Trainer and Cunningham, Noted Postoffice Thieves, Escape by Bribery of Jalier, It Is Claimed.

LACROSSE, Wis., Aug. 26.-The mys. tery surrounding the escape of Homer E. Trainer and Andrew Cunningham, two noted postoffice robbers, from the Lacresse County jail, was solved today when Turnkey "Larc" Childers, a trusted jall official, was arrested by Postofice in-spector Fraser, charged with being in-strumental in making the escape possible. While Childers is not charged with accepting a bribe, it is understood secret service officers will present evidence to prove that he accepted \$400 from a mysterious woman claiming to be the wife of one of the crooks. The hearing is to be held before United States Commissio

Harrison September 4. er Harrison September 4.

The escape of Trainer and Cunningham was most sensational. Their escape was so obviously planned from the outside that Inspector Stuart, of Chicago, ordered an investigation. It develops that a son of Mrs. Trainer confessed his mother paid \$400 for the release of the crooks and that the turnkey was "fixed" a week before the first delivery.

James Crane, the remaining outlaw confessed the plot to Inspector Fraser, and in his confession it developed that the robbers are members of the famous "Blinkey" Mergan gang of which Charles Lowry and Eddy Fay are members. The authorities expect to round up the gang through the evidence they have secured. Today a steel bur was found in the cell of Crane with which it is charged Childers was preparing to arrange his escape upon threats from the gang of

MRS, WALSH'S MYSTERIOUS DEATH UNDER INVESTIGATION.

MILWAUKEE, Wis., Aug. 26.—(Spe-int.)—That the wife of District Attorney Walsh, of Forest County, neither committed suicide nor accidentally shot nerself, but was murdered, is the belief of many people of the vicinity. The City of Crandon, where the fatal shooting took place Thursday, is thoroughly aroused. A Coroner's jury has been summoned, but on account of the great difficulty encountered in getting the evidenc eshowing the facts of the snooting, the inquest has been delayed. Inormation was received today from Crandon that the people were prepar ing a letter to the Attorney-General to the effect that the Coroner and the grand jury have been unable to get rom the District Attorney a clear statement of the occurrence and incidents immediately before and after the firing of the fatal shot. The jury has jearned, it is said, that there were two ocrsons in the room at the time Mrs. Walsh was wounded. There were Mrs. Waish, her husband, and a young woman. This young woman, it appears, was within a few feet of Mrs. Waish when the latter was shot. There is evidence pointing to a scene, perhaps a violent quarrel, which led up to the shooting. Mrs. Walsh never regained onsciou; ness and never made a statement. Although this woman was very near the injured woman when the shooting took place, she declares that she knows nothing of the shooting. Ordinarily in a case of this kind the Coroner would secure the assistance of the District Attorney, but in this cas the District Attorney is so involved in the case that he cannot assist,
