

PORTLAND INDEED POINTS THE WAY

Eighty-Five Thousand Admissions.

IS THE CITY'S GREATEST DAY

Turnstiles Keep Up Constant Click for Hours.

GREAT PROGRAMME GIVEN

Never in the History of the Northwest Has Such a Crowd Assembled as Gathered to Do Honor to Portland.

Table with 2 columns: Time, Admissions. Rows include 8:00 A. M., 11:30 A. M., 2:15 P. M., and totals for Omaha, St. Louis, etc.

Portland day, with its 85,133 attendance, brought with it the city's hour of greatest triumph. It was the crowning day in the success of the Lewis and Clark Exposition.

On no other occasion in the past history of Portland has there been such a patriotic outpouring of humanity. The city was depopulated; the Exposition was thronged.

PRESIDENT GOODE PLEASSED

President H. W. Goode, of the Exposition, was a satisfied man last night when he learned the total admissions at the Exposition.

The day was highly satisfactory and successful in every way. I had hoped the 100,000 mark could be reached, but am highly pleased at the near approach made to it.

ATTENDANCE A GLAD SURPRISE

The attendance proved a surprise to even the most sanguine. It is true that the sum of 100,000 admissions was set as

GREAT DAY FOR PORTLAND

George H. Williamson, who has seen Portland grow from infancy up to the present prosperous days, was an interested visitor at the Exposition yesterday.

The tide mark. But not even the most sanguine expected the actual returns to be above 65,000 or 70,000. Hence the outcome is a surprise.

the Fair who had not been there many a time before.

Outside districts contributed liberally to the attendance. Nearly every city, town, village, borough, or settlement in Oregon had a part of its population on hand.

There was much to see inside the gates, and if there is anyone who did not thoughtfully enjoy himself it was no fault of the programme.

Portland Points the Way

Nearly all were labelled with a little round card proclaiming "Portland Points the Way." It was the badge of honor.

The various special events were all well attended from the boomerang throwing to the band concerts.

Attractions Well Attended

Two flights of the airship or dirigible balloon likewise excited general interest. Standing room was at a premium around the bandstands during concerts.

NIGHT SCENES AT THE FAIR

EXPOSITION BECOMES A POPULOUS FAIRYLAND.

Spectacular Reproduction of the Battle of Manila Bay Proves an Unrivaled Success.

A beautiful and populous fairyland by night, filled with thousands and thousands of merry people hunting happiness.

Never before in the history of Portland have so many people gathered for pleasure in such surroundings and have found what they sought in such abundance and with such ease.

All day the click of the turnstiles made music at the entrance gates, but as night drew on and the overworked cars began to deposit their burdens

The band concert for a time turned the tide toward the Grand Stairway, at the foot of which Ellzey and his Italian players made frenzied music to please the populace.

The lake was smooth and quiet before the first battleship began to cut through the long paths of reflected light that came across the water.

As the crowd watched, first one silent ship came creeping out of the darkness and then another, until a long line steamed in front of the forts.

OREGON WITHOUT REPRESENTATION

Condition Should Hermann's Conviction Follow That of Williamson.

UNLESS THEY BOTH RESIGN

Williamson's Crime Does Not Disqualify, and House Would Not Expel Till Final Judgment Is Given by Court.

OREGONIAN NEWS BUREAU, Washington, Sept. 30.—Unless Representatives Williamson and Hermann voluntarily relinquish their seats, to which they were elected last year, Oregon will probably go through the Fifty-ninth Congress with but a single vote, that of Senator Fulton.

Until a final decision is rendered by the court of last resort, Williamson will be permitted to retain his credentials and under no authority can a special election be held in the meantime to choose another Congressman from the second district.

Case Without Precedent

The foregoing is the universal opinion of officials of the Department of Justice who are in Washington.

What is true of Williamson will be true of Ringer Hermann if he shall be convicted upon any one of the indictments resting against him.

So far as the coming session is concerned, Williamson will be required to serve his sentence and the influence of the administration, as shown by the statement of Secretary Spooner, will be used to secure the extreme penalty.

In case Williamson presents himself at the bar of the House to be sworn in next December, objection would probably be made and he would be asked to step aside.

EUGENE, Or., Sept. 30.—(Special.)—The Willamette Valley Development League closed its session at noon today with a barbecue provided by the citizens of Eugene.

A number of the speakers scheduled for addresses today were not present, among them being W. P. Elmore, of Brownsville; G. A. Westgate, of Albany; L. M. Gilbert, of Salem; F. W. Waters, of Salem, and E. C. Roberts, of Albany.

That the delegates enjoyed their two days' session in Eugene was evidenced by the enthusiasm displayed when a rising vote of appreciation was given by the convention for the entertainment delivered.

The "kicker" received a share of the Governor's attention, and when the chief executive exhorted the people to put all "kickers" in a vault and put the lid on until they die of suffocation, the audience approved his suggestion with prolonged applause.

Addresses were read or delivered in person by G. A. Westgate, on "Remember the Maine," and by J. H. Rinder, on "The Oregon Trail."
