Miss Mary Brookins, of Brooklyn, to Speak in Portland.

The semi-annual complimentary lecture to be given under the auspices of the minational churches of this city, two de on Sunday evening, October I. by Miss Mary Brookins, C. S. B., member of the Board of Lectureship of the First Church of Christ Scientist, of Boston, Massachu-setts, will be opportunity for the people of this community to gain further au-thentic information on this well-known subject. Miss Brookins has lectured in many of

the principal cities of the West during the past year, and is at this time making her first visit to the Pacific Coast, lecturing in California, Oregon and Washing-The Minneapolls Tribune has the fol-

lowing to say of a recent lecture deliv-ered by her in that city:

The principles of Christian Science were ably expounded yesterday afternoon in the Metropolitan Theater, when the adherents of that faith gathered in force to hear Miss Mary Brookins, formerly pastor of the First Church of Christ, Scientist. Miss Brookins is at present touring the country under the auspices of the Christian Science Board of Lectureship of Boston, delivering lectures in many of the important cities of the United States.

The capacity of the Metropolitan was taxed to its limit, there being over 2000 persons who crowded the auditorium of the theater during the course of her lecture. Miss Brookins is a pleasing speaker, her discourse being carried on in a quiet, con-versational tone, yet sufficiently clear in enunciation to be heard all over the house. She handled her theme in a manner that held the large meeting in a rapt and respectful attention for over two hours. Whether or not her listeners were of the Christian Science faith or not, the ruling impression was that all had profited much by the afternoon's instruction. Throughout the lecture there reigned an air of perfect quiet that emphasized as perhaps mothing else could the interest felt in both the sub-

else could the interest feit in both the sub-ject and the personality of the speaker. The lecture will be given, as formerly, at the Marquam Theater, and reserved seats may be obtained without charge at the box office on Saturday. September 20. These-reservations, however, must be elaimed before 7.35 on the evening of the lecture, as all seats will be made public after that time and the doors of the the-ater will be closed at § P. M., when the lecture begins.

lecture begins. The public is cordially invited to attend this lecture.

Have You Learned to Be **Electric=Light Wise?**

Electricity in your home effectively cuts out the fire hazard. Lace Curtains and inflammable draperies are not endangered by the Electric Light.

There is no risk-Electric lamps will glow wherever, whenever, you want them, bringing light into dark places without danger.

Electricity permits the instant illumination of any room, or part of the home, from any chosen spot. If you are above and you hear strange footsteps downstairs, push the button and the proper electric lamp flashes out. Criminals avoid the light.

Electric Light is there to serve you-while you want it-off while you don't, by a turn of the switch. It isn't burning up money when not wanted; it is not consuming or polluting the air.
