

# ECONOMY OF GAS

## ITS CHEAPNESS

Thousands now cook with GAS for its convenience, cleanliness and comfort. Other thousands for its efficiency, and the TIME IS NOW AT HAND when ALL people should cook with GAS for

## ITS ECONOMY

INVESTIGATE FULLY—COUNT the COST and FACTS will prove to you conclusively that GAS is pre-eminently and WITHOUT question the cheapest for light and fuel.

AFTER NOVEMBER 1 THE PRICE OF GAS WILL BE

# \$1.15 Per Thousand Cubic Feet

Instantaneous Water Heater

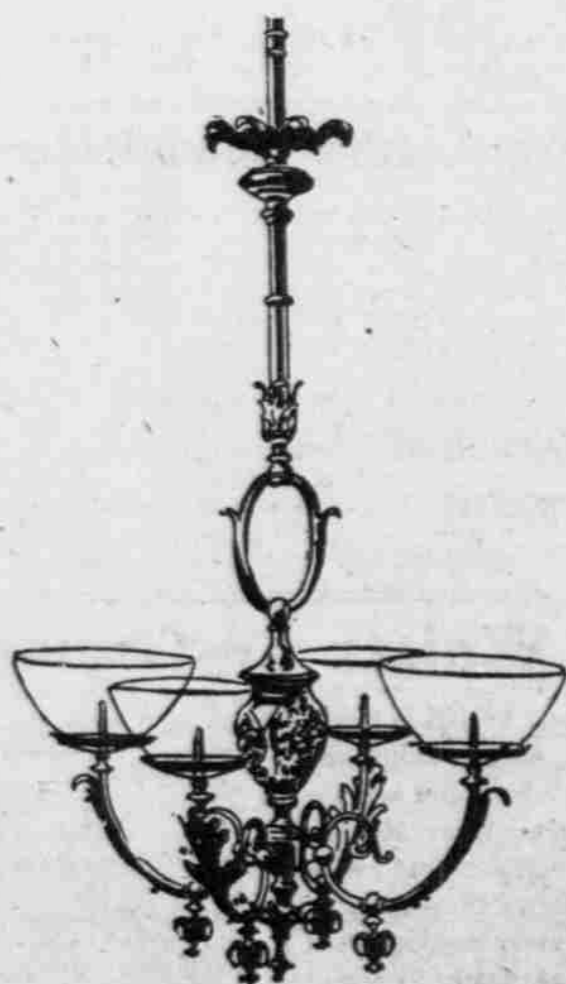

Modern Gas Range

Circulating Gas Water Heater

Price of gas ranges and circulating water heaters includes installing—that is, for the purchase price we will set up ready for use, which includes a run of 40 feet of pipe. On a cash sale, or if you pay for it within 30 days, we make you a discount of ten per cent. Where a fuel stub is already in the kitchen and no pipe is necessary, a discount of 20 per cent is made.
