**How Church Bells Are Made.**  
Philadelphia Bulletin.  
"No silver is used in church bells," said the bellfounder. "People claim there is, but I have assayed many an

old bell that came here to be broken up and never an ounce of silver did I find in one of them. For the best bells we use old cannon. They give us the purest amalgam we can get. The tenor bell I am making now is composed of 12 tons of old cannon from Spain. These two molds, the core and the cope, are what give the bell its sweetness. It is in their cut that the secret of bell-founding lies. The core is the inner mold; it has the exact shape of the bell's inside. The cope, or outer mold, has the exact shape of the bell's outside. We fit the cope over the core, and into the space between the molten metal is run. When the metal has hardened and cooled the bell is finished save for its clapper. To tune bells it is necessary to chip little pieces out of them. Our bell tuner is a good musician. He has composed a number of hymns."

DAUGHTER OF A GIFTED FAMILY LECTURES AT THE FAIR.

Miss Lily Galpin, whom many Portland people have already met, and who lectures daily at the California State building, on Southern California, is the daughter of Kate Tupper Galpin, well known in this city. Mrs. Galpin graduated from the Portland High School, and has many friends here. Miss Galpin has an interesting record. She is a graduate of the Los Angeles State Normal School and of the University of Missouri. When the Government call was issued for American teachers in the Philippines, Miss Galpin went to Manila, where she taught for a year and a half in the Manila Normal School. For the last two years since her return she has been the teacher of history in the Los Angeles High School, which has 100 pupils.

Miss Galpin was preparing to go to Europe for the Summer with her parents, who are now there, when she was asked to come to Portland and lecture at the Exposition. The Galpin family is an interesting one. Miss Galpin's father, Cromwell Galpin, has been a contributor to St. Nicholas, the Youth's Companion and other juvenile papers.

Mrs. Galpin is one of the leading literary women of California, and is known abroad as an authority on Shakespearean literature. During the Winter she lectures to classes on Shakespeare, frequently having as many as 30 women in attendance upon her courses during the season. Mrs. Galpin was a delegate to the World's Congress at Chicago, and made five addresses there. She is a cousin of Kate Goddard Wiggin, and a sister of that brilliant woman, Miss T. Maynard, chief editorial writer of the Rocky Mountain News.

The home life of the Galpins is very attractive, and their hospitality is known to many travelers who visit Los Angeles.
