

MARKED FOR LIFE

Moscow Freshman Captured by Sophomores.

BRANDED ON BOTH CHEEKS

Silver Nitrate Also Leaves Its Indelible Stain on the Victim's Forehead and the Back of His Hand.

MOSCOW, Idaho, Nov. 25.—(Special.)—Warfare has been raging between the sophomores and freshmen at the State University with bitterness and hatred. The rumor became current this morning that as a result of Thursday night's fight, Jay Jellick, of Idaho Falls, a freshman at the University of Idaho, had sustained injuries that would disfigure him for life. In the conflict it is understood Jay Jellick was captured. The sophomores, in Indian fashion, seem to have come upon a victim which might fall into their hands as a captive.

They had prepared a solution of nitrate of silver, and they applied upon the face and hands of Jellick. Upon the cheeks of the unfortunate freshman, upon his forehead, and upon the back of one hand they burned the brand of their class number, the figure 98. Jellick upon his release consulted a physician, and rumor had it this morning that a permanent scar would be left by reason of the preparation applied.

A reporter called at the home of Mr. Jellick and sought an interview, but he was noncommittal. From Mr. Jellick the reporter learned that he consulted Dr. Thompson, of the hospital, and made his way thence to learn the facts. While waiting in a corner in the upper hallway for the doctor, a courier stepped up the stairs, halted at a top landing to see the doctor immediately. The doctor approached, and was informed by him that a reporter would call upon him to learn the history of the fight, but not to tell him anything. The message to the doctor could be plainly heard.

STATEMENT BY KREBS BROS. Trust Deed Given Bank for the Purpose of Borrowing Money.

SALEM, Or., Nov. 25.—(To the Editor.)—For the benefit of our friends and business associates, and incidentally for the purpose of satisfying the curiosity of the gossipers as well as to correct malicious false statements published in some newspapers of the state, we make the following statement concerning our affairs. Our paper stated that we owed Ladd & Bush \$180,000; and another that we were unable to meet all our obligations. Neither of these are correct or worthy of further consideration. We would like to know of a just obligation which we are unable or have refused to meet. We invite all our creditors, who by actual count are three in number, to present their bills, and we shall pay them. The sum we owe Ladd & Bush is insignificant in comparison to the large amount of property we own. The trust deed which we have given to the bank was given for the purpose of securing them for what we owe, as well as to enable us to borrow whenever our business requires it, without the necessity of giving a mortgage. As the trust deed only operated as a mortgage, we are still the owners of the property.

The newspapers have also failed to mention the property which we own in Tillamook County, Or.; the State of Idaho, the City of Chicago, and in the State of Texas. It is true we have lost some money the past year, but not nearly so much as is accredited to us. It always seems to be the fashion of some publications to exaggerate actual facts and jump on to one whom they think is down. Any one speculating extensively must be prepared to sustain heavy losses, as well as to reap large profits. We have accumulated a large amount of property, all of which was made on speculation. In conclusion, we want to thank our numerous friends for the unolicited expressions of sympathy and advice. We shall continue to do business at the same old stand, in the same old way, on the same old farm, with possibly a few new additions from time to time, and we shall continue to hold and control the sale of over 2000 bales of hops of the old and new crop until next Spring, unless the market should advance materially in the meantime.

IRRIGATION CONGRESS IN JUNE

Idaho Will Probably Raise \$10,000 for Entertainment Fund.

BOISE, Idaho, Nov. 25.—(Special.)—Representatives from a large proportion of the counties were present today at a meeting called by Monte B. Gwinn, chairman of the executive committee of the Irrigation Congress, to consider plans for the entertainment of the congress next year. Governor Gooding was present and announced he would extend every assistance in his power. He suggested that the state exhibit from the Portland Exposition should be unpacked on the occasion of the meeting of the congress.

Mr. Gwinn announced it as his opinion that \$10,000 would be required to take care of the congress properly. It was suggested that half of this be raised by the subscription and that the next Legislature be asked to appropriate the other half. Two committees were appointed to look after the matter.

GRAND JURY CALLED AT BOISE

Rumor of Great Corruption in City Affairs.

BOISE, Idaho, Nov. 25.—(Special.)—Judge Stewart, of this district, today issued an order for a grand jury. It will be the first time in 11 years that such a body has been convened here. It is understood city affairs will be looked into fully. It has been charged that gamblers have purchased immunity, that there has been hoodluming in connection with sewer contracts and other works, and that other irregularities have occurred which calls for probing by a grand jury.

THE VISIONS OF MRS. GILLAN

Fortune-Teller's Tale of Her Great Wealth in Portland.

TACOMA, Wash., Nov. 25.—(Special.)—Mrs. Theodore Gillan, fortune-teller, says that only a few years ago she was owner of the most stylish art studio in Portland, and had property worth \$250,000. At that time she was known as Mrs. Swain. The officers say she is one of the ah-reward women with whom they

have had to deal. She has been in Tacoma only a few months and has been earning her living by selling fortunes and having "visions" for credulous persons who could raise the price. Her "hang-out" is the East Side saloons, the police say. Today she was fined and sent to jail for ten days.

SEE FOR BREACH OF PROMISE

Portland Woman Files Her Damages at \$15,200.

OREGON CITY, Or., Nov. 25.—(Special.)—Edward Johnson, a farmer residing near Aurora, was today made defendant in a \$15,200 breach-of-promise suit brought by Mary E. Clay, of Portland. In her complaint plaintiff alleges that at Portland, in July, 1904, defendant proposed to marry her, and that the month of September last was the time set for the ceremony. After she had accompanied the defendant to St. Martin's Hot Springs, in Washington, on a camping trip, and had remained at his farm near Aurora, plaintiff complains that the defendant refused to consummate the marriage contract. In preparing for the prospective marriage the woman represents that she expended about \$200 in the preparation of a trousseau, and she asks to be reimbursed for this expenditure, besides being recompensed for her damaged feelings, which are appraised at \$15,000.

ROAD INTO TILLAMOOK

COMPANY FILES INCORPORATION ARTICLES AT SALEM.

Astoria to Be Reached Also, and the Line Then Extended to Humboldt Bay.

SALEM, Or., Nov. 25.—(Special.)—The Portland, Oregon, Seacoast Railway Company filed articles of incorporation in the office of Secretary of State Dunbar today. The incorporators are William Reid, John Stewart and C. H. Waecler. The capital stock is fixed at \$1,000,000, and the place of business is Portland. The new company proposes to build a railroad from Portland to the Lower Nehalem, thence to Astoria and also south to Tillamook, the Nestucca and other Coast points to the California line, ending at Humboldt Bay. Other articles filed today were as follows:

Hawkeye Investment Company; principal office, Portland, Or.; capital stock, \$100,000; incorporators, W. D. Scott, C. A. Macrum, John L. Walpole and W. T. Fungie.

Butler Banking Company; principal office, Hood River, Or.; capital stock, \$50,000; incorporators, Leslie Butler, Truman Butler and J. N. Teal.

SYDNEY BRUGGER TO BE TRIED

Accused of the Murder of W. W. Booth at Hillsboro.

HILLSBORO, Nov. 25.—(Special.)—Circuit Court convenes here next Monday, with Judge McBride on the bench. Sydney Brugger, the 35-year-old murderer of W. W. Booth, killed while the lad was trying to rob the old gentleman, will answer a charge of murder. The report that the juvenile court would be invoked is mistaken, as the statute does not cover this county. Casper Moxon, an old Bavarian, will answer a charge of forging John Becker's name to a satisfaction of chattel mortgage. He is charged with the forgery in the instance of his niece, Mrs. Henry Becker, who had trouble with her husband, and it appears that Becker and his wife had borrowed money from Becker's boy. After the matter Mrs. Becker, it is said, brought the old man to the Recorder's office, where he satisfied the instrument by signing the boy's name to a release.

Bail Money Is Returned.

OLYMPIA, Wash., Nov. 25.—(Special.)—W. S. Gross, of Lewis County, secured by a decision of the Supreme Court today a refund of \$100 which he had put up as bail for the appearance in court of his son, Daniel Gross, and which was declared forfeited by a Lewis County Justice of the Peace. Upon a request from Kansas, young Gross was arrested on a charge of criminal assault. He was released on bail and left the state, thereby failing to appear on the date set for his hearing.

The Supreme Court finds the complaint against him fatally defective, because it does not set forth that he was charged in Kansas with a crime. The Justice, therefore, had no authority to exact bail money or to declare it forfeited.

Adultery Case on Trial.

HILLSBORO, Or., Nov. 25.—(Special.)—Judge H. T. Bagley, of the Justice Court, yesterday held E. A. Mallory and Mrs. R. F. Willis, charged with adultery, to answer to the Circuit Court and in default of \$500 they were remanded to jail. Mrs. Willis, it is reported, is standing to prove the marriage, his evidence going in only as against Mallory, as the wife objected to his evidence on the production of the statute that a husband or wife cannot testify against the other, other than personal violence is used. Two other witnesses to the marriage were on the stand.

Sheriff Connelley related how he found the two defendants in Umatilla County, where they are said to have lived as man and wife.

Big List of Delinquents.

SALEM, Or., Nov. 25.—(Special.)—Clerk P. T. Wrightman, of the corporation department in the office of Secretary of State Dunbar, today began the preparation of a list of companies that have failed for two years to comply with the corporation license tax law. The list will contain the names of about 2000 concerns, and January 1 Governor Chamberlain will dissolve them all by proclamation. After that time it will be the Governor's duty for any person to attempt to exercise the corporate powers of a dissolved concern, but a company may be reinstated by securing permission from the Governor, paying the amount of delinquent fees and such penalties as the Governor may fix.

SANDOW IS HAPPY

Fourth Attempt at Marriage Ends in Success.

BUNCOED SEVERAL TIMES

Helix Rancher Tried the Matrimonial Agencies, but After Bitter Lessons Finds a Friend Who Is a Friend Indeed.

PENDLETON, Or., Nov. 25.—(Special.)—Alfred Sandow, after trying three years to win a wife, today saw the realization of his long-cherished dream, though not without much worry and the useless expenditure of large sums of money. The marriage ceremony was performed at Helix this afternoon, the bride being Miss Bertha Gains, recently of Sedalia, Mo., and tonight the citizens of the little wheat town are celebrating the event in a fitting manner.

Sandow is a wealthy farmer, and also conducts a large agency in Helix. He is about 40 years old, and is considered by his friends somewhat eccentric. Three years ago he applied to a matrimonial bureau in the East for a fine young woman, and in a short time a dashing young woman landed in Helix, seeking the husband of her choice. When they met, however, the woman was not impressed with her prospective spouse, but she apparently was satisfied and consented to marry.

Sandow presented her with a fine lot of elegant clothes and a check, it is said, for \$1000. The marriage license was secured and all was ready for the wedding. At the appointed hour the bride-to-be failed to appear and upon immediate inquiry it was found that the woman had disappeared. She has not been heard from since.

Sandow was dejected for some time, but he soon forgot and forgave and was ready for another chance at matrimony. Last year he met with a similar experience but did not lose as much in this deal. During the early part of the present year another attempt was made to procure a wife through an agency, but the subject, upon acquainting herself with the harem-maker, decided that she would return to her home in the East. She left after the marriage license had been secured.

A month ago Sandow was visited by John Adams, a recent arrival from Missouri. The latter told Sandow of the winning qualities of his sister-in-law, Miss Gains and the Helix man became intensely interested. He offered Adams a fee of \$500 if he would induce Miss Gains to come to Oregon and consent to the marriage. Overtures were at once made and the young lady arrived two weeks ago. The wedding date was set for last Saturday, but owing to the fact that the bride-elect's trousseau was not ready, the marriage was postponed until today.

Captain Isaacs, postmaster of Helix, performed the ceremony in the presence of a few friends. Sandow is now the happiest man in Helix, though he has spent a small fortune in the attempt to secure a wife. The county records show that he has obtained four marriage licenses within the past three years.

PLAYING POLITICS, SAYS BUYER

Grain Commissioner Declared to Be Inincere in Combine Talk.

TACOMA, Wash., Nov. 25.—(Special.)—Local grainbuyers were said to belong to the combine are noncommittal over the opinion of the Assistant Attorney-General that the compact said to have been entered into by millers and buyers is in restraint of trade, as contemplated in the interstate commerce law prohibiting such combinations. Those who say anything at all are inclined to consider the matter as a joke.

Mrs. Depaul Expresses Sorrow at Sister-in-Law's Death, but Says It Was Necessary, and Approves Her Husband.

SAN FRANCISCO, Cal., Nov. 25.—(Special.)—Virginia Depaul, wife of the murderer who yesterday slew his sister-in-law in the presence of his family, is confined in a cell at the detention hospital. Her 14-month-old baby Annie was taken from her at midnight by Dr. Miller, who feared that the woman might become violent. She did break out at 4 o'clock this morning, screaming and praying at the top of her voice. Afterward she cried also, and that the children were screaming for they also were in the kitchen when the murder was done. She is very sorry for her sister-in-law, she says, but she expresses no sorrow for what her husband did. She still regards it as the necessary thing which had to be done.

Discouraged, Not Lovelick.

SAN FRANCISCO, Nov. 25.—(Special.)—John Hunter, a rancher from Portland, lately lodging at 25 Howard street, attempted suicide yesterday by turning on the gas in his bedroom. He was detected in his attempt before serious danger had been incurred, and was taken to the Central Emergency Hospital. There he said he had become discouraged lately because of the fear that he could not find employment, and had also grown homesick. He strenuously denied a report that he somehow gained circulation that his attempt at self-destruction was due to unrequited affection for a girl living in Chicago.

Arrested for Saloon Robbery.

PENDLETON, Or., Nov. 25.—(Special.)—George Cramer was arrested at Echo today, and was delivered to the Sheriff here this evening, charged with larceny in a Weston saloon, committed last night. Cramer is said to have stolen about \$20 in cash, and came to the city this morning, leaving on the westbound train for Echo, where he was placed under arrest by Constable Spike. Cramer had been employed as a swamper in the Weston saloon.

CONDITION IS IMPROVED

Marshall Field, Jr., May Have Good Chance for Recovery.

CHICAGO, Nov. 25.—After a prolonged conference, Dr. Vevan and Billings issued a bulletin as to the condition of Marshall Field, Jr., at 9 P. M., as follows: "Mr. Field's general condition is improved; he is suffering no pain. Temperature, 98.5; pulse, 58. Condition of the bowels improved slightly compared with last night and this morning."

Marshall Field, Jr., who left the hospital after the consultation, felt much encouraged at the turn taken. The wounded man is being given small amounts of liquid food, and upon his ability to retain and digest this depends the question as to whether or not his strength can be maintained in a degree necessary for the proper healing of the wounds in the spleen and liver and the restoration of the normal functions of the bowels. His wife remains at the hospital constantly, not having left since she followed her husband to the institution on the night of the accidental shooting.

WOODBURN, Or., Nov. 25.—(Special.)—The jury in the second trial of J. J. Klesper vs. N. Miller brought a verdict this afternoon giving plaintiff judgment for \$10. The suit was for the recovery of \$25 paid by plaintiff under duress to defendant when the latter caught Klesper trespassing and gassing on his land. The former jury disagreed.

Best Treatment for Colds.

"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune, "moderate laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet after treatment. While this treatment is simple, it requires considerable trouble, and the one adopting it must remain indoors for a day or two, or a fresh cold is almost certain to follow.
