RICH MAN'S SON

Son of Thomas F. Walsh, of Colorado, Drives Machine Into Creek.

BURSTED TIRE IS CAUSE

Sister of Victim Has Leg Broken, and All Are Pinned Down in Two Feet of Water Until Rescued.

NEWPORT, R. I., Aug. 19.—(Special.)-Vinson F. Walsh, son of Thomas F. Walsh, millionaire mineowner, of Colo rado, who has the William Waldorf Astor villa, was fatally injured in an automo-bile accident this afternoon at Easton's Beach and died soon afterward at the Newport Hospital. In the automobile with young Mr. Walsh were his slater, Evelyn L. Walsh, Mrs. James L. Kernochan. Harry Oelrichs, son of C. M. Oelrichs, and Herbert C. Pell, son of Herbert C. Pell, of New York, Miss Walsh is one of the most popular

young women in the cottage colony and is 16 years of age. Mrs. Kernochan is one of the best-known cross-country riders in the smart set and is well known in sporting circles, having a kennel of her own. Mr. Oeirichs is the son of Mr. and Mrs. Charles M. Oelrichs.

Miss Walsh's Leg Is Broken.

All were hurt, Miss Walsh's injuries being the most serious, for one of her legs was broken. Mrs. Kernochan, Mr. Oelwas broken. Mrs. Kernochan, Mr. Oel-richs, Mr. Pell and the chauffeur were badly bruised and cut, but their injuries were not dangerous. The party was returning from a clam-bake in Mr. Walsh's 40-horsepower ma-chine, Mr. Walsh driving, and was com-

ing toward Newport at a good rate of speed. At the end of Easton's Beach there is a creek which is crossed by a wooden bridge.

Rail Hits Driver in Head.

As the machine slid to one side it went through the wooden rails on the right side of the bridge into the creek. As it went down part of the rail went through the side of the machine and part struck Mr. Walsh. The machine turned over and the occupants were buried beneath, it.
Fortunately there were but two feet of
water in the creek and there was no
danger of the people drowning. An ambulance was summoned and young Walsh hurried to the hospital where he died shortly afterward. The rest of the party were wer through and more or less in-jured. Miss Walsh was bruised about the body and had a fractured leg. Kernochan was badly bruised and c were Mr. Oelrichs and Mr. Pell and the chauffeur. It it thought Mr. Walsh must have been struck on the head by a piece of the bridge rall as he was unce

Thomas F. Walsh was one of the first on the scene. He arrived before all of the victims had been extricated and he accompanied his son to the hospital and was with him when he died, Vinson Walsh was but 19 years of age

and was looked upon as one of the most expert chauffeurs in the cottage colony. The accident is attributed solely to the bursting of the rear tire. Walsh was a bright young man and had been studying hard all Summer, it being his intention to enter Yale this Fall.

WEBB JAY FIGHTING FOR LIFE

Hold Out Hope. BUFFALO, Aug. 19 .- Webb Jay, who was so terribly injured in the ten-mile automobile race at Kenliworth Park yes-terday, continued to improve today. While he is not yet out of danger, every

hour of improvement will help him to fight the crisis when it comes.

Jay was partially conscious at times to-day, but he did not recognize his wife and little boy at his bedside.

William Hotchkiss, former president of the Buffalo Automobile Club, said: "There will never be another automobile race in Buffalo or vicinity if I can enlist the power of the Supreme Court of New York to prevent it. I shall hereafter op-pose the holding of any such events, both as a lawyer and as an enthusiastic auto-

CRETAN REVOLT FAILS.

Leniency of All Powers Except Russia Kept It Alive.

LONDON, Aug. 19 .- A prominent official who has for a long time resided in Greece and has just arrived from that ountry, speaking to the Associated Press today, said there would be no serious trouble in Crete, as the rising of the in-surgents failed in its incipiency. Had the leaders accomplished any big successes at the beginning of the uprising, the people who always lean toward the successful side would have flocked to the standard of the insurgents. There are now, he said, probably only 200 insur-gents in the mountains, and within cordons in certain interior districts.

This authority believes that, had the powers acted decisively and cohesively, pressed long ago. He says the Russian letachment is the only one that has been acting at all energetically, and that the Russians have shot the rebels wherever and whenever they showed their heads. The other powers of which Great Britain is the foremost, have been showing too much leniency, with the result that all the bands have not yet laid down their

ALL HER COLONIES IN REVOLT

Germany Confronted With Difficul-

tles in All Points of Compass.

BERLIN, Aug. 19.-(Special.)-Practically the whole of Germany's colonial empire is now in rebellion. What were first officially described as merely local disturbances in East Africa now turn out to be insurrections of the same exlensive character as those that the Kalser's troops have been trying for so many months to suppress in West Africa. Similar "outbreaks" are re-

ported from Samoa and the Cameroons, The press is urging the government not to attempt to whitewash the seri-ousness of the situation, but to take ousness of the situation, but to take immediate and comprehensive measures to crush out all opposition to the im-

erial authority.
Kalochau remains the Kaiser's only over-sea possession that is not in re-volt. Fears are expressed, however, that unrest and discontent are already at work there. Dr. Wirth, a colonial publicist of repute, frankly advocates the evacuation of Kinochau, asserting that, unless this is done, Germany's eviction from its Chinese foothold will be only a matter of time.

FRANCE ANGRY WITH MOROCCO

Arrest of Algerian Merchant Causes Talk of Naval Display.

PARIS, Aug. 19 .- The arrest of an Algean merchant by the Moroccan authorities occasions sharp newspaper comment, accompanied by reports that France is about to organize a naval demonstration at Tangier. The Foreign Office totally denies any such demonstration, but it is the firm intention of the government to demand satisfaction of Morocco,

More Troops to Suppress Rebels. CONSTANTINOPLE, Aug. 19.-Three additional battalions of Redifs have been called out for zervice in Macedonia owing to the activity of the revolutionary bands. The collection of bombs recently unearthed in Smyrna is now alleged to have been intended for use by Armenians against the foreign consulates and banks. The Armenlans, it is averred, planned the outrages for August 31, the anniversary of the Sultan's accession, with the view of compelling the powers to intervene for their protection against the Turks.

TORONTO Ont. Aug. 19.—(Special.)— The concluding session of the Typographical Union was held today and there was but little business done. A resolution regretting the death of E. F. Clark. M. The resolution calling for the payment of more the the scale wages to substitutes who regularly received more than the scale was easily defeated.
