WHEAT FOR JAPAN

Heavy Tonnage Is Going by Steamers.

NUMANTIA IS NOW WAITING

Eight Extra Steamers Chartered to Help Carry the Orders to the Orient—More May Be Chartered.

Fifty thousand tons of wheat and flour have been sold for shipment to Japan with the prospect of the orders being increased to 100,000 tons, depending upon the extent of the famine in Japan and the prices and grades here. The Japanese require for some uses a low grade of wheat, which must be supplied at a low price.

From the indications now the first part of the crop of the Inland Empire will go to the Orient and the rest to Europe. For this purpose not only is the big liner Numantia waiting at the docks, but many others are on the way or chartered. One Japanese firm, Mitsui & Co., has chartered six big tramps to carry wheat or flour to Japan. The largest of these, the Knight Errant, is a steamer 500 feet over all, drawing 23 feet 5 inches when loaded and capable of carrying close to 9000 tons. Besides these it is understood Mitsui & Co. will charter two or four more. This will give them tonnage to transport the greater part of the 50,000 tons already ordered. The regular line of steamers plying between here and the Orient, the Portland & Asiatic Steamship Company, will carry large quantities and have chartered two extra steamers to help the four they now have on the run. These six steamers will have an aggregate carrying capacity almost as large as the number chartered by Mitsui & Co. But as they will carry general cargo as well as wheat and flour it is safe to say they will carry 26,000 tons to the Orient, of which 12,500 tons will go to Japan.

Much concern has been felt among shipping men as to whether these immense shipments to the Orient, together with the large number of steamers left idle in the Pacific on account of the cessation of war, would not cause a break in the rates to Europe established by the shipowners' union. Some have contended it would and have waited results, while a few others have taken some ships at union rates. A few ships were reported taken for Portland loading at 25s, which is 2s 6d under the union rates, but these have been nonunion ships and will hardly affect the general situation.

FIRST TRIP OF TELEPHONE

Will Carry the Mailcarriers on September 10.

The first excursion of the steamer Telephone will be to the Cascades and return on September 10. On that date she will take the visiting mailcarriers for a trip up the Columbia and return. Arrangements have been made to make this run from the Oak-street dock. This one excursion, while an indication of what may be her regular run, is by no means conclusive proof. No definite information could be obtained yesterday as to where she would be run regularly.

Notice Given to Mariners.

The following affects the list of lights and fog signals, Pacific Coast, 1904:

Eldred Rock Light Station, page 52, after No. 251 (list of lights, buoys and daymarks, Pacific Coast, 1905, page 95)—Located on the easterly side of Eldred Rock, easterly side of Lynn Canal, and about 7¼ miles northwest one quarter west from Point Sherman Light Station.

About September 10, 1905, a temporary fixed white lens-lantern light will be established, suspended from an arm on a stake. The light will be 40 feet above the water, six feet above the base of the structure from which it will be shown, and will illuminate 270 degrees of the horizon, the dark sector lying between north and east and covering Sullivan Island.

Will Repair Pilot Boat.

ASTORIA, Or., Sept. 2.—The state pilot schooner San Jose, which has been in service off the mouth of the river for a few months, is not in proper condition to remain outside, and she will be replaced by the Joseph Pulitzer, which will leave for her station as soon as she can be placed in readiness. The bar pilots who will accompany her are Captains Gunderson, Cann and Wood. The San Jose will need some extensive repairs before she will be ready to undertake the work again.

Takes the Chester Off.

On account of the extreme low water in the Cowlitz River, the Kellogg Transportation Company were compelled yesterday to take the Chester off the run from Kelso to Toledo. This is the first time this has been done since the boat was built six years ago. She draws nine inches, the shallowest draft steamer on the Coast. She will probably be placed on the Upper Willamette-River run of the Oregon City Transportation Company, as a freight boat from here to Salem and above.

Old-Timer Returns.

SOUTH BEND, Wash., Sept. 2.—(Special.)—Captain McAllep, of the schooner Endeavor, which came into port a few days ago for lumber, is an old-timer here, having first sailed in over the Willapa Harbor bar 28 years ago, but he has not been here for 22 years. On the occasion of Captain McAllep's trip here at this time, a family reunion was held at the home of Captain A. W. Reed, Captain McAllep and Captain Reed's father being brothers-in-law.

Vessels Loading at Aberdeen.

ABERDEEN, Wash., Sept. 2.—(Special.)—Captain McAllep, of the schooner Endeavor, which came into port a few days ago for lumber, is an old-timer here, having first sailed in over the Willapa Harbor bar 28 years ago, but he has not been here for 22 years. On the occasion of Captain McAllep's trip here at this time, a family reunion was held at the home of Captain A. W. Reed, Captain McAllep and Captain Reed's father being brothers-in-law.

The steamer Grace Dollar is being loaded at the Bryden & Leitch mill. The steamer Lindauer sailed Thursday for San Francisco with a passenger list of 24. The big barkentine John C. Mayer is at the Michigan mill. The schooners Matthew Turner and William Olsen will take away 1,800,000 feet of lumber from the Hart-Wood mill early next week.

Reports a Good Catch.

Captain B. Olsen, of the tug North King, reports a very successful catch of salmon in Alaska waters, and says the ship C. F. Sargent is on the way down with 56,000 cases of salmon from the Warren canneries on Bristol Bay.

The Berlin brought down 50,000 cases and the St. Nicholas 30,000 cases.

Marine Notes.

The steamer F. A. Kilburn will arrive in from San Francisco tomorrow night.

The steamer Eureka, of the Taylor Young line, is expected in early this morning.

The Pinmore finished loading 1,800,000 feet of lumber yesterday for Port Adelaide, Australia.

The steamer Columbia, of the Portland & San Francisco Steamship Company, leaves tonight at 8 o'clock for the Bay City.

F. B. Jones' steamer Maria is out for general repairs on the ways of the Portland Shipbuilding Company.

On account of Labor day, the steamer Alliance will not be able to sail until Tuesday night for Coos Bay and Eureka.

The American bark Isaac Reed dropped into the stream yesterday, where she will finish loading her lumber cargo from barges.

In order to handle the great quantities of wheat that will come down from the Inland Empire this Fall, the Regulator Line has chartered the steamer Albany to help in the work.

The steamer Valencia, of the Pacific Coast Steamship Company, arrived at 7 P. M. last night from Seattle, and left at 4 A. M. this morning with a full passenger list for San Francisco.

Domestic and Foreign Ports.

ASTORIA, Sept. 2.—Condition of the bar at 5 P. M., smooth; wind, south; weather, cloudy. Arrived at 8 and left up at 9:30 A. M.—Steamer Valencia, from Seattle. Chooses Between Two Awful Deaths.

CHICAGO, Sept. 2.—Nels Anderson, a motor inspector for the Illinois Steel Company, chose death by electrocution in preference to a more horrible fate in one of the company's seething metal pits today at the South Chicago works.

Anderson was doing repair work on the arm of a crane directly above one of the hot metal pits, when he lost his balance and fell. The only support within reach was an uninsulated live wire which connected the crane with power. Anderson gave one glance at the white hot metal below and caught the wire as he was falling. He was killed, and the body hung over the wire until the current could be shut off. Death is thought to have been instantaneous.

DOES YOUR BOY DRINK?

Every Mother or Father who has a drinking son can cure him of all desire for Whiskey or Beer, by giving

ORRINE

The Cure for the Drink Habit. It destroys all desire for liquor. He takes it quietly at home or it can be administered secretly. $1 per box. Mailed sealed. Write for booklet.

Money refunded if it fails

WOODARD, CLARKE & CO., Portland, Or.

BALANCE TO GO TOMORROW FORENOON AND TUESDAY

Brand New, Specially Made "Meyer" Pianos to Go for $142, $145 and $157 at Eilers Piano House.

The remainder of the two carloads of brand-new pianos, oddly named "Meyer," are going to be sold tomorrow forenoon and Tuesday for $142 for the plain styles, $148 for the more elaborate ones, and $157 for the very fancy genuine walnut oak and mahogany veneered cases. Terms of sale will be all cash or $8 down and $5 or $6 a month, with simple interest.

These "Meyer" pianos were built according to specifications of a middle Western dealer, as is frequently done now in a number of the medium and cheap-grade piano factories. They came to us as a result of the following letter received during the early Summer, when orders for pianos and cash were both scarce around New York piano factories:

"Eilers Piano House—Gentlemen: We have a large number of carefully made pianos, as fine as have ever been turned out of our shop, which entire lot we are willing to sell at a substantial sacrifice in order to get the cash out of it at once.

"The pianos are large size, full seven and one-third octaves, double-veneered cases, oaks, walnuts and mahogonies, with spruce sounding boards, shellacked, extra heavy plates, bushed and nickeled tuning pins, standard high-grade action, Schmidt hammers, Poehlmann steel wire, copper bass strings, ivory key tops; can also supply muffler pedals.

"If you are interested, please wire your buyer to see us and inspect these pianos. We hope that you can arrange to take all or a large part of them before the 1st prox., for we are constrained to confess that we can use the money to great deal better advantage just now than to have so large a lot of special pianos awaiting shipping instructions from the dealers for whom they were specially made.

"Very truly,

"Manufacturers."

We promptly instructed our New York representative to inspect carefully these pianos, and, finding them as represented, we secured the entire lot at our price.

This is how we are in position to offer pianos of the grade and quality described in the above letter at the price of $142, $148 and $157, on terms of payment just about to suit your convenience.

Instruments such as these are frequently sold for $250, and even $275, almost double the price we now ask for them. We guarantee them to be as represented above, thoroughly well-made pianos, of pleasing tone quality, and also durable to quite a degree. Our regular exchange agreement enabling a buyer to turn these pianos back to us at the sale prices (less depreciation of $2 a month) toward payment of any new high-grade piano we may handle, accompanies the regular five-years' manufacturers' warranty, thus making a purchaser doubly secure in his purchase.

Note—These pianos must not be confused with the "Meyer" pianos enumerated in the "1905 Piano Quality" Purchasers' Guide as an $X council piano (meaning a piano for which "no one should pay more than $125 to $175 for such a piano"). The "Meyer" pianos referred to in "Piano Quality" are made for still another dealer, and emanate from one of the very cheap Eastern piano shops, while the "Meyer" pianos advertised by us for sale at $142, $148 and $157 possess, at the very lowest estimate, at least 50 per cent greater value and merit. Remember, they go for $142, $148 and $157, on terms of $5 down and $5 monthly.

EILERS PIANO HOUSE.

MEETING NOTICES.

OREGON COUNCIL, NO. 1562, ROYAL Arcanum, meets at Auditorium Hall on the first and third Tuesdays of each month, at 8 o'clock. Visiting brothers are invited to attend. F. C. HOECKER, Regent.

WEATHER CONDITIONS.

Although the weather is generally cloudy and threatening in Western Oregon and Western Washington, no rain of consequence has occurred. It is decidedly cooler in Western Oregon and Western Washington and slightly warmer in Idaho and extreme Northeastern Washington.

The indications are for showers Sunday in Northwest Oregon and Western and Northern Washington; it will be cooler east of the Cascade Mountains.

WEATHER FORECASTS.

Forecasts made at Portland for the 28 hours ending at midnight, September 3:

Portland and vicinity—Possibly showers. Westerly winds.

Western Oregon—Fair south, possibly showers north portion. Westerly winds.

Western Washington—Cloudy with possibly showers. Westerly winds.

Eastern Oregon and Southern Idaho—Fair and cooler.

Eastern Washington and Northern Idaho—Fair south, possibly showers north portion. Cooler.
