

FOOTBALL SEASON IS NEAR AT HAND

Coaches Are Arriving at Colleges and Players Are Beginning Training.

FOOTBALL MEN GRADUALLY ARMOR

College Athletes Are Training for a Season of Brisk Sport.

COACHES BEGIN PRACTICE

Multnomah Field Will Soon Be the Scene of Activity — Captain Jordan Calls Practice for Today.

FOOTBALL SEASON NEAR AT HAND.

The football season is soon to open. Players are arriving at the colleges of the Northwest, managers are announcing schedules of games and coaches are commencing to train their charges. With the advent of Eastern football men at many of the Western colleges, the game is being put on a scientific basis and the latest methods in the sport are being adopted. The outlook is good for a season of brisk, well-contested games.

The football season and the days when the gridiron heroes will occupy the attention of the outdoor sport-loving public are rapidly approaching, and the Multnomah field will shortly be the scene of greatest activity. The local club has practically completed its schedule for the coming season, and according to present plans only one game will be played away from home, which is the contest scheduled with the Seattle Athletic Club at Seattle on December 14. The return match with Seattle will be played in Portland on New Year's day. The schedule so far arranged by Manager Frank Watkins, who so successfully conducted the destinies of the team during the past season, includes six games, and the probable arrangement of three more, making a total of nine games during the season, against 12 players last year. The shortening of the playing season will be of material benefit to the team, for a lengthy season is extremely trying on the players, and the curtailment of the length of play will be heartily appreciated by them.

Loses Several Good Men.

Although the Multnomah Club eleven will lose the services of several of last year's stars, it is expected to put a strong line-up, and will be able to give a good account of its men during the coming struggle for honors on the grid. Among last season's celebrities who will be missing when the whistle blows are Ross, Seelye, Horan, Stow and Murphy, although it is possible that the last two may play during the holidays. Considerable satisfaction is shown in club circles over the fact that Frank Loneragan will again don the spanglies and play one of the halfbacks. Loneragan, who was the star of last year's team, and who was the MVP for Multnomah, and the fact that both these battle-scarred heroes are again to line up with the winged "M" is a source of great joy to the local enthusiasts.

Ability of Breed.

Manager Watkins has great hopes in the ability of Breed, the club's new fullback, who is said to be a player of great promise. The recent illness of Marion Dolph will likely prevent him from appearing in any of the contests this season, and Breed is depended upon to fill this capable player's shoes. Dolph is one of the best men Multnomah has ever had, and it is essential that a good man be secured in his place. This seems to have been accomplished by the acquisition of Breed, who is spoken of as highly by those who have seen him in action.

Another player who has earned a reputation on the grid is Butler, who is slated for one of the positions in the line. He is a large man and is expected to be a great degree. Several members of last season's eleven are out for places on the first team this season, and some of them promise to make the team with ease. Among these are Arthur Seelye, a younger brother of Jeff Seelye, of last year's eleven, who aspires to one of the guard positions; Arthur Seelye and Serenoson, Griffith and Reupert are two more new men, who are rated as first-class on the gridiron, and likely to be regular members of the eleven during the season.

Captain Dave Jordan

Captain Dave Jordan has called the first practice of the team for this morning, when the full strength of the club is expected to participate. The work this morning will be light and consist mostly of limbering up, and instruction in signal practice. The workouts will be gradually increased as the season approaches, and the men become hardened to the exercise.

Team for the Season.

The team for the season will be made up from the following aspirants: Ends—Jordan (captain), Dowling, Montague, Hardee, Griffith, Foley, Reupert and Serenoson. Guards—Butler, James, Wilhelm and Clark. Tackles—Griffith, Pratt, Saunders and Arthur Seelye. Quarterbacks—Kerigan, Foley, Walker, Reupert and Stockton. Halfbacks—Loneragan, Greg, Baker, Bishop and Jordan. Fullback—Breed, Austin and Dolph. Centers—Keller, Dow, Walker and Wilkins.

Shorts of Oregon.

EUGENE, Or., Sept. 16.—(Special.)—Bruce Shortt, coach of the University of Oregon for this season of 1935, graduated from the University of Michigan in 1931. He played tackle on the Michigan team for three years and was captain-elect for the season of 1930. Owing to sickness he did not return to Michigan and finish his fourth year on the team, but went to Seattle, where he was an instructor in the Seattle High School. He also coached the High School football team, which won the interscholastic championship of the Northwest. Last fall he coached the University of Nevada and from an extremely limited amount of material he turned out a team that held Stanford down to 11 and Berkeley to 16 points.

Men Who Will Coach the Football Teams

Bishop, of Willamette.

SALEM, Or., Sept. 16.—(Special.)—Coach Chauncey Bishop, of Willamette, is a man who gained a National reputation by his winning the punt-kick contest while playing end at Columbia University, New York, in 1903. He began his football career at Willamette in 1905. The following year he played with the Salem Giants, who won the championship of the Northwest that year. In 1908 he coached the Chemawa eleven, and in 1909 played halfback with the Multnomahs. In 1908 he went to Columbia and was given the position of end, and did the punting for the team. In 1904 he coached the Willamette team, and served so acceptably that the school secured him for another year.

Steele, of Corvallis.

CORVALLIS, Sept. 16.—(Special.)—Dr. Albert Steele, head coach of the Oregon Agricultural College football team, is a University of Michigan man. He began his football career at Olivette College, Miss., where he played four years, generally in the tackle position. After graduation there, he went to Michigan in 1917. He took a position at once as tackle, playing for years in the position. In 1920 he was captain of the team, and as such was the principal coach. He left Michigan in 1921, and has since been engaged in the practice of medicine, when he was engaged in coaching. Dr. Steele is one of the most able of men, and is widely popular wherever known. He is always the idol of the men under him, which is one of the secrets of the work he gets out of them. He is an original

Cutts, of Washington.

UNIVERSITY OF WASHINGTON, Seattle, Sept. 16.—(Special.)—The football career of Coach Cutts, of the University of Washington, has been long and varied. For 12 years he has been an active exponent of the great college game. A way back in '28 he played his first gridiron game with the eleven of Bates College in Maine. He was then a freshman, because of a broken leg he was unable to play during his sophomore year, but in his senior year he broke back into the game again with greater success than

Sweeley, of Pullman.

PULLMAN, Wash., Sept. 16.—(Special.)—Coach E. M. Sweeley played end on the famous "Yost machine" team of Michigan, for four years. He did

Griffith, of Idaho.

MOSCOW, Idaho, Sept. 16.—(Special.)—J. G. Griffith, who for the past two years has occupied the position of coach with the Idaho team, will this year again be found in his former position. Griffith is a graduate of the Iowa University, and during the years 1899-1900 was captain of the Iowa team. At this time it was the champion team in the Middle States, and perhaps the fastest team that the Middle West ever saw in action. After his graduation, he went to Simpson College and coached for the period of a year, and had his team defeated only once during the entire season. After that he came West and has occupied the position as coach with the Idaho

Lanagan, of Stanford.

STANFORD UNIVERSITY, Cal., Sept. 16.—(Special.)—Stanford has unlimited confidence in Coach "Jimmy" Lanagan, and expects him to develop a team that will in every way be a credit to the university. In his two years' service as coach he has already demonstrated his ability in that capacity. It is a peculiar fact that Lanagan's knowledge of the game has been secured by study and observation, rather than by actual experience. He graduated from Stanford in 1909, but while in college never played the game, except on a class team. After leaving college, he accepted a position as instructor in Belmont preparatory school, where he secured his first experience as coach, assisting "Billy" Field to develop eleven teams in Belmont. From there he was called to Stanford in 1931, and he is now acting both as football and baseball coach under a contract expiring in 1935, for a remuneration of \$3900 for the period. His contract also calls for the deferral each year by the student body of the expenses of a trip East for the purpose of studying Eastern football methods. From there he was called to Stanford in 1931, and he is now acting both as football and baseball coach under a contract expiring in 1935, for a remuneration of \$3900 for the period. His contract also calls for the deferral each year by the student body of the expenses of a trip East for the purpose of studying Eastern football methods.

Prospect for Cardinal Not Particularly Bright.

Games Which Will Be Played This Season, With Dates and Places Scheduled.

STANFORD UNIVERSITY, Sept. 16.—(Special.)—Football practice began last Monday, September 16, and has now been under way for a week. The preliminary training, under the watchful eyes of Trainers Moulton and Coaches Lanagan and Banabach, is already beginning to show its effects. The boys are gradually toughening as the work becomes more strenuous, and are beginning to regain their agility and old-time cleverness. Football training under the blazing Santa Clara sun is always necessarily slow and careful to prevent exhaustion and accordingly the coaches have made this first work very light. Practice each afternoon is preceded by exercises with dumbbells, led by gymnasium instructors, to loosen up all the muscles. After the kickers are put to work and the backs and ends kept busy bucking, with the idea of simply developing form in holding and carrying. Evening practice offers an opportunity to handle the ball, to acquire skill in catching and carrying the elusive pigskin.

Such has been the preliminary work, but from now on practice will become rougher. The same system will be kept up next week, with the addition of the rougher work of falling on the ball and tackling the dummies. Squads will also soon be tallied off and the preliminary drill of instilling teamwork commenced. The freshmen, material, under Coach Banabach, will necessarily be somewhat raw, but the varsity because of the nearness of their big game with Berkeley in October. After this game the good men from the team will be given the opportunity to handle the ball, to acquire skill in catching and carrying the elusive pigskin.

Only a Few Veterans Left for Line-Up.

Seventy Candidates Will Report for Practice Monday, Among Them Promising Players.

UNIVERSITY OF WASHINGTON, Seattle, Sept. 16.—(Special.)—Monday football practice begins on the campus. The football practice that was contemplated failed to materialize, although for the past few days several players have been out, going through light preliminary work. Besides, two or three Eastern players are ready for the opening of the training season Monday. Among these veterans of the game are Captain McDonough, Hames Tilley, Dan Fuller, E. O. Crim, "Dodge" Brinker, George Brackett and Enoch Bagshaw.

In addition to these men and a number of others who were mainstays on last year's splendid eleven, many of the candidates from the Seattle High School will be out on the gridiron when the inter-collegiate season begins. These men have been playing football for four years, and are recognized by critics all over the state as natural football players of unusual ability. Dowd, as a fast, gritty end; Palmer, as a hard-playing, plunging fullback, and Ross and Jarvis as heavy linemen, constitute a quartet that will add materially to the strength of this year's "varsity." Besides, two or three Eastern players are ready for the opening of the training season Monday. Among these veterans of the game are Captain McDonough, Hames Tilley, Dan Fuller, E. O. Crim, "Dodge" Brinker, George Brackett and Enoch Bagshaw.

Strong Team for Idaho

Captain Middleton Says Prospects are Bright.

Veterans of Last Year are Returning and New Material is Arriving for Practice.

MOSCOW, Idaho, Sept. 16.—(Special.)—"The prospects and general outlook for a good, strong football team for the University of Idaho for the coming season were never brighter nor better in the history of the institution," said Captain J. R. Middleton, the famous ball pitcher and the star quarterback player of the Idaho team. Continuing he said: "Most of the old football veterans are with us again this season, and we also possess some new material that is very promising. Practice has been taken up at the campus grounds, and will begin in good earnest tomorrow. The return of Coach Griffith upon his return from the East the first of the week. Among the old players that have returned there is Snow, Thomas and McGee, of last year's team, and also Armstrong and Oakes of the team of 1934, after the ends. All four can easily star at their positions. It is probable that the team will be a very strong one. Snow is a tower of strength to the team, and has for the past two years been classed with the best players in the Northwest. "Sheridan is out again for left guard. He has probably never found his equal for that position in any of the games that he has played. In his opinion, it is said, will be hotly contested by a man from Boise, but his old friends believe that he will make good. Fogla, who last year defended the place of left guard, is out of the game this year by reason of injuries sustained in the mines this past Summer, and into this position will probably step Teddy Roosevelt, the former star of the Stanford team. Rogers and Larson, both men of experience and fully able to perform their part in the game, will appear as tackles. Both Thomas and McGee, of last year's team, also Armstrong and Oakes of the team of 1934, after the ends. All four can easily star at their positions. It is probable that the team will be a very strong one. Snow is a tower of strength to the team, and has for the past two years been classed with the best players in the Northwest. "Sheridan is out again for left guard. He has probably never found his equal for that position in any of the games that he has played. In his opinion, it is said, will be hotly contested by a man from Boise, but his old friends believe that he will make good. Fogla, who last year defended the place of left guard, is out of the game this year by reason of injuries sustained in the mines this past Summer, and into this position will probably step Teddy Roosevelt, the former star of the Stanford team. Rogers and Larson, both men of experience and fully able to perform their part in the game, will appear as tackles. Both Thomas and McGee, of last year's team, also Armstrong and Oakes of the team of 1934, after the ends. All four can easily star at their positions. It is probable that the team will be a very strong one. Snow is a tower of strength to the team, and has for the past two years been classed with the best players in the Northwest.
