there were signs of the completion of this process and the resumption of large operations on the long side, such as characterized the trading of the latter part of the old year. The market showed excellent absorptive power throughout and the large realizing, which was attributed to some of the heaviest operators, was accomplished without serious impairment

case of realizing and there was a perceptible failing off in the newly awakened outside in-terest, which apparently took warning from

has been during the week no small degree of apprehension that the money situation itself might work to the disadvantage of the further conduct of the speculation. When gold exports ter obscussion during the week the local moner market from domestic sources, which was going on. It was expected that this increased supply of funds would operate only to facilitate the outgo of gold to for-eign markets. The pressure upon New York from abroad was increased by the foreign political outlook and by the manifest dispo attion of foreign money centers to conserve their resources and to recuperate from the heavy strain wisten has been put upon capital augulies all over the world.

A feature of the week has been the large selling of American securities in London for New York account. Stocks thus sold in Lon-New York account. Stocks thus sold in Lon-don have come back upon the New York mar-ket and the liquidation of the loans by which they were carried has made a heavy demand for foreign exchange in New York, with ef-fect both in the stock market and the ex-change market. With the exchange rais near-ly at the gold export point, however, bankers' bills made their reappearance in the exchange market, indicating the possibility of the re-newal of maturing liabilities to foreign lenders. Meantime, the reflux of funds to New York from domestic sources has been pronounced from domestic sources has been pronounce

Bonds have moved irregularly and moderate

cent on call on the week There was enormous profit-taking through-out today's short session of the Exchange. Notwithstanding the very active demand which lifted the volume of sales for the two-hours' session to near the million mark, the market was kept in an irregular state by

vances. Missouri Pacific continued its newly awakened activity and had some effect on other members of the Gould group. The up-ward rush in Brooklyn Transit at the last was due to revived traction merger rumors. Reports of failures of brokerage bouses in Pittsburg and Cleveland had some bad effect on sentiment. MONEY POURING INTO NEW YORK FROM THE INTERIOR.

Bank Statement Is a Most Favorable One-Increases in Lonna Are Small.

and prices were lifted to the highest after the general reaction from the opening advance, but the favorable hank statement, which was hetter than the preliminary settemates, was the signal for heavy selling throughout the list to take advantage of its stimulating effect on the new demand.

The Pacifics were especially affected by the late realizing. This was ufter Union Pacific had been lifted a fraction to a new record level at 188%. At one time Annalgamated Copper and United States Steel preferred momentarily were a point above last night's level. The Hill stocks also made wide additions to their recent large advances. Missouri Pacific continued its newly tenders by about \$4,005,000. The increase in cash appears to have been due to large receipts of maney from the interior, every section contributing thereto, and also to heavy disbursements by the Sub-Treasury, incident to the period of the year. It is noteworthy that in the second week of January, 1905, the cash gain was \$15,333,303. The required reserve against deposits increased \$3,365,500, deducting which from the gain in cash left \$12,205,650 as the increase in surplus reserve to \$12,506,500; in the corresponding week hat \$12.808.650: in the corresponding week Inst year the increase in surplus was \$12.851,025. Computed on the basis of deposits less those of \$8.763.400 public funds, the surplus fast

of \$8.763.400 public funds, the surplus last week was \$14.927.750.

Prices Hardening in San Francisco Market.

PREMIUMS ON THIRTIES

cline in Wheat and Barley Options - Lighter Receipts of Potatoes Expected.

SAN FRANCISCO, Jan. 12 - (Special) The feature of the week in the dried fruit market was the naming of new prices for Growers' Company, These prices, which have already been wired in brief form, are well below former rates and are giving wall isfaction to the trade. In other lines prune are meeting with the most inquiry. Sales of that fruit are increasing and prices are hardening and are now quotable up to 4 cents, with premiums on the 30s on smaller sizes. The latter are getting scarce, Stocks

Almonds and walnuts are quiet, but firm. Continued general and copious rains caused a further decline in wheat and barley speculative prices, but some recovery octhese cereals were easy, but oats are firmer on good inquiry for seeding purposes. Jiay and feedstuffs are dull, but steady. Limabeans are easier on the rain.

The storm caused duliness in fruits and farm produce. Quotations for citrus and

other fruits are nominally unchanged. Bananagare in large supply and easy.

Receipts of potatoes are expected to be light until the weather fully clears up. Trade quiet, but prices are generally firm, Sweets re easy. Onlone are quiet and steady. Butter and eggs are slightly lower.

HOMES FOR TWO MILLIONS Great Work Already Done by Reela-

mation Service.

OIL CITY, Pa., Jan. Il.-Credit balance

WASHINGTON, Jan. 13.-In an address the National Geographical Society last night, C. J. Blanchard, of the Geological Survey, declared that 77 miles of main canals of river size have been built during the three years in which the United States Reclamation Service has been organized and that irrigation canals long enough to span the earth twice and rep-resenting an outlay of 190,000,000 had been built during the past quarter century.

"Every year," he said, "this area returns a harvest valued at more than \$150,000,000, and 2,000,000 people dwell in har-

time ago the wilderness reigned.
"The reclamation service has built 54 miles of irrigation canals and 186 miles of ditches. It has constructed and has in operation 150 miles of telephone, 125 miles "Work is now actually going on in 11" different projects. The reclamation service has laid 70,000 cubic yards of concrete;

12,600 cubic yards of riprap; 19,000 square feet of paving; 150,000 linear feet of sheet piling and has driven 10,000 feet of bearing piles. It has purchased 10,000 pounds of railroad iron, 250,000 pounds of situc-tural steel; 600,000 pounds of cast-iron. 75,000 barrels of cement and 1,750,000 feet of lumber. The sawmills operated by the reclamation service cut 2,800,000 feet of SHEEP-Good fat wheep, \$4,500,4.75; choice
