANTS DO HONOR TO LEWIS

Memory of Great Explorer Is Held in Reverence at · the Centennial.

AMONG NOTABLE FAIR DAYS

Lewis Loyal Legion Holds Adjourned Triennial Session, With Addresses by Members-Meet at Jamestown in 1907.

ADMISSIONS, 22,015. Records of the turnstiles show 22.015

Captain Meriwether Lewis was the guest of honor at the Lewis and Clark Exposition yesterday. Not Captain Lewis in person, for the intrepid explorer long ago finished his historic career, but his precious memory was revived and his Hie held up as a shining example of American patriotism. The Lewis spirit, to which was largely due the consumma tion of the wonderful achievement which is commemorated by the Exposition, was also prevalent yesterday, enthusing those who attended the Fair for the express purpose of paying homage to the famed

People of the Northwest were afforded an opportunity yesterday to honor and enshrine in recollection the memory of Captain Meriwether Lewis as never before. The Exposition itself is a magnificent iribute to the two explorers, who blazed the pathway to the Pacific Northwest, and every day that it is a reality it more reverently honors the names of the two patrious. But yesterday was Captain Meriwether Lewis day at the Exposition, and the Lewis badges, worn by thousands of visitors on the grounds, showed that the people of Oregon and neighboring states are not unappreciative or unmindful of the great part Captain Lewis played in the opening of the North-

west Territory.

Lewis day exercises were held in the Exposition Auditorium, both in the morning and afternoon. Prominent men and descendants of Captain Lewis culogized his deeds and life. They told of his unselfishness, love of country, bravery and othere commendable and beautiful traits. The invocation was pronounced by Rev. C. A. Lewis, of Portland. Dr. K. A. J. Mackenile was a speaker at the morning exercises. He referred briefly to the importance attached to the trip of Captains Lewis and Clark, with their hardy band, to the Northwest, as one of the most important events in the American history.

Jefferson and His Mother's Estimate

Frank P. Lewis, of Seattle, supreme chancellor of the Loyal Lewis Legion, de an interesting address. Judge A. Lewis, of Portland, gave an able and well-received sketch of the life of Cap-

. He said in part: Jefferson was inaugurated President, the young Lieutenant became his secretary. The President says of Lawis: 'I now have the opportunity of knowing him intimately; of courage undaunted; possessing a firmners and perse-verance of purpose that nothing but impossibilities could divert from its direc-

1820 stated that his letters before starting on his homeward journey were full of love and affection. She never believed that her son committed suicide. She firmly believed he was murdered by his Span-ish servant. The report of the Lewis Monument Society of Tennessee says that it seems to be more probable that Gov-ernor Lewis was murdered and robbed, and the Tennessee people always held that he did not shoot himself." The principal address of the day was

delivered by Judge H. H. Northup, of Portland, who took as his subject "The Portland, who took as his subject "The Building of an Empire." He said, in the course of his remarks:

The United States embraces an empire the Atlantic on the east, of the Pacific on the west, with the Great Lakes and British possessions on the north, and the Guif of Mexico on the south, it contains the heart of the continent. It has a mighty population. It possesses a government free and enlightened, well adapted to produce the highest degree of civili-zation, and to which the people are deeply attached. It is the great republic of the world, and one of the powers that con-trols the destinies of mankind."

Descendants Pay Tribute.

The other speakers were John M. Lewis, president of the local Loyal Lewis Legion, and treasurer of Multnomah County, and Andrew T. Lewis, vice-president of the local Lewis Society. Both of the speakers delivered glowing and ejoquent tributes to the memory of their ancestor. The programme also included several seections by the Administration Band. songs by the Rose City Quartet and a solo by Miss Linehan.

Yesterday afternoon at 2:30 o'cleck, in the Auditorium, a meeting was held of the Lewis Loyal Legion, which had adourned from its first triennial session held in St. Louis last September. It is composed of descendants of Captain Merjwether Lewis and other members of the

STRONG WILL NOT SPEAK.

Declines to Appear at the Exposition on Sunday.

Dr. Josiah Strong, president of the American Institute of Social Service, de clined, upon his arrival from New York, yesterday morning, to speak at the Sun day Auditorium exercises today. Like Rev. Charles M. Sheldon, D. D., who declined to speak at last Sunday's Auditorium exercises, Dr. Strong takes this ac-tion because of the Sunday opening of the Trail. It is his view that Christian observance of the Sabbath is in the highest interests of all, and that Sunday should be kept as a day of rest and wo

"When I was invited to preach at the street of the Exposition would be closed on Sunday, and that the Pair would only be open for educational purposes. I find upon my arrival that the conditions are entirely changed. In declining to preach, I do not wish to imply any censure of the Exposition management. I do so in protest of the fact of an open Exposition. The management of the Fair, I under-stand, has been overruled by court on the question of Trail opening. Upon this I responsibility."

Dr. Strong, while declining to speak Sunday, will appear at the Civics Conference, which opens tomorrow for the week. He will be among tomorrow's speakers, and will make an address upon "Prob-lems of the City." Dr. Strong is a man of National reputation as a speaker, writer and thinker. He is the leading spirit in the American Institute of Social Service, of which he is president, and one of

Thomas Keizle, sheepgrower, arrived yesterday with 1900 head of fine sheep from Wapinita, Eastern Oregon, having driven them over the Cascade Mountains without difficulty until he reached East Portland. Then trouble began. All the dogs from many blocks commenced chasing the sheep, until they were scattered all over the East Side, and when again rounded up it was impossible to get them over Burnside bridge. The sheep became bewildered and frightened by the presence of so many people and dogs, and could not be driven. About 15 of the drove broke away and were not recovered. Every conceivable effort was made to get the band across the bridge. Finally "Old Billy," trained to lead other sheep about the drives at the stockyards, was sent for and brought in a wagon, as the old ram is too fat to travel so far. He was led out in front of the flock, when all trouble vanished. The entire drove, less the 15 lost, quietly followed "Old Billy" across to the West Side, where they were shipped by Albert Kilns to Port Townsend. Mr. Keizle said the next time he brought sheep to Portland he would come armed with a gun and rid the city of some of its worth-

The members of the Oregon State Commission say the refusal to approve three of the men appointed on the committee is not the result of any ill feeling, but take the position that in order to avoid any semblance of unfairness, the Superior Jury of Awards should consist of men in no way conjected with the active management of the Exposition as salaried employes. They say that some dissatisfied exhibitors might allege or in-simuate that favoritism was shown in the awarding of the prizes. The Exposition officials come in contact daily with the different exhibitors and the Oregon State Commission is desirous that no allegations be made as regards the equity of the award of the prizes.

For Sale of Buildings.

President Myers was authorized by the passage of a resolution to appoint a com-mittee to advertise for sale all the buildngs constructed by the Oregon State Commission. The bids are to be opened not later than September 20. Provisions were also made for the disposition of the furniture owned by the Commission.
