WRONG TO TAKE MONEY

If "Secretly or Unostentatiously" Given There Would Be No Objection to Receipt of Coin With the Taint.

SHATTLE, Wash., Sept. 16 .- (Special.)-Dr. M. A. Matthews, pastor of the First Presbyterian Church, in commenting on the Gladden resolution, takes occasion to call John D. Rockefeller a robber and criminal. In an interview tonight be said: "I suppose that Dr. Gindden and his followers, in taking up the question, have in mind the findings of the Congressional ommmittee appointed some years ago, which declared that the Standard O. Company had cleaned up millions of dol

of stock and secret rebates.
"In view of these facts, which were proved in court, Rockefeller is nothing less than a robber, a criminal. I am speaking of Rockefeller, of course, simply as the most conspicuous representative of

lars by means of monopoly, manipulation

"To denounce Rockefeller as a criminal from the pulpit and then to accept his contributions is manifestly wrong. To illustrate, it would be wrong to villy as a thief a man who stole a steer and then to accept a part of the beef. It would be

President Ferrin Receives Numerous

Inquiries Concerning University. FOREST GROVE, Or., Sept. 16 .-(Special)—The Fall term of Pacific University will open Wednesday, Sep-tember 20, and the prospect is good for a large attendance the coming year, in the opinion of President Perrin. There has been an unusual demand for catalogues and Hierature in regard to the college work during the Summer, and that is taken to mean that there will be a large number of new stu-dents. Miss Haskell, the matron of the Herrick Hall, the dormitory for young ladies, reports that almost all the rooms there are already engaged. Later applicants may have to take rooms out in town.

the teaching force remains about the same as during the previous years-The most important change is in the department of English and public speaking. Professor Woods, who had charge of that the past year, resigned to accept a position in Northwestern University, Evanston, Ill., and is to be University, Evanston, Ill., and is to be succeeded by Victor E. Albright, whose home has been at Cranesville, W. Va. Professor Albright is a graduate of the Ohio Wesleyan University, receiving the degree of A. B. in 1961. He subsequently took two courses in English in the Michigan State University at Ann Arbor. He took a special course at Harvard College, in preparation for college teaching, and rearation for college teaching, and re-ceived the degree of A. M. from that institution in 1904.

List year a series of three debates was scheduled with the University of Washington. In the first of these, held last Spring at Seattle, Pacific's team was cictorious, and the contest for the coming year is looked forward to with confidence. It is believed the addition of Professor Albright to the faculty very materially strengthens the work of the university in the line of public

HOPPICKERS ARE SCARCE.

Rain Is Driving Families From the Yards.

SALEM, Or., Sept. 16.—(Special.)—
"Short of pickers" is the cry that is going up from nearly every hoppard in Marion County. Nearly every important yard in this vicinity is short from ten to 200 pickers and all efforts to fill the de-ficiencies have been in vain. As an inducement for more people to go to the hopyards, some of the growers have raised the price paid from \$1 to \$1.10 a

undred pounds, or E cents a box.

The rains of the last few days have discouraged many pickers already in the field, and wagon-loads of families and amning outfits are coming back to town. Should the rain continue the situation con fronting growers will be a serious one. Rain fell in this vicinity today, causing a cessation of hoppicking at 2 o'clock.

CONREID RETURNS TO FIGHT Effort Is Renewed to Prevent the

Warbling of Tetrazzini.

SAN FRANCISCO, Sept. 16 .- (Special.) --The Coureid Company, undaunted by defeat, has returned to the attack to restrain Tetrazzini from singing at the Tivoli. Through Heller & Powers, its at-torneys, it filed a petition in the United States Circuit Court asking leave to amend the former complaint by adding and inserting the statement that the Conreid Company intends to visit the Pacific Coast and San Francisco after the 15 weeks' season of opers in New York City, and intends to present Tetrazzini in some, if not all, of the operas in which she is now singing at the Tivoli, By reason of this intention it is alleged

the premature appearance of Signora Tetraggini at this time in some of the same operas will inflict more than \$5000 damages upon the complainant. An injunction restraining the soprano from

singing is also asked for.

Judge De Haven granted leave to amend the complaint in accordance with the prayer of the petitioner. When the amended complaint shall have been filed the court will take up the matter of the injunction.

The basis price generally paid has been 1½ cents, though a premium of ½-cent was paid on the largest size.

As a rule, the Italian prunes average in the 40-50 size, thus giving the grower 4½ cents a pound, or a fraction better, for his entire crop. There are a few orchards that have yielded prunes that

erage price for that variety 3% cents a pound. Since the bulk of the crop was marketed, prices have stiffened a little, and orders have been received here at a basis of \$\mathbb{S}_{k}\$ cents and even I cents. Manager H. S. Gile, of the Willamette Valley Prune Association, estimates the prune crop tributary to Salem at % cara-loads, or three million pounds. Of this, 600,000 pounds are Petites and the renmin-

der Italians. The pruns crop of this vicinity will therefore yield in the neighborhood of \$125,000. The yield is only about one-third of a normal crop,

The stockholders of the Williamette Valley Prune Association held an adjourned session of the annual meeting today and received the manager's report for 1962 and 1964. The report shows, among other things, that in the last two years the Association handled 6.000,000 pounds prunes. A stockholders' dividend of 19 per cent was ordered. COLONEL SCHENCK IS DEAD

COMMANDER OF TROOPS AT MOUTH OF COLUMBIA.

Gallant Army Officer Succumbs to the Attacks of Cancer of the Stomneh.

ASTORIA, Or., Sept. 16.—(Special.)— Lieutenant-Colonel Alexander D. Schenck, U. S. A., commanding the troops sta-tioned at the forts adjacent to the mouth of the Columbia, died about 4 o'clock this morning at the Fort Stevens post hospital from cancer of the stomach. About two years ago Colonel Schenck was operated on at Chicago for the same trouble and was told he would probably not live more than a year. He has, how-ever, been able to attend to his official duties until about three weeks ago when he was taken seriously ill. Dr. J. A. Fulton, of this city, attended him and yesterday Dr. Fulton summoned Major Egbert, United States Army surgeon, stationed at Vancouver Barracks, for a con-sultation in the hope that another operation might prolong the patient's life. Last evening Colonel Schenck was moved from his residence to the post hospital and an examination made, showing that an operation was useless, as death was close at hand and a few hours later the Colonel passed away. Colonel Schenck had a long and honor-

able career in the Army, and lacked but a few weeks of being 62 years of age, when he would have been retired. He was born in Ohio October 27, 1843, and when President Lincoln issued his call for three-months volunteers enlisted as a private in Company F. First Ohio Infantry. At the expiration of his first term he re-enlisted in the Second Ohio Infantry as a Sergeant, serving with dis-tinction until the close of the war. He then entered the United States Military Academy at West Point, received his commission as Second Lieutenant June 17, 1867 and served through the successive grades until August 10, 1900, when he was commissioned a Lieutenant-Colonel, the rank he held until his death.

A sad feature connected with Colonel Schenck's death is that last evening after being told of his condition, he wired the War Department that he was about to underge an operation from which he did not expect to recover and requested that he be retired at the usual advanced rank. Colonel Schenck left a widow, two daugh-ters and one son. The funeral will be held with the customary military honors at Fort Stevens tomorrow and the re-mains will be escotted to Washington. D. C., for interment in the National cem-

officer at the post, is now in command and will remain in charge until some action is taken by the War Department.

SLIDES INTO RIVER.

Water Ceases to Flow for a Time and Residents on the Banks of the River Fly in Terror

SPOKANE, Wash., Sept. 16.-(Special.) -At a point on the Spokane River 15 miles north of Davenport and 50 miles northwest of this city, a huge landslide filled the channel of the river and completely dammed the current for over an hour. The peculiar occurrence is located at what is known as the "Big Slide," on the south bank of the river, below the E. R. Laughon ranch.

At this point, the river, which is over 150 feet wide, cuts through a high sandhill. From time to time portions of this sand mountain break loose and slide into the river, hundreds of feet below. In this instance, a great chunk of the mountain, carrying rocks and glant trees, gave way, and in a few minutes formed a dam that would have cost \$500,000 if built by that would have cost \$500,090 if built by skilled engineers. Persons walked back and forth on this dam. The water rose above and finally worked a channel through new territory on the Indian reservation side. The dam held and there was no flood following.
